|---|---|---|---|---|---|---|---|---|
| LEO | 716 | *Volunteer Income Tax Assistance Grants* | $1,000,000 | Community Economic Development Association of Michigan | Expanding access to free tax preparation programs is critically important to the financial stability of Michigan's low and moderate-income households. Free tax preparation services, like Volunteer Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE), are uniquely positioned to help Michigan taxpayers claim every credit they've earned. Unfortunately, most of those eligible can't access services due to low organizational capacity and geographic gaps. Through this project, CEDAM will expand the state's free tax preparation capacity by expanding existing programs, empowering new local program development, and coordinating statewide efforts. | Lansing, MI | allocated: 1,000,000<br>disbursed: 13,081.39 | McDonald Rivet |
| | 1050a | Community Enhancement Grants | $140,852,000 | | | | | |
| LEO | 1 | *"Small Talk" Program* | $1,500,000 | Small Talk Children's Advocacy Center | We provide mental health therapy services, forensic interviews, advocacy, and prevention education to the community at no cost. With 1 in 10 children being victims of abuse before their 18th birthday, it is essential that these services are accessible to all children in need. Combating child abuse is a public health crisis that requires a trauma-informed, multidisciplinary approach. We work with local law enforcement, MDHHS, prosecutors, and medical professionals to support children and families throughout the investigation and healing process. These funds will help us provide services by growing and maintain staffing and securing a permanent location, resulting in cost savings that can be reinvested into direct services in the future. | Lansing, MI | allocated: 1,500,000<br>disbursed: 37,566.80 | Hope |
| LEO | 2 | *Building 21 Teen Center* | $320,000 | Building Twentyone | Centrally located in Ingham County around a population between 112,000 and 113,000 according to the most recent federal decennial census. Building Twentyone's (B21) programs serve a wide range of individuals and students grades 6th - 12th and a variety of online or private educational options. Funds appropriated in part 1 for community enhancement grants, $320,000.00 shall support the construction of a facility that will provide safe and supportive space for students and allow B21 the space and programming variety to expand into families and children of all ages 6-65, race, and gender. This also will also provide the proper support to expand our after-school enrichment, youth driven program opportunities according to our 6 Program Pillars: Personal Development, Healthy Living, Education, Creative Arts, Community, and Life Skills. | Mason, MI | allocated: 320,000<br>disbursed: 268,369.99 | Anthony |
| LEO | 3 | *LMTS Community Center* | $500,000 | Larry Mitchell Trice Sr. Community Outreach Services | LMTS is a pantry of choice whose mission is to empower individuals and families facing food insecurity by providing access to nutritious food options and essential resources in a dignified and supportive environment. We aim to cultivate a sense of agency and choice, recognizing that each person's needs and preferences are unique. Through our Pantry of Choice, we strive to not only alleviate hunger but also promote self-sufficiency and well-being. Our pantry is more than just a place to receive food—it is a place of hope, resilience, and transformation. By addressing the root causes of food insecurity and supporting individuals on their journey towards stability and self-sufficiency, we envision a community where hunger is eradicated. We plan to feed those in Ingham County and surrounding areas by providing food weekly and through Fresh Food Friday. In addition we plan to purchase a refrigerated truck to distribute food to low income and rural areas. We want to purchase if possible a house to provide emergency shelter for those are struggling, evicted or escaping an abusive situation. We want to expand the capacity in which we serve our guest by purchasing commercial coolers and renovating our current space. In addition, we want to hire some staff to help with marketing, analytics and coordination of our programs. | Lansing, MI | allocated: 500,000<br>disbursed: 343,321.1 | Anthony |
| LEO | 4 | *First Presbyterian Church of Lansing* | $500,000 | First Presbyterian Church of Lansing | First Presbyterian Church of Lansing serves the local community and greater Lansing by providing space and services. On a continuing basis, the Church provides space for: Justice League of Greater Lansing, Greater Lansing Food Pantry/First Presbyterian Church, Northwest Initiative, and the Global Institute of Lansing. Space is also utilized by other Community partners on an as-needed basis including: yoga classes, AARP tax preparation, Lansing' Children's choir, Lansing Area Quilters, Mid-Michigan Photography Club, Lansing Symphony, MADD Camp, Open Spot Theater, piano recitals and other concerts that are open to the public. This Community Center grant will provided ADA access to the building; remodel the kitchen to facilitate an incubator; add sustainable infrastructure in the form of solar panels; and, provide update building security for all uses. | Lansing, MI | allocated: 500,000<br>disbursed: 25,213.78 | Anthony |
| LEO | 5 | *Lansing Schools Infrastructure* | $2,500,000 | Lansing School District | As part of the appropriations detailed in Section 1050a(5) for community enhancement grants, $2,500,000 has been allocated to support the development and improvement of school infrastructure in a designated school district. This grant specifically targets a district within a city with a population ranging from 112,000 to 113,000, as defined by the most recent federal decennial census.<br><br>These funds will be utilized to support critical upgrades to Everett High School 3900 Stabler, Lansing MI 48910, including, but not limited to the Track, enhancing the school's athletic infrastructure, providing students, staff, and community members with a modern, safe, and accessible facility, and facility upgrades to modernize the Everett campus. The planned improvements to the campus will not only serve the school's programs but will also create a versatile space for physical education, community events, and overall student wellness.<br><br>This investment in Everett High School is a commitment to fostering a healthier, more active school environment and supporting long-term growth in both athletic and community engagement. The enhanced facility will serve as a central hub for school and community activities, creating lasting benefits for years to come. | Lansing, MI | allocated: 2,500,000<br>disbursed: 86,448.40 | Anthony |
| LEO | 6 | *Holt Schools Feasibility Study* | $150,000 | Holt Public Schools | Summary: Holt Public Schools has been facing declining enrollment over the past 10-years. In 2003, the district served nearly 6000 students. Today, Holt Public serves 4750 students. As such, starting in the fall of 2025, the district will have one extra building and would like to conduct a feasibility study to help determine the future of the historic Hope Middle School.<br>Background: In 2018, in preparation for a potential ballot initiative, Holt Public partnered with Granger Construction to convene an Infrastructure Study. Information from the Infrastructure study coupled with declining enrollment helped guide the scope in the 2021 Bond Proposal. In short, the district determined that the improvements needed at Hope Middle School were extraordinary and may cost more than starting over. After careful consideration, the district determined that by renovating our other school buildings and reconfiguring our grade levels, the district could eliminate one building. To be fiscally responsible and prior to the potential razing of Hope Middle School, our learning community seeks to conduct a feasibility study of Hope Middle School to determine the following:<br>a. Is it feasible to selectively demolish portions of the building and save the gyms and entry-way for the Townships recreational use? In doing so, what are the costs associated with selective demolition, required changes or necessary modifications to accomplish this, what are the likely programming, and ongoing maintenance and operations costs associated with this option?<br>b. If determined that the building should not be saved, what is the opportunity for private redevelopment? Is there an option that could leverage private redevelopment that could support the desired public use or reuse? What is the potential value of the property? Could single-family homes, townhouses, or apartments be placed on the parcel? What would make the most financial sense for a future developer if the feasibility study determined the building is not worth saving?<br>c. With the community in mind, what would the cost be to construct a new gym/recreation center on the property? Could private redevelopment help sustain the construction or ongoing operational costs associated with maintaining a community use on this property?<br>Project Team:<br>Holt Public Schools, Owner<br>Moore Trosper, General Contractor<br>GMB, Architect & Engineering | Holt, MI | allocated: 150,000.00<br>disbursed: 0.00 | Anthony, Hope |

| LEO | 7 | *Potter Park Zoo* | $10,000,000 | Ingham County Potter Park Zoo | From the funds appropriated in part 1 for community enhancement grants, $10,000,000.00 shall be awarded to a zoo located in a city with a population between 112,000 and 113,000 according to the most recent federal decennial census to support infrastructure improvements. The funds for this project will be used to renovate the Feline & Primate building that was built in 1930. This renovation will include updating all infrastructure, building a new cat holding area, renovating the current cat and primate exhibits and creating accessible and engaging public viewing areas. The project will bring the current building in line with modern zoological practices meeting the standards of the Association of Zoos and Aquariums, provide guests with learning opportunities and improve animal well-being for all species housed in this space. | Lansing, MI | allocated: 10,000,000<br>disbursed: 0.00 | Anthony, Dievendorf, Hope |
