

MRS Student Career Services

..... Two Levels of Support

First Level: Pre-Employment Transition Services (Pre-ETS)

MRS coordinates with students to explore careers by:

- Offering services to explore employment and training opportunities
- Providing supports to students beginning at age 14 and through graduation

What are the Services?

Pre-ETS helps students explore career paths after high school through services such as:

- Job Exploration
- Work Experiences
- Training & College Exploration
- Work-Readiness Training
- Self-Advocacy Training

Second Level: Individualized Vocational Rehabilitation (VR)

MRS coordinates with students to plan for careers by:

- Offering services to eligible students on preparing to enter the workforce, exploring career options, and transitioning into employment
- Providing supports to students before graduation, anyone enrolled in 18-26 transition programming, or anyone after graduation

What are the Services?

May include any of the five pre-ETS, plus additional services as needed:

- Supports and services leading to postsecondary, job training or apprenticeship
- Connecting with the Michigan Career & Technical Institute
- Finding and keeping a job

Students who can be referred:

Students ages 14-26 with IEPs, 504 plans or other medical/mental health documentation can request Pre-ETS or VR services at any time.

Schools and local VR agencies work together to provide services.

Talk to your high school teacher, another school staff member, or reach out to MRS directly using the contact information below.
