

An Informative Full-day Seminar:

Understanding and Improving your Safety Culture

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course will provide the knowledge and tools for participants to gain an understanding of the factors that affect culture and how it impacts safety performance. Management Leadership/Commitment and Employee Involvement are the most critical components of having an effective Safety and Health Management System (SHMS). This course will use data, examples, case studies, and activities to illustrate best practices and assist participants in improving their company's safety culture.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Define organizational culture and its effect on performance.
- ▶ Evaluate safety culture.
- ▶ Explore techniques to improve safety culture.
- ▶ Examine what good, positive safety culture looks like.

Facilitator

Michael Brodzik joined MIOSHA in 2005 as a Safety Officer in the General Industry Safety and Health Division. His duties and responsibilities included inspecting workplaces for compliance with State occupational safety rules; investigating employee complaints, industrial accidents, and workplace fatalities.

In 2016, Michael was appointed to the position of an Occupational Safety Consultant in MIOSHA's Consultation Education and Training Division. He advises businesses, general industry employers, workgroups, and governmental agencies and provides consultation in areas of occupational safety hazards. He develops and conducts training seminars and workshops, and conducts workplace safety and health hazard surveys.

Michael has a Master's and Bachelor's Degree in the biological sciences from Wayne State University.