| LEO | 8 | *Lansing Lugnuts Infrastructure Improvements* | $1,000,000 | Lansing Entertainment Public Facilities Authority | The purpose of this project was to ensure that Jackson Field is in full compliance with Major League Baseball facility standards. The field renovation project included an all new playing surface, upgraded drainage capabilities, enhanced irrigation, a new netting system to span from the end of the dugout to the foul poles for fan safety, and new padding around the interior of the playing surface for player safety. | Lansing, MI | Lapsing | Anthony |
| LEO | 9 | *Plaza Roosevelt Park Improvements* | $5,000,000 | City of Grand Rapids | The purpose of the program is to enhance the Plaza Roosevelt Park and the improve the trail. | Grand Rapids, MI | allocated: 5,000,000<br>disbursed: 0.00 | Fitzgerald |
| LEO | 10 | *Grand Rapids Civic Theater sidewalk reconstruction* | $527,000 | City of Grand Rapids | The City of Grand Rapids' population is 198,917 (U.S. Census Bureau, 2020 Decenniel Census). The Civic Theatre Areaway Abandonment/Sidewalk project will redevelop sidewalk adjacent to the Grand Rapids Civic Theatre, including but not limited to areaway abandonment, private utility work, sidewalk construction, snowmelt system, and/or landscaping. The City will enter into an agreement with the Civic Theatre for improvements. The work will be coordinated with a street reconstruction project managed by MDOT. | Grand Rapids, MI | allocated: 527,000<br>disbursed: 0.00 | Glanville |
| LEO | 11 | *Wyoming Veterans Park Improvements* | $500,000 | City of Wyoming | This award is for the City of Wyoming's Veterans Park that is headquartered in Kent County with a population of 659,000. The award will be used to fund professional services and hard costs related to enhancements of the veteran's park. | Wyoming, MI | allocated: 500,000<br>disbursed: 0.00 | Fitzgerald |
| LEO | 12 | *NAYA* | $500,000 | National Association of Yemeni Americans, Inc (NAVA or NAVA BHHS) | NAVA BHHS mission is to continue working to serve and empower underserved communities in Michigan, and the Vemini Arab community in particular. Our behavioral health and social services are designed to uplift all underserved communities in the areas we have established offices, with no preferences religion ethnicity or culture. NAVA BHHS's one stop shop focuses on new arrival immigrants to enable them to adjust to the new environment in Michigan and the United States. | Dearborn MI | allocated: 500,000<br>disbursed: 222,241.86 | Brinks |
| LEO | 13 | *GRABB* | $500,000 | Grand Rapids Area Black Businesses | The public purpose of this project is to foster economic equity and business development in historically underinvested neighborhoods in Grand Rapids, aligning with the grant's objective under PA 121 of 2024. District 2012 will serve as a cornerstone for entrepreneurship and innovation, specifically targeting disadvantaged and minority entrepreneurs. By offering over 4,000 square feet of incubation space, affordable coworking, and access to educational and mentoring resources, the initiative will directly support economic growth and job creation in Southtown, an area within a federally designated Opportunity Zone.<br>The project's focus on creating wealth and sustainable business districts within predominantly SEDI neighborhoods ensures alignment with the grant's goal to support economic mobility. Its unique approach integrates community stakeholders to promote capital investment and inclusive development, directly addressing systemic barriers while generating long-term economic benefits for local residents and businesses. | Grand Rapids, MI | allocated: 500,000<br>disbursed: 0.00 | Brinks |
| LEO | 14 | *Downtown Boxing Gym (Detroit)* | $2,000,000 | Downtown Boxing Gym | These funds will support Downtown Boxing Gym's provision of free out-of-school time programming and support to program alumni, students, and families, including the expansion of Downtown Boxing Gym's Detroit campus. | Detroit, MI | allocated: 2,000,000<br>disbursed: 1,859,182.23 | Chang |
| LEO | 15 | *Hazel Park Library Infrastructure* | $200,000 | City of Hazel Park | The Michigan Elevator Division adopted codebook A17 in the spring of 2024, which requires every Michigan elevator to have four (4) new safety devices. As the Hazel Park District Library's elevator is original to the building, circa 1969, it is too old to retrofit the new safety equipment. The library operates on a small budget and cannot afford to replace the elevator. We must have an elevator to remain in compliance with the Americans with Disabilities Act. | Hazel Park, MI | allocated: 200,000<br>disbursed: 0.00 | Chang, McFall |
| LEO | 16 | *Berston Fieldhouse Infrastructure* | $3,000,000 | Friends of Berston | Berston has a rich and historical legacy of being a unique place for individual and community enrichment through education, athletics, the arts, and community service. This project will allow Friends of Berston to continue cultivating this legacy through a renovation and expansion of Berston Fieldhouse that will transform it into a state-of-the-art recreational facility that will offer amenities such as new basketball courts, sports fields, an elevated track, boxing gym, dance studios, a bike room, locker rooms, an art and music room, and dedicated office, meeting and events spaces. There will also be new outdoor basketball and pickleball courts, a softball diamond, and a football, soccer, and lacrosse fields; in addition to an amphitheater, splashpad and children's playground. | Flint, MI | allocated; 3,000,000<br>disbursed; 3,000,000 | Cherry |
| LEO | 17 | *Sylvester Broome EV* | $250,000 | SBEV | In the heart of Flint, Michigan, our mission at Sylvester Broome Empowerment Village (SBEV) is to cultivate the seeds of leadership within the youth of our community in order to build a just and equitable city. Since 2015, SBEV has been dedicated to empowering the next generation of leaders. At SBEV, our programming focuses on three key areas: academics, arts, and athletics. Through these paths we look to support the work being done during the school day to ensure our youth achieve academically, but also provide activities and resources that are currently unavailable or under funded within the school system. We provide programming in an underserved community during critical hours of the day when youth are out of school, but parents and caregivers are still working. Our programming takes place 38 weeks per year, with additional programming taking place for events and camps. With youth engaged in programming 4 days a week, we work to ensure they are not only working on their academic goals, but also strengthening their socioemotional skills, relationships with their peers, and finding positive outlets for their energy and passion. We have found through surveying and pre and post testing, that students that regularly attend SBEV, increase their academic performance, better manage their behavioral conduct, and have an overall better feeling of their self worth and self confidence. With additional support, we can ensure our students continue to work towards being thriving youth that turn into thriving adults in our community. | Flint, MI | allocated; 250,000<br>disbursed; 0.00 | Cherry |
| LEO | 18 | *Communities First (Marian Hall)* | $1,500,000 | Communities First Inc. | This development would add a total of 133 new units of quality housing to Downtown Flint, with the vast majority being affordable units reserved for those making less than 80% of our Area Median Income, with many units set aside for those making less than 30% of the Area Median Income. Also, the development will add new commercial space for Flint entrepreneurs, affordable housing for local residents, and greatly increase foot traffic and the downtown population, benefiting adjacent businesses throughout its development footprint. | Flint, MI | allocated; 1,500,000<br>disbursed; 0.00 | Cherry |
| LEO | 19 | *St. Luke Community Center* | $3,000,000 | St. Luke N.E.W. Life Center | For over 20 years, The St. Luke N.E.W. Life Center has been providing pathways out of generational poverty for residents of the North Flint area. Situated in the most densely populated part of the city, the organization directly serves its neighbors through basic needs support and an employment preparation program. In the past year alone, the program has helped 56 individuals secure employment both within the organization and in the wider community. To continue supporting the community, the center recognized the need to expand to an additional location and to repair and stabilize its current facility. Funding received from the State of Michigan will ensure that the center's infrastructure remains viable for at least another 50 years. The planned improvements will create a safe and secure environment where residents and participants can focus on building their education and self-esteem, ultimately providing a pathway out of generational poverty for themselves and their families. | Flint, MI | allocated; 3,000,000<br>disbursed; 370,270.00 | Cherry |
| LEO | 20 | *Taylor Historical Society* | $100,000 | Taylor Historical Society | The preservation project for the log cabin is to provide further cultural and economic enrichment to Taylor, and downriver as a whole. | Taylor, MI | allocated; 100,000<br>disbursed; 0.00 | Geiss |

