

An Informative Full-day Seminar:

Parts 42, 92, and 430 -

Hazard Communication and Right-to-Know Requirements for General Industry and Construction

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course is designed to provide the learner with an understanding of the requirements of the 2012 MIOSHA Hazard Communication Standards for Construction Safety and Health, General Industry Safety, and Occupational Health, (Parts 42, 92, and 430) as well as Right-To-Know Requirements in Act 154. This includes the new requirements related to the Globally Harmonized System of Classification and Labeling of Chemicals (GHS). Upon completion of this class, participants will be able to evaluate an existing hazard communication program and/or create and implement a hazard communication program that is compliant with the 2012 changes. The goal of the class will be to protect employees by increasing employer compliance with the requirements of this standard.
