

An Informative Full-day Seminar:

Parts 6, 33, and 433 Personal Protective Equipment Standards for General Industry and Construction

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course will provide the participant an overview of MIOSHA personal protective equipment (PPE) requirements contained in MIOSHA General Industry Parts 33 and 433, as well as MIOSHA Construction Part 6. Methods for conducting and documenting hazard surveys, PPE selection and maintenance criteria, and PPE training requirements are described. Sample PPE photos and scenarios will be included and discussed in the program. Tools for PPE hazard surveys will be provided to assist students in conducting and documenting hazard surveys in the workplace.

Participants will be able to:

- ▶ Differentiate between the MIOSHA construction, general industry and occupational health standards for personal protective equipment (PPE).
- ▶ Perform and document a simple PPE hazard survey.
- ▶ Provide PPE training according to the MIOSHA Standards.
- ▶ Discuss how to select and use the appropriate PPE in the workplace.
- ▶ Analyze some hazards found in the workplace.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Chris Johnson is an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Chris currently provides consultation and training services for Southwest Michigan counties.

Before working with the State of Michigan, Chris was a Safety Chair at a MVPP STAR manufacturing facility in West Michigan. His responsibilities included incident investigation, safety training, employee engagement, and developing and working with different employee lead safety teams in order to enhance the safety culture. Chris also has previous experience in the insurance industry, working with accident and liability investigations.

Chris is a graduate of Lake Superior State University with a Bachelor of Science degree in Fire Science and is a licensed fire fighter and emergency medical technician in the State of Michigan.

Presenters: Chris Johnson, Senior Occupational Safety Consultant; and Keith Langworthy, Industrial Hygienist; MIOSHA, CET Division