| Agency | Boilerplate Section | Grant Title | Amount Allocated/Appropriated | Grant Recipient | Project Purpose | Location | Amount Disbursed as of 8/31/2025 | Sponsor |
|---|---|---|---|---|---|---|---|---|
| LEO | 21 | *City of Ecorse Park Improvements* | $200,000 | City of Ecorse | The purpose of the project is to purchase new playground equipment for park/playground improvements at Dingell Park. The playground equipment will service the residents of the City of Ecorse and others visiting the riverside park. | Ecorse, MI | allocated; 200,000<br>disbursed; 200,000 | Geiss |
| LEO | 22 | *City of Algonac Community Infrastructure Improvements* | $1,000,000 | CITY OF ALGONAC | Renovations to the existing community outdoor swimming pool. The original 178,000-gallon pool, built in 1957, has served as a community icon for 65 years but was closed during COVID due to the need for extensive renovations. This was the only outdoor pool in southern St. Clair County. The pool serves not only Algonac residents, but also residents from Clay Township, Ira Township and Marine City. The Bridge to Bay Bicycle Trail also makes the pool accessible to Algonac State Park visitors. | Algonac, MI | allocated; 1,000,000<br>disbursed; 1,000,000.00 | Hertel |
| LEO | 23 | *Mount Clemens Downtown Redevelopment* | $2,500,000 | City of Mount Clemens | The project will allow the purchase and demolition of a condemned hotel that was a source of blight, drugs, and crime for many years. In its place a new 120-unit market rate apartment structure will be constructed within walking distance of the city of Mount Clemens Downtown District. This project will eliminate a long-time burden to the community, provide safe affordable housing, and help boost the economic stability of the historic downtown area. | Mount Clemens, MI | allocated: 5,000,000.00<br>disbursed: 0.00 | Hertel |
| LEO | 24 | *Ecumenical Senior Center* | $1,000,000 | Ecumenical Senior Center | The Ecumenical Senior Center will construct a new facility to improve and enhance the programs and services provided to low income seniors living in Kalamazoo Michigan. The new building will be built on our existing location at 702 N. Burdick Street and the current building will be demolished. The new facility will increase our program space by more than 3 times and will consist of two stories (8,000 sq. ft), for a total of 16,000 Sq, Ft. The facility will include large open spaces that can accommodate up to 200 people for a sit down meal as well as being able to close off the larger area with moveable walls to accommodate smaller groups and activities. The site will have a full commercial kitchen, elevator, accessible restrooms, offices, fitness/wellness center and community offices. | Kalamazoo, MI | allocated: 1,000,000<br>disbursed: 105,745 | McCann, Rogers |
| LEO | 25 | *Eastside Soup Kitchen (Saginaw)* | $1,000,000 | East Side Soup Kitchen | The Hunger Solution Center has been the home for Hidden Harvest & the East Side Soup Kitchen for the past twenty years, enabling both organizations to work together in fulfilling their missions to reduce food insecurity in the Great Lakes Bay Region. Your support is for an $8.8 million expansion project that will position these organizations to meet current volume demands safely & efficiently, while providing opportunities to grow. The project doubles the square footage, improves traffic flows for trucks & take-out meals, triples capacity for refrigeration & freezer storage, provides a loading dock for semi-trucks & doubles the meal preparation area including new kitchen equipment. With your financial support, we will continue to address food insecurity & be a source of hope & help for many years to come. | Saginaw, MI | allocated: 1,000,000<br>disbursed: 0.00 | McDonald Rivet, O'Neal |
| | 1050b | Community Enhancement Grants (cont.) | | | | | | |
| LEO | 1 | *Northfield township park development* | $2,000,000 | Northfield Township | Northfield Township's shoreline park is a community asset that has potential to enhance the environmental, social, and economic vitality of the project site, the Township, and surrounding communities. The vision for the project is to respond to the existing wetlands on-site, formulating a plan that restores the shoreline to a more natural state that provides ecological niches while also allowing for human interaction with the water. Additional active and passive spaces are also being developed, including a boardwalk and fishing pier, a universally accessible kayak launch site, seating and open lawn space for recreation, movie-viewing, and other use opportunities. The kayak launch will be removable, allowing for access to the lake during winter months for ice-fishing. Providing an official crosswalk with a rapid flashing beacon will enhance safety. | Whitmore Lake, MI | allocated: 2,000,000<br>disbursed: 12,935 | Shink |
| LEO | 2 | *MI Minority Supplier Developer* | $2,000,000 | Michigan Minority Supplier Development Corporation | Michigan Minority Supplier Development Council (MMSDC) is seeking financial support in the FY 2024- 2025 budget to help underwrite small business growth programming. The public purpose of this grant request is to help MMSDC with the resources necessary to provide technical assistance, business advocacy, training, and other programming to small business run by women and entrepreneurs of color. These investments will help these businesses compete in the marketplace and grow strategically. Furthermore, this grant promotes the added benefits of job creation, workforce training and development, growth of the local tax base and strategic investments to bolster local economies.<br>As a non-profit committed to facilitating economic growth, MMSDC has a proven track record of serving businesses owned by Socially and Economically Disadvantaged Individuals (SEDI) with financial literacy, transitional growth strategies, and workforce development resources. Through access to capital, as well as strategic connections that create access to contracts, MMSDC enables SEDI- and minority-owned businesses to grow their operations, hire more employees, and create wealth in their respective communities. MMSDC's services also enable corporations to employ innovative, efficient and effective small businesses in Michigan to fill their current and future supply chain needs. | Detroit, MI | allocated: 2,000,000<br>disbursed: 405,885.04 | Anthony |
| LEO | 3 | *Detroit Rescue Mission* | $1,500,000 | Detroit Rescue Mission Ministries | Sec. 1050b-(3) "From the funds appropriated in part 1 for community enhancement grants, $1 ,500,000.00 shall be awarded to a nonprofit organization located in a city with a population greater than 600,000 according to the most recent federal decennial census to support transportation services during severe weather events and nontraditional hours."<br><br>DRMM will purchase (2) 15-passenger mobile van units to transport potential clients to our 24-hour Intake Center. Outreach staff will be trained and deployed to various locations to provide basic intake and stabilization services for homeless individuals and others needing SUD treatment or mental health support. These services will be available on a 24-hour, 365 day basis to Detroit residents. | Detroit, MI | allocated; 1,500,000<br>disbursed; 0.00 | T. Carter |
| LEO | 4 | *100k ideas* | $1,500,000 | Ferris Wheel Innovation Center dba 100K Ideas | 100K Ideas operates a microbusiness resource center designed to support Flint and Genesee County businesses as they scale their operations. In addition to being a co-working space, the project also includes a consignment style retail shop for vendors in need of a physical location to sell their products. This project will be expanding to include support for additional microbusiness resource providers in the area, increasing the access to services that are vital to a scaling business' success. | Flint, MI | allocated; 1,500,000<br>disbursed; 1,213,299.62 | McKinney, Cavanagh |
| LEO | 5 | *MSU Apple App Development Academy* | $1,000,000 | | The purpose of the program is to provide hands-on learning experience based around the basics of coding, design, and professional skills using the Apple ecosystem of tools. | East Lansing, MI | allocated; 1,000,000<br>disbursed; 0.00 | *Camilleri* |

| LEO | 10 | *Family Learning Institute* | $150,000 | The Family Learning Institute | This funding will support the early literacy pilot program's approach to individualized literacy education to help struggling readers. The pilot will expand free tutoring to students between 2nd and 5th grade in Washtenaw County. The tutoring programs includes individualized lesson plans for each student based on testing. | Ann Arbor, MI | allocated; 150,000<br>disbursed; 0.00 | Irwin |
| LEO | 11 | *Inkster Community Center* | $900,000 | City of Inkster | The $900,000 allocated to the City of Inkster will be used to repair the roof at Booker T. Dozier Community Center. Once the state allocated award agreement is received, the City will explore the bidding process to acquire a contractor to complete the new roof installation. | Inkster, MI | allocated: 900,000<br>disbursed: 0.00 | Polehanki |
| LEO | 12 | *Canton Township Municipal Building* | $1,000,000 | Canton Township | The public purpose of this project is the improvement of the Sheldon School Building. Section 1050b (12) From the funds appropriated in part 1 for community enhancement grants, $1,000,000.00 shall be awarded to a charter township with a population between 98,000 and 99,000 in a county with a population greater than 1,700,000 according to the most recent federal decennial census to support municipal building improvements. Canton Township's population from the 2020 census is 98,659. Canton Township is located in Wayne County. According to the 2020 Census, the population of Wayne County is 1,793,561. | Canton, MI | allocated: 1,000,000<br>disbursed: 0.00 | Polehanki |
