

An Informative Full-day Seminar:

# MIOSHA Construction - Part 45 Fall Protection

## 1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

Attendees at this training will review the MIOSHA Part 45, Construction Safety Standard for Fall Protection including the latest OSHA and MIOSHA interpretations. Examination of recent fatal falls in construction and discussion of the latest fall protection techniques for construction will be covered. This class will also cover fall exposures for residential construction and MIOSHA fall protection criteria.

### Agenda

*We offer a flexible program agenda to emphasize the construction topics you want most.*

- ▶ Introduction to MIOSHA
- ▶ Part 45 Scope and Table of Contents
- ▶ Part 45 Rules
- ▶ Fall Protection Equipment

Required Class for  
Construction Level One  
MTI Certificate

***This course has been approved for both residential builders pre-licensure and continuing safety training requirements.***

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

# Facilitator

Jim Getting was appointed to MIOSHA's Consultation Education and Training (CET) division in 2007 and provides construction safety services for the Southwest counties of Michigan. Jim has over 20 years of experience as a construction safety professional. Prior to joining CET, Jim worked as Safety Director for several companies, encountering a multitude of construction safety hazards. Jim learned first-hand the challenges of training workers, developing safety plans, inspecting worksites, and developing written programs to ensure worker safety and complying with MIOSHA standards.

Jim has a Doctoral degree in Industrial and Organizational Psychology from Auburn University. His primary specialty is the managing of safety and motivation of workers through behavioral safety methods. By utilizing these straight-forward and effective techniques and his field experience, Jim provides training and consultation to assist companies in developing positive and proactive safety programs.

**Jim Getting, Ph.D., CSP**  
Senior Construction Safety Consultant  
MIOSHA, CET Division
