

An Informative Full-day Seminar:

Parts 42, 92, and 430 -

Hazard Communication and Right-to-Know Requirements for General Industry and Construction

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course is designed to provide the learner with an understanding of the requirements of the 2012 MIOSHA Hazard Communication Standards for Construction Safety and Health, General Industry Safety, and Occupational Health, (Parts 42, 92, and 430) as well as Right-To-Know Requirements in Act 154. This includes the new requirements related to the Globally Harmonized System of Classification and Labeling of Chemicals (GHS). Upon completion of this class, participants will be able to evaluate an existing hazard communication program and/or create and implement a hazard communication program that is compliant with the 2012 changes. The goal of the class will be to protect employees by increasing employer compliance with the requirements of this standard.

Required Class for
General Industry
Level Two
MTI Certificate

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Describe purpose and scope of Hazard Communication (Haz Com) Standard and recognize exempt employers or conditions.
- ▶ Differentiate between the requirements of the 1994 and 2012 Haz Com Standard and changes in Act 154.
- ▶ Classify chemicals using the Globally Harmonized System of Classification and Labeling of Chemicals (GHS).
- ▶ Evaluate chemical labels and SDSs.

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Jennifer Clark-Denson joined MIOSHA in September of 1998 where she spent time as a General Industry Safety Officer with responsibility for inspecting a wide variety of work operations to observe and identify potential violations of MIOSHA safety standards.

Then Jennifer served as a Senior Safety Consultant with CET (Consultation Education and Training) for twenty-five years, during which time she served on many MIOSHA work committees, authored fact sheets, championed and piloted several MTI classes and assisted in the mentoring of new MIOSHA personnel.

Currently, Jennifer serves as a CET industrial hygienist, responsible for providing occupational health services to Lenawee, Monroe, Wayne, and Washtenaw counties. She has both a bachelor's degree in Industrial and Environmental Health Management from Ferris State University, and a master's degree in Human Resource Management from Davenport University.

Jennifer Clark-Denson
Industrial Hygienist,
MIOSHA, CET Division