| LEO | 13 | *City of Jackson Downtown Development Project* | 4,500,000 | City of Jackson | Provides the City of Jackson with the ability to work with partnering public and private agencies to develop the site of the Hayes Hotel and improve economic development and housing in Jackson. | Jackson, MI | allocated: 4,500,000<br>disbursed: 0 | Shink |
| LEO | 14 | *Residents in Action non-profit* | $1,000,000 | Residents in Action, Inc | Backbone infrastructure for Residents in Action, Inc, to meet objectives of our mission, vision , values to also include funding for the acquisition, renovations, use, and development of a resident led community center and funding for projects, programs, events, activities, supports and services to assist the neighborhood and community residents, and to service the under served and those who have historically experienced inequity (i.e. those living in poverty, minorities, homeless, disconnected youth, seniors, etc.). For example, we provide basic needs and personal items, support moms, babies and families with baby formula, diapers, etc, offer extracurricular activities to bring the community together, like gardening, canning, beekeeping, we shelter and feed the homeless, assist with navigation to connect people to local social help agencies and resources, we promote education and awareness about different important topics in the community, we provide spaces to elevate community voice, bridge gaps between residents and the professional community, we support entrepreneurial efforts and as residents we brainstorm ideas, plan and then execute the strategies we develop to address emerging issues in the community, etc. We partner and collaborate whenever we can with individuals, grass-root groups, businesses, non-profits, organizations and agencies. | Jackson, MI | allocated: 1,000,000<br>disbursed; 129,933.24 | Shink |
| LEO | 15 | *Durand Union Station, Inc* | $1,000,000 | Durand Union Station | To provide for pedestrian access to historic Durand Union Station from the downtown business district. | Durand, MI | allocated: 1,000,000<br>disbursed; 0.00 | Singh |
| LEO | 16 | *City of Warren Park and Recreation Improvements* | $1,000,000 | City of Warren Parks and Recreation | The public purpose of the grant is support park and recreational facility improvements. The specific uses of the allocation are for improvements at the following Warren City parks - Jaycee Park 11371 Timken - Altermatt Park, 4811 Toepfer- Rentz Park, 12000 Herbert Avenue and Veterans Memorial Park, 27400 Campbell Rd.<br>Improvements at Jaycee, Altermatt and Rentz include the replacement of aging facilities with ADA compliant play structures, walking paths, benches, landscaping and other enhancements. At Veterans Memorial Park it is planned to add to ongoing improvements funded by a 2023 state grant, including construction of basketball court facilities. | Warren, MI | allocated: 1,000,000<br>disbursed; 0.00 | Wojno, McKinney, Shannon |
| LEO | 17 | *Arts & Scraps* | $150,000 | Arts & Scraps | This funding will be utilized to create a free "third space" for families to gather and utilize creative reuse materials. The community building and social emotional needs being met are the true goals. Studies show that students who experience such spaces also succeed academically.<br>These funds will also complete necessary renovations and supply staffing, supplies and space for families. We want our space to be welcoming for all and feel like a warm, educational space for children.<br>Last, these funds will supply creative STEM classes in 6 public spaces across the region (including but not limited to libraries, community centers and partner organizations). Students will receive STEM education through creativity and design, utilizing our recycled materials. Our outcomes for students are improved problem solving, critical thinking, communication and team building skills. | Detroit, MI | allocated; 150,000<br>disbursed; 42,437.69 | Paiz, Wojno |
| LEO | 19 | *GABA* | $1,000,000 | The Global African Business Association | The GABA Marketplace Center is a new warehouse/distribution and trade hub facility located in Detroit, Michigan. The company is owned and operated by the Global African Business Association. The warehouse will specialize in storing products for various international products for businesses located within a 350-mile radius of Detroit, Michigan. We aim to be the most dependable warehouse chain in the local area that can be trusted to store and secure any kind of product. | Romulus, MI | allocated; 1,000,000<br>disbursed; 284,139.39 | Geiss |
| LEO | 20 | *West Michigan Teacher Collaborative* | $2,000,000 | West Michigan Teacher Collaborative- Kent ISD | The West Michigan Teacher Collaborative is an initiative led by Kent, Muskegon, and Ottawa ISDs, the local districts within them, and in partnership with Grand Valley State University to recruit and train the next generation of excellent teachers for West Michigan. This funding will allow us to continue to recruit candidates without a bachelors degree and allow them a no cost pathway into the teaching profession. We aim to lower the bureaucratic and financial barriers that prevent individuals from entering the profession, while simultaneously raising expectations for high quality educator preparation. | Grand Rapids, MI | allocated; 2,000,000<br>disbursed; 0.00 | Brinks |
| LEO | 21 | *Anchor Bay School (Early Childhood Center)* | $750,000 | Anchor Bay School District | To provide additional funding to support the renovation and construction of an early childhood learning center for Anchor Bay School District and the community it serves. | Casco, MI | allocated; 750,000<br>disbursed; 287,785.42 | Hertel |
| LEO | 22 | *Grand Rapids Public Museum* | $1,000,000 | Grand Rapids Public Museum | The Community Archives and Research Center (CARC) is a three-story. 109,163 square foot secure, climate-controlled facility used for collections storage by the Grand Rapids Public Museum (GRPM), the Grand Rapids City Clerk, and the Kent County Clerk. The project will complete two levels of unfinished space within the Museum's portion of the CARC facility. It will create a two-story main entrance to the CARC with a reception area, kitchen, meeting space, artifact labs, and restrooms on two levels, all with easy access to adjacent collections storage (for a total of 5,182 square feet of new community space). The project will benefit K-12 schools, postsecondary students, teachers, colleges, and researchers. The space will be available for training, teaching, research, meetings, and events. | Grand Rapids, MI | allocated; 1,000,000<br>disbursed; 0.00 | Grant, Brinks |
| LEO | 23 | *Muskegon Public Access Point* | $1,000,000 | City of Muskegon | These funds will support a new public recreation access site on a peninsula in Muskegon Lake. This access point will allow residents and visitors to fish, walk, bike and enjoy other recreational activities along the shoreline of Muskegon Lake off W. Western Ave. in the city of Muskegon.<br>Sec. 1050b (23) From the funds appropriated in part 1 for community enhancement grants, $1,000,000.00 shall be awarded to a city with a population greater than 38,000 in a county with a population between 175,000 and 176,000 according to the most recent federal decennial census to support a public access point, recreational area. | Muskegon, MI | allocated: 1,000,000<br>disbursed: 1,000,000 | Bumstead |
| LEO | 24 | *Indoor Sports Facility (Shelby Township)* | $2,500,000 | Shelby Township | The enclosed community and sports facility will allow Oceana County residents and residents outside of our County to enjoy sports or public activities inside, out of the elements, especially during the winter months or during inclimate weather days. The facility will be fully accessable for all abilities and exceeds ADA guidelines. | Shelby, MI | allocated: 2,500,000<br>disbursed: 2,273,545.16 | Bumstead |

| LEO | 1 | *Mackinac Island Land Acquisition* | $3,200,000 | Mackinac Island State Park Commission | The 16-acre parcel, known as the "Miller Property," is located on Stonecliffe Road and is contiguous to Mackinac Island State Park property. This undeveloped parcel includes a mix of mature hardwood and conifer trees with majestic views of the Straits of Mackinac and frontage adjacent to the shore road. In addition, it will provide direct public access to Sunset Rock, a significant geological feature in the park. Access is currently via an unmarked easement through private property. The improved trail through the Miller Property would allow for a fully accessible, marked, and interpreted nature trail. The viewing platform at Sunset Rock will also be upgraded and made accessible. Additional interpretive displays will be added here.<br>Sec. 1050c. (1) From the funds appropriated in part 1 for community enhancement grants, $3,200,000.00 shall be awarded to the Mackinac Island state park commission to support the purchase of a 16-acre parcel. | Mackinac Island, MI | allocated: 3,200,000<br>disbursed: 3,200,000 | Bumstead |
| LEO | 2 | *West Michigan Sport Complex* | $3,000,000 | West Michigan Sports Commission | The project goal is to elevate West Michigan as a sports tourism destination and generate an annual economic impact of nearly $2 million from direct visitor spending annually. This project will make the region more equitable and inclusive when it comes to sports and recreation. | Rockford, MI | allocated: 3,000,000<br>disbursed: 3,000,000 | Huizenga |
