

An Informative Full-day Seminar:

Part 12 - Scaffolds and Scaffold Platforms

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

The focus of this course will be on the most commonly used scaffolds in the construction industry including ground supported, suspended, mobile, and rough terrain forklift scaffolds. Instructors will review the regulations in Part 12, importance of training on hazards associated with scaffolds, and resources for employers who use scaffolding.

Agenda

We offer a flexible program agenda to emphasize the construction topics you want most.

- ▶ References the different parts of Part 12 Scaffolds and Scaffold Platforms.
- ▶ Apply the MIOSHA requirements of Part 12 to the most commonly used scaffolds in construction.
- ▶ Discuss best practices from the industry.

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

Facilitator

Patrick Kochanny is a Construction Safety Consultant with the Consultation, Education, and Training Division of MIOSHA. He joined MIOSHA in 2022 and currently provides consultation and training services for counties in the Northern Lower Peninsula.

Pat has a background in excavation and crane operations in the trades from the United Steel Workers. He also worked in multiple State of Michigan Divisions and has been a Hazardous Materials Officer for numerous private companies.

Pat has a Bachelor of Science degree from Northern Michigan University. Prior to joining MIOSHA, he was a volunteer Assistant Fire Chief. Pat has a strong passion for community involvement and helping to protect the safety and health of Michigan workers.
