

An Informative Full-day Seminar:

# Effective Safety and Health Training

## 1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

Many MIOSHA standards require employers to provide employees with training. This course will provide suggestions and ideas for creating and conducting effective workplace health and safety training. Strategies that work best for adult learners will be discussed including the use of activities to make training both fun and effective. This class is designed for anyone responsible for developing and conducting training. The "hands-on" activities will provide an opportunity for participants to practice the skills learned.

Required Class for  
Safety and Health  
Management Systems  
Level Two  
MTI Certificate

### Agenda

*We offer a flexible program agenda to emphasize the health and safety topics you want most.*

### Participants will:

- ▶ Determine The Need For Training
- ▶ Discuss How To Design Training
- ▶ Identify Ways To Make Sure Training is Effective
- ▶ Deliver a One Minute Presentation on an Assigned Topic

***This course has been approved for both residential builders pre-licensure and continuing safety training requirements.***

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

# Facilitator

Jennifer Clark-Denson joined MIOSHA in September of 1998 where she spent time as a General Industry Safety Officer with responsibility for inspecting a wide variety of work operations to observe and identify potential violations of MIOSHA safety standards.

Then Jennifer served as a Senior Safety Consultant with CET (Consultation Education and Training) for twenty-five years, during which time she served on many MIOSHA work committees, authored fact sheets, championed and piloted several MTI classes and assisted in the mentoring of new MIOSHA personnel.

Currently, Jennifer serves as a CET industrial hygienist, responsible for providing occupational health services to Lenawee, Monroe, Wayne, and Washtenaw counties. She has both a bachelor's degree in Industrial and Environmental Health Management from Ferris State University, and a master's degree in Human Resource Management from Davenport University.