| LEO | 3 | *Van Andel Institute* | $1,000,000 | Van Andel Research Institute | Building on the example of the Cancer Prevention and Research Institute of Texas (CPRIT), Van Andel Research Institute (VARI) has implemented a strategic program to attract exceptional, world-class scientists to West Michigan in emerging areas of high-priority science. This approach is consistent with our goal of continuing to create critical scientific mass by bolstering our established areas of strength and moving strategically into related disciplines that have the potential to significantly impact human health. The cornerstone of this initiative is spurring innovation in the areas of cancer epigenetics, neurodegenerative disease, metabolism/nutrition, and structural biology research that supports translation to the clinic.<br>SYNOPSIS<br>Consistent with VARI's Strategic Plan, we continue to build an exceptional scientific team and attract world-class talent and operations to West Michigan. These efforts were strongly supported by catalytic funding from the State of Michigan, internal support from VARI, and federal peer-reviewed research grants. In order to bolster priority programs and interdisciplinary collaborative research, VARI proposes leveraging recently appropriated (FY2025) State of Michigan funding to fulfill one critical, specific aim directly related to the primary growth initiative in the Strategic Plan.<br>AIM 1: Continually improve our science-centered culture as an attractor for top talent<br>VARI's Strategic Plan centers on growing our reputation as an Institute. This goal will directly result from our research success. We believe the time is right to further build our individual lab and programmatic achievements to support our goal of enhancing the global reputation of our Institute overall. We want to be known as an organization that uniquely supports our researchers to perform exceptional research that leads to next-generation discoveries.<br>The strategic plan will achieve success through an acute focus on our strategic goal, recruitment and retention of excellent faculty and staff, dedication of resources and leveraging of our differentiators. In parallel with our basic research, VARI's clinical collaborations in cancer and Parkinson's disease utilize a translational approach to move promising therapies from the lab to the clinic.<br>The aforementioned research will continue to grow Michigan's knowledge-based economy and continue to attract out-of-state research investments, intellectual collaborations, and world-class investigators and staff, while also making significant strides in scientific research aimed at providing life-changing results for patients.<br>SCIENTIFIC FACILITY IMPROVEMENTS<br>FY2025 funds will support the acquisition and installation of a Focused Ion Beam Scanning Electron Microscope (FIB-SEM). The FIB-SEM is a state-of-the-art electron microscope system that provides streamlined and enhanced preparation of samples for cryo-tomography. The FIB-SEM will enable our scientists to prepare brain tissue samples to see fibers related to diseases like Parkinson's and Alzheimer's at atomic detail, aiding in the development of better treatments and see the internal "skeleton" inside neurons that supports and maintains the connections of the brain. BUDGET Funding will support Scientific Facility Improvements:<br>Direct costs: $1,000,0001:1 match through internal and external sources of funding<br>As also described above, funds will be used for costs associated with the acquisition, installation and infrastructure improvements of/related to the FIB-SEM.<br>JOB CREATION<br>Funding from the State supports innovative research in Michigan aimed at impacting human health. The investigators making use of enhanced scientific facilities will apply for peer- | Grand Rapids, MI | allocated: 1,000,000<br>disbursed: 0.00 | Huizenga |
| LEO | 4 | *Hillsdale Hospital* | $3,500,000 | Hillsdale Community Health Center DBA Hillsdale Hospital | The purpose of this project grant funding is to provide for rural healthcare sustainability through the acquisition and upgrade of healthcare technology, updates to healthcare facilities physical infrastructure, improvement in patient and staff safety through medical grade equipment acquisition and AI fall prevention technology, expanding patient care areas for delivering medical services for patient infusion treatments, and outpatient primary and specialty care treatment location expansion and construction for better coordinated patient care access. | Hillsdale, MI | allocated; 3,500,000<br>disbursed; 880,290.09 | Bellino Jr |
| LEO | 5 | *Rochester Community House* | $2,000,000 | City of Rochester | The Rochester Community House project aligns with the objectives of PA 121 of 2024, which supports local initiatives to enhance public spaces, infrastructure, and services. The expansion will create an inclusive space for education, social, and recreational activities, addressing community needs exacerbated by the pandemic. The project also improves public health and safety through modernized infrastructure and strengthens community engagement through cultural and recreational programs, benefiting a wide range of residents. | Rochester, MI | allocated; 2,000,000<br>disbursed; 8,996.80 | Webber |
| LEO | 6 | *Jimmy John's Field (Utica)* | $1,500,000 | GS Entertainment LLC | The purpose of the project is to conduct capital and security improvements to the minor league baseball stadium located at 7171 Auburn Road, Utica Michigan 48317 that will help to maintain the facility as a major community asset site for affordable family entertainment as well as local youth and high school baseball, graduation ceremonies, use as a site for non-profit fundraisers such as charity walks and 5k races, etc. in Macomb County, with the improvements to include: Construction Improvements: construction and installation of a sustainable synthetic turf athletic field surface; Equipment Improvements: addition of new security equipment including metal detectors, an upgraded security camera system, and an upgraded access control system to access the facility. | Utica, MI | allocated; 1,500,000<br>disbursed; 146,588.28 | Webber |
| LEO | 7 | *Troy Fire Ladder Truck* | $1,900,000 | City of Troy, Michigan | The City of Troy is focused on ensuring our Public Safety employees are properly equipped to best serve our residents. Funding will be used to purchase a fire ladder truck which will allow for the department to respond to emergencies in a more prepared and timely manner. | Troy, MI | allocated: 1,900,000<br>disbursed: 1,893,684.30 | Webber |

|---|---|---|---|---|---|---|---|---|
| LEO | 10 | *The New Foster Care* | $1,900,000 | The New Foster Care | The purpose of the project is to provide wraparound supports including the development of housing to change the trajectory of the lives of youth in and aging out of foster care, expanding TNFC s Bridge program, and supporting the kinship connection pilot. This project directly tracks the language and purpose of the language authorizing the grant in PA 121 2024 which states in pertinent part that this funding is to: "expand a dynamic direct service program for youth with experience in foster care, known as The Bridge, and kinship connections pilot. | Bloomfield Hills, MI | allocated; 1,900,000<br>disbursed; 0.00 | Webber |
| LEO | 11 | *Gogebic Labor and Delivery Hospital - Ironwood* | $1,200,000 | Aspirus Ironwood Hospital and Clinics, Inc. | The purpose of this funding is to help subsidize the costs of providing temporary physician, registered nurses and training costs while a model for the access to prenatal, birthing, and postpartum services is developed for residents in the Western Upper Peninsula. | Ironwood, MI | Lapsing | McBroom |
| LEO | 12 | *Fish Pass* | $1,000,000 | Great Lakes Fishery Commission | The purpose of FishPass is to replace the deteriorating Union Street Dam in Traverse City, MI with an enhanced dam structure and surrounding infrastructure that maintains a barrier to invasive species, allows for selective passage of desired fish species, improves hydraulic conveyance, and facilitates globally significant research. The project, is the capstone of a 20+ year effort to remove and or modify four dams on the Boardman / Ottaway River, the largest dam removal/modification project in the state. FishPass is the last remaining component of this effort and is a critical element of the overall goals to conserve and restore native species while maintaining barriers to invasive species. The funds complement the $29 M already acquired. FishPass will be a world-class technology and research center and lessons learned will help create selective fish passage at new sites, advancing regional, national, and global priorities. Locally, the project supports community values and will re-connect the Boardman / Ottaway River to Lake Michigan and re-establish hydrological and ecological connectivity without allowing passage of undesirable and invasive species like sea lamprey. | Ann Arbor, MI | allocated; 1,000,000<br>disbursed; 1,000,000 | Coffia, Damoose |
| LEO | 13 | *Sault Ste. Marie Tribe of Chippewa Indians Emergency Shelter* | $750,000 | Sault Ste. Marie Tribe of Chippewa Indians | The Sault Ste. Marie Tribe of Chippewa Indians seeks to continue to offer Shelter Services to the Tribal Membership utilizing the Lodge of Hope. In addition to funding staff wages/fringe, facility upgrades, equipment, supplies and support services for shelter guests, this funding also allows The Sault Tribe to explore other funding opportunities to maintain critical housing services to our community.<br>The Sault Ste. Marie Tribe of Chippewa Indians plans to continue operations for the Lodge of Hope Homeless Shelter. Since opening the shelter has been at capacity and has maintained a wait-list.<br>Most shelter services are only available seasonally, which does not address the year-round need for shelter and assistance to navigate the re-housing system. | Sault Ste. Marie, MI | allocated: 750,000<br>disbursed: 264,933.86 | DaMoose |
| LEO | 14 | *Sault Ste. Marie I-500 Snowmobile Track* | $250,000 | Sault Convention & Visitors Bureau | Infrastructure project of the I-500 project to allow the property to be use able year around. | Sault Ste. Marie, MI | allocated: 250,000<br>disbursed: 47,088.96 | Damoose |
| LEO | 15 | *Election Centers* | | | | | | |
| LEO | 15a | *Lansing* | $1,000,000 | City of Lansing -- City Clerk's Office | To purchase and/or build a facility that supports the administration of elections in the City of Lansing, including but not limited to, the storage of election equipment, spaces for tabulation or processing of ballots, and training of election workers. | Lansing, MI | allocated: 1,000,000.00<br>disbursed: 692,782 | Hope, Dievendorf, Sen. Singh, Chairs |
| LEO | 15b | *Grand Rapids* | $1,000,000 | City of Grand Rapids | The City of Grand Rapids has a population of 196,587 according to the 2023 ACS 1-Year Estimate. The City is constructing a $92 million facility to house city operations at 1500 Scribner Avenue NW, including the administration of election activities. These activities include but are not limited to secure storage and operation of election equipment, storage of ballots and processing of absentee ballots, and election inspector training. The funds will contribute to construction costs (such as demolition, renovation, and/or new construction associated with the project and related infrastructure. | Grand Rapids, MI | allocated: 1,000,000.00<br>disbursed: 1,000,000.00 | Brinks |
| LEO | 15c | *Ann Arbor* | $1,000,000 | City of Ann Arbor | The funding will be utilized to ensure a secure and open election process in the City of Ann Arbor by funding the build out of the City's newly acquired election center. Legislation enacted in 2018 dramatically expanded access to voting requiring expansion of services increasing the logistical complexity of the operation requiring upgrades to the process and space used to conduct election activities. | Ann Arbor, MI | allocated: 1,000,000.00<br>disbursed: 121,943.16 | Morgan, Conlin, Rheingans, Brabec, Irwin, Shink |
| LEO | 15d | *East Lansing* | $1,000,000 | City of East Lansing | Ensure adequate funding for election administration, including, but not limited to: election equipment, staffing, security, transportation, voter outreach and education, and identify and establish a permanent vote center. | East Lansing, MI | allocated: 1,000,000.00<br>disbursed: 218,674.84 | Brixie, Tsernoglou, Singh |
| LEO | 16 | *Jim Crow Museum* | $4,000,000 | Ferris State University | The purpose of the project is to construct a new Center that will be home to the Jim Crow Museum. The more than 30,000 square foot Center will allow the Museum to house, preserve, and share its expanding Collection. The Museum will create more accessible, engaging, and robust experiences for students, educators, researchers, and the public. The facility will include climate-controlled artifact storage, a new approximately 8,000 square foot exhibition gallery, and classrooms and laboratories. The new Center is designed specifically to expand the organization's capacity to serve a broader and more diverse audience. This project will ultimately establish a hub for education, research, dialogue, and healing around the topics of race and racism.<br>The new Jim Crow Museum Center will be constructed at Ferris State University's main campus in Big Rapids, Michigan which is the seat of Mecosta County. Mecosta County has a population of 39,714 according to the 2020 Decennial Census, which is consistent with Article 9, Sec.1050c (16) of PA 121 of 2024, which states, "From the funds appropriated in part 1 for community enhancement grants, $4,000,000.00 shall be awarded to a public university in a city with a population between 7,000 and 8,000 in a county with a population between 39,000 and 40,000 according to the most recent federal decennial census for museum construction and expansion." | Big Rapids, MI | allocated: 4,000,000<br>disbursed: 0.00 | Tate |
| LEO | 17 | *Hospitality Industry Training Program* | $2,000,000 | Hospitality Training Institute of Michigan | Sec. 1050c.(17) From the funds appropriated in part 1 for community enhancement grants, $2,000,000.00 shall be awarded to a proprietary school located in a city with a population between 111,000 and 114,000 according to the most recent federal decennial census, with a mission to provide individuals with quality training to advance the individuals' skills sets, grow operational knowledge, and expand attributes necessary for advanced careers in the hospitality industry to alleviate the effects of the COVID-19 pandemic on the industry and the reduced amount of training available during the pandemic.<br>The Hospitality Training Institute of Michigan is a licensed proprietary school with the mission to provide individuals with quality training to advance their skill sets, grow operational knowledge, and expand the attributes necessary for advanced careers in the hospitality industry. The HTIM will use the $2 million in state appropriates to continue the restoration of a viable workforce for Michigan's hospitality industry by providing education and training opportunities and marketing the long-term career opportunities within the hospitality industry. | Lansing, MI | allocated: 2,000,000<br>disbursed: 423,500<br>advance | Snyder |

|---|---|---|---|---|---|---|---|---|
| LEO | 18 | *MSU Child Development Lab* | $2,000,000 | Michigan State University | Michigan State University's Child Development Laboratory is a function within the College of Social Science/Department of Human Development and Family Studies. The CDL is open to the public, offering full-day preschool programs for children ages birth to kindergarten. The CDL mission includes:<br>• Outstanding service to children and their families (community outreach).<br>• Exemplary setting for training undergraduate and graduate students in early childhood education best practices (university teaching).<br>• Research laboratory for MSU faculty and students (research).<br>• Networking and outreach to other early childhood professionals (professional outreach).<br>The CDL currently has sites in East Lansing and Haslett. Funding was sought to start a CDL in Lansing, Michigan to respond to demand for quality care for children ages birth to kindergarten. The Lansing site would help children most at risk within the community and provide capacity to educate additional teachers, in response to the state-wide teacher shortage. The Lansing site will create opportunities for community outreach and engagement, support local economic development, and increase MSU presence in the City of Lansing. | East Lansing, MI | allocated: 2,000,000<br>disbursed: 0.00 | Witwer, Morse |
| LEO | 19 | *Sherwood Pool Renovations - Saginaw* | $1,900,000 | Saginaw Township Community Schools | The Sherwood Pool, located at Sherwood Elementary School, has been closed since February of 2022, due to structural problems and a defunct dehumidification unit that has aged out of available parts. To prevent further damage from condensation within the structure, the pool was closed.<br>The Sherwood Pool has been used by the community for daytime Aquatics Exercise for older adults, evening Exercise Boot Camp for adults, Swim School for children being taught how to swim, and Lifeguard Training. Every year, hundreds of participants use the pool and it provides quality-of-life for many adults and swim lessons for our children. This grant will be used to make the necessary repairs so the pool can re-open. | Saginaw, MI | allocated; 1,900,000<br>disbursed; 0.00 | O'Neal, McDonald-Rivet |
| LEO | 20 | *St. Mark's Community Outreach Center* | $1,500,000 | St. Mark's Episcopal Church | St. Mark's Episcopal Church is a vibrant and welcoming community that has played a significant role in serving Grand Rapids for 189 years. They created the first hospital in Grand Rapids which is now Butterworth Hospital. They also founded the first college for women. Currently, the church offers a variety of programs and services that benefit people of all ages and backgrounds, including educational programs for children and adults, community outreach initiatives, and ministries that promote social justice and equality. The church serves as a gathering place for people from diverse backgrounds and perspectives, fostering a sense of community and promoting understanding and empathy. With programs such as the long-standing Saturday Breakfast Café, which serves breakfast to as many as 200 of the church's neighbors every Saturday of the year. The rate of people who live homeless in downtown Grand Rapids is still 40% higher than pre-Covid. The downtown college students who are food insecure also attend for a weekly luncheon and fellowship opportunity. St. Mark's serves as a hub for community service and support, providing resources and assistance to those in need.<br>The church was constructed in 1848, making it the oldest public building in Grand Rapids. It is a beautiful and historic 19th century building whose constraints hinder a 21st century congregation from fulfilling its mission. The first challenge is capacity – there simply is not enough space to serve the growing needs of the neighborhood. The second challenge is inclusivity. This building was not designed with modern accessibility features; it lacks an elevator, and there are stairs at every entrance. A third challenge relates to health and safety. Given the size and scope of the community outreach programming, membership and visitors, the church needs more bathrooms, including gender-neutral and ADA-compliant facilities. This project is a $5.8 million expansion project of non-sanctuary space will create a truly accessible Community Center and allow the church to increase its outreach ministries and building use. This strategic location downtown is important for the community to utilize. The two-story expansion will provide significant benefits to the community. On the main floor, the changes will:<br>· Add 40% more space to the main meeting room. This will accommodate all Breakfast Café attendees in one seating and also make the room more useable for other service opportunities (such as pop-up medical clinics, clothing distribution, etc.).<br>· Expand serving capacity. The existing kitchen will be reconfigured and outfitted as a modern commercial kitchen to serve the expanded Breakfast Café and other events.<br>· Address accessibility concerns. A covered exterior entrance will provide barrier-free access from the north parking lot, and a ramp on the west side will offer seamless entry into the sanctuary. A new elevator will make all three floors accessible, while new bathrooms will provide ADA-compliant and gender-neutral options.<br>· Equip St. Mark's to be a venue space. The additional square footage will create a standalone venue space for 125-150 people. This will be one of the few downtown churches open for all adult weddings. Weddings and other venue rentals will contribute revenue to the church to sustain its ministries. Not only will this Center provide needed services, but will allow those services to grow and expand with community needs. | Grand Rapids, MI | allocated; 1,500,000<br>disbursed; 139,805.40 | Glanville |
| LEO | 21 | *Zekelman Holocaust Center* | $1,500,000 | Holocaust Memorial Center | The purpose of the project is to maintain maintain a museum that educates Michigan citizens and others about the Holocaust and its lessons for contemporary society, such as the need to stand up to hatred and intolerance. This will help reduce attitudes of antisemitism and racism in the State of Michigan. | Farmington Hills, MI | allocated: 1,500,000<br>disbursed: 1,070,441.00 | Steckloff |
| LEO | 22 | *Marquette Regional History Center mortgage payoff* | $1,000,000 | Marquette Regional History Center/ Marquette County Historical Society | The purpose of receiving these funds is to help pay off the current mortgage on the building at 145 W. Spring Street, Marquette. | Marquette, MI | allocated: 1,000,000<br>disbursed: 1,000,000 | Hill |
| LEO | 23 | *Detroit Blight Busters neighborhood block grants* | $1,000,000 | Detroit Blight Busters | The grant funds are being used to support blight elimination , to include the boarding up of vacant and abandoned homes and other dangerous structures, along with the elimination of illegal dumping. These activities are the foundation of stabilizing a neighborhood. Funds will also be used on supporting community Arts programs using Public Art as a method of community revitalization. Also, funds will be used throughout the community for the revitalization of housing which creates hope and community in a neighborhood. | Detroit, MI | allocated: 1,000,000<br>disbursed: | Whitsett, Young, Pohutsky, Cavanagh |
| LEO | 24 | *Flint Blight Elimination* | $1,000,000 | City of Flint | This grant will be used to purchase equipment and supplies for the removal of structural and non structural blight in the City of Flint. | Flint, MI | allocated: 1,000,000<br>disbursed: 0.00 | Neeley |
| LEO | 25 | *Beyond Basics* | $1,000,000 | Beyond Basics | Beyond Basics will provide literacy tutoring services and enrichment programs to Michigan districts or intermediate districts or both districts and intermediate districts as well as students transitioning into their first year of college and existing college students struggling with literacy.<br>Beyond Basics is a student-centered 501(c)(3) organization founded in 1999. The organization collaborates with Michigan school districts and colleges to deliver intensive, phonics-based, multi-sensory, holistic literacy programs utilizing evidence-based methods from the science of reading. Trained tutors from Beyond Basics provide personalized, one-on-one tutoring services both in-person and online. By helping students develop proficient reading skills, we ensure they can access educational opportunities throughout the year. All participants in the Beyond Basics literacy intervention program undergo an initial assessment to create a customized reading plan. Progress is then tracked using assessment tools to measure vocabulary, reading comprehension, and overall growth in reading proficiency.<br>Literacy is key to equity; it empowers students to create a brighter future and become active, independent members of our community. | Farmington Hills, MI | allocated: 1,000,000<br>disbursed: 930,969.94 | Snyder |
| | 1050(d) | Community Enhancement Grants (cont.) | | | | | | |
| LEO | 1 | *Fisher Building* | $1,000,000 | Albert Kahn Legacy Foundation | The $1 mm grant will be utilized to complete Phase 1 of the facade and entry restoration at the Fisher Building, a National Historic Landmark and crown jewel of Detroit's art and architecture. By making this investment, it will preserve the historic Fisher Arcade as a public space and improve tourism, drawing visitors from around the state, country, and world. It will further support the retail businesses and entrepreneurial space by improving access and visibility at the building. Finally, it will assist in approving public tours, displays and programming that fulfills the building's original vision as an inclusive and welcoming destination in Detroit. | Detroit, MI | allocated: 1,000,000<br>disbursed: 0.00 | McFall |

| LEO | 2 | *College Career & Beyond* | $1,000,000 | College, Career & Beyond | College Career & Beyond helps the Detroit area's most driven students overcome barriers and develop the skills they need to achieve success in education, work, and life. | Detroit, MI | allocated: 1,000,000<br>disbursed: 1,000,000 | Tate |
| LEO | 3 | *7 Mile House Detroit* | $1,000,000 | Blandford Nature Center | The new Blandford Farm Classroom would significantly increase the year-round reach of our farm education programs benefiting Michigan school districts with quality field trip experiences and providing expanded farm-based classes and activities for local children and adults through our community programs and summer camp. As a year-round, heated and air-conditioned facility, we would be able to serve children twelve months a year, as opposed to our current 6-month season. Further, the new structure would add much needed safety measures as a shelter for extreme weather and climate events, including storms and air-quality alert days. Blandford Nature Center currently serves over 10,000 Michigan students on field trips each year, some of which participate in farm-based field trips, yet our capacity is limited due to the lack of facilities. | Grand Rapids, MI | allocated; 1,000,000<br>disbursed; 0.00 | Wojno, McKinney |
| LEO | 4 | *WDET Detroit Public Radio* | $1,000,000 | | | | Lapsing | *No legislative packet received.* |
| LEO | 5 | *WISE (Women's Innovative Social Enterprise Partnership)* | $1,000,000 | Women's Innovative Social Enterprise Partnership dba W.I.S.E. Partnership | The public purpose of the WISE Community Hub project aligns directly with the language authorizing grants in PA 121 of 2024, which prioritizes investments in community-driven initiatives that faster economic development, education, and social impact, particularly for marginalizved and underserved populations. The project is designed to be a multi-faceted community resource space that provides essential resources, and services, programming and entrepreneurial support for families, seniors, youth and returned citizens in Detroit. The Hub will foster entrepreneurial and workforce development by providing training, mentorship, networking opportunities to start and grow social enterprises. It contributes to job creation and local economic revitalization, educational programs, social and community well-being, cultural art and inclusive space. | Detroit, MI | allocated: 1,000,000<br>disbursed: 686,206.01 | Scott |
| LEO | 6 | *St. Vincent and Sarah Fischer Center in Detroit* | $700,000 | St. Vincent and Sarah Fisher Center | St. Vincent and Sarah Fisher Center (SVSF) is seeking support to implement Project REACH, a trauma-focused initiative designed to support at-risk children (grades 1-6) in their educational programs. In collaboration with The Children's Center, the project aims to provide mental health services to children facing trauma related to poverty, family dynamics, and housing instability. By addressing emotional and psychological barriers, the initiative seeks to improve the children's academic performance and well-being. SVSF will offer trauma support within familiar environments to reduce stigma, benefiting around 40 families annually and creating a lasting impact on the community. | Detroit, MI | allocated: 700,000<br>disbursed: 228,190.93 | Edwards, Wojno |
| LEO | 7 | *PartnerShift Network Workforce Success Initiative (WSI)* | $600,000 | Saginaw Business and Education Partnership DBA PartnerShift Network | The grant will play a crucial role in sustaining and expanding the PartnerShifts Community Workforce Success Initiative (CWSI), which aims to enhance employer retention by tackling barriers to successful employment. Our program will involve coordinated activities among business partners and key employers in the region, as well as the implementation of a barrier removal program. This includes our Community Cupboard initiative to combat food insecurity for working individuals, along with personalized success coaching from our dedicated team of Community Health Workers. Additionally, the CWSI program offers financial assistance to help individuals navigate stressful, employment-threatening crises, ensuring a more stable workforce for our community. | Saginaw, MI | allocated; 600,000<br>disbursed; 297,253.91 | O'Neal, McDonald-Rivet |
| LEO | 8 | *Berrien County Workforce Innovation Center* | $500,000 | Lake Michigan College | The Berrien Talent Collaborative is a partnership between Berrien RESA, Lake Michigan College, the Southwest Regional Chamber and the Greater Niles Chamber of Commerce. The group represents an employer-led initiative for high school students that merges the area's education and job development resources to create a sustained pool of skilled workers through apprenticeship, pre apprenticeship, and youth apprenticeship. This collaboration will streamline and encourage Berrien County's high school students to be more aware of their local career possibilities, with hands-on real job experience, and enter into formal apprenticeship employment with the local businesses and organizations so needing to build their talent supply chain. | Benton Harbor, MI | allocated; 500,000<br>disbursed; 45,881.98 | Andrews |
| LEO | 9 | *Blandford Nature Center* | $500,000 | Blandford Nature Center | The new Blandford Farm Classroom would significantly increase the year-round reach of our farm education programs benefiting Michigan school districts with quality field trip experiences and providing expanded farm-based classes and activities for local children and adults through our community programs and summer camp. As a year-round, heated and air-conditioned facility, we would be able to serve children twelve months a year, as opposed to our current 6-month season. Further, the new structure would add much needed safety measures as a shelter for extreme weather and climate events, including storms and air-quality alert days. Blandford Nature Center currently serves over 10,000 Michigan students on field trips each year, some of which participate in farm-based field trips, yet our capacity is limited due to the lack of facilities. | Grand Rapids, MI | allocated; 500,000<br>disbursed; 0.00 | Glanville |
| LEO | 10 | *Chaldean American Social Service Advocates* | $500,000 | Chaldean American Social Service Advocates | Chaldean American Social Service Advocates services seniors and eligible individuals with language barrier apply for % eligible & qualifying Federal government programs such as Social Security & Medicare % state assistance programs such as Medicaid & food assistance. | LEO | 13 | *Great Lakes Center for the Arts* | $500,000 | Great Lakes Center for the Arts | The public purpose of the project is to provide operational support for Great Lakes Center for the Arts (GLCFA), a nonprofit state-of-the-art performing arts venue in Northern Michigan. GLCFA's mission is to inspire, entertain, educate, and serve all in Northern Michigan year-round by presenting exceptional experiences across the full spectrum of the performing arts, and offering impactful education opportunities. | Bay Harbor, MI | allocated: 500,000<br>disbursed: 500,000 | Damoose |
| LEO | 15 | *Voces Latinx Community Hall* | $300,000 | Voces | The purpose of this project is to support economic development and entrepreneurial opportunity in Southwest Michigan by establishing a business kitchen within the Voces Community Center. The project aligns with the goals of Public Act 121 of 2024 by fostering small business growth, creating new jobs, and promoting self-sufficiency within underrepresented communities, particularly among the Hispanic and Latino populations served by Voces. This commercial/business kitchen will serve as a critical resource, providing local food entrepreneurs, many of whom face financial and logistical barriers to traditional commercial kitchen access, with a fully equipped and affordable space to prepare, package, and distribute food products. By reducing these barriers, the kitchen will facilitate entrepreneurship. | Battle Creek, MI | allocated: 300,000<br>disbursed: 15,050 | Haadsma |
| LEO | 16 | *Faith Foundation Resources in Flint* | $300,000 | Faith Foundation Resources | Succinct Description of Program<br>The HYPE Program provides professional career and educational training skills to youth and young adults ages 16 to 24. These activities empower youth with the tools to become productive, responsible, self-determined members of society. The program's professional development team teaches HYPE courses over eight weeks. Courses focus on job readiness, learning the fundamentals of interpersonal skills, and financial literacy training, with a significant credit counseling component. Participants meet for 3 to 4 hours each week.<br>The HYPE Program has been successfully helping youth and young adults since 2011. Components that make this program unique and strong include:<br>• Wrap-around program that including tracking participants for an entire year.<br>• Students are placed into jobs that provide year-round employment instead of seasonal work. The staff provide ongoing follow-up to ensure employment remains a positive fit for the participant and the employer partner. | Flint, MI | allocated: 300,000<br>disbursed: 299,576.17 | Neeley |
| LEO | 17 | *Women and Men Working for Change* | $250,000 | Women and Men Working For Change | Women and Men Working For Change is a 501C3 agency who mission is to Instill hope in all individuals by empowering, enriching, and equipping them with the necessary tools needed to promote positive change in our community.<br>The purpose of this project is to provide educational programming, financial resources, as well as empowering programs that promote and support Domestic Violence efforts in the south east portion of Washtenaw County. | Ypsilanti, MI | allocated: 250,000<br>disbursed: 34,940.15 | Wilson Jr |

| LEO | 20 | *Mosaic Career Pathways Institute* | $150,000 | Mosaic Christian Community Development Association | The purpose of this project is to provide soft and technical skill job training for residents in Berrien County who are unemployed or underemployed. | Benton Harbor, MI | allocated: 150,000<br>disbursed: 148,547.02 | Andrews |
| LEO | 21 | *Caring Connection - Benton Harbor* | $100,000 | The Avenue Family Network, Inc DBA Caring Connection | The Empowerment Center, located in Benton Harbor, provides support and services for anyone experiencing intimate partner domestic violence, sexual assault or sex trafficking. The shelter is a 23-bed center for survivors and their dependents. The Empowerment Center Team offers community outreach, counseling, legal and family advocacy, group therapy and emotional support to anyone in the community needing help. | Benton Harbor, MI | allocated; 100,000<br>disbursed; 69,334.52 | Andrews |
| LEO | 22 | *LA SED Detroit* | $100,000 | Latin Americans for Social and Economic Development, Inc. | This project would allow for operational support and the expansion of LA SED's current senior services in Southwest Detroit to reach senior citizens beyond Southwest Detroit and include more Wayne County residents. The need for senior citizens, caregivers and disabled adults to have accessibility to a Community Wellness Center in the Southwest Detroit area where participants can receive quality bi- lingual/bi-cultural, social/referral services, nourishment, transportation, exercise and evidence-based wellness programs to maintain their independent lifestyle and prevent chronic illnesses and isolation. | Detroit, MI | allocated; 100,000<br>disbursed; 0.00 | T. Carter |
| LEO | 23 | *Malcolm X House historic renovation in Inkster* | $80,000 | Project We Hope Dream and Believe | To Rehab a State of Michigan Historical home. | Inkster, MI | allocated: 80,000<br>disbursed: 75,599.00 | Wegela |
| LEO | 24 | *Royal Oak Twp recreation activates for youths and seniors* | $50,000 | Royal Oak Township Parks and Recreation | Public Purpose of the Project: The project aims to address critical community needs by providing accessible, inclusive, and transformative programs and infrastructure improvements that directly benefit residents, particularly youth and underserved populations. These efforts are consistent with the goals of PA 121 of 2024, which prioritize fostering economic growth, improving quality of life, and building sustainable and equitable communities.<br>Key Objectives:<br>Promote Academic and Career Readiness:<br>Expand before and after-school programs to include tutoring, STEM education, financial literacy, leadership training, and college readiness initiatives.<br>Empower students with 21st-century skills essential for success in higher education and the workforce.<br>Provide mentorship opportunities to foster confidence, resilience, and academic achievement. Enhance Recreational and Cultural Opportunities and sports | Royal Oak, MI | allocated: 50,000<br>disbursed: 6,500 | Weiss, McMorrow |
| LEO | 25 | *New Level Sports Youth Village Early Childhood Development Center* | $50,000 | New Level Sports Ministries | The appropriated funds will provide capital for a permanent childcare project to New Level Sports Ministries, whose mission is to maximize and balance the intellectual, spiritual, mental and physical elements of all pa1ticipating youth and student athletes in Battle Creek Michigan. The appropriated funds will help New Level Sports Ministries operate a new facility to house educational enrichment and early learning programs, personal growth, and health and wellness services, which are greatly needed by families in the Washington Heights neighborhood. | Battle Creek, MI | allocated: 50,000<br>disbursed: 50,000 | Haadsma |
| LEO | 26 | *Kingdom Builders Worldwide Facility Improvements* | $50,000 | Greater Kingdom International | Public Purpose of the Project<br>The $50,000 grant awarded to Greater Kingdom International under PA 121 of 2024 will upgrade and enhance the building's elevator and fire suppression system, ensuring compliance with state and local safety codes. These upgrades are critical to the building's function as a multi-purpose community hub, serving seniors, youth, and vulnerable populations in Calhoun County, Battle Creek.<br>1. Improving Accessibility: The elevator upgrade will ensure that all visitors, including seniors and people with disabilities, can fully access the facility. This is vital to support Greater Kingdom International's ongoing programming, which includes senior wellness activities, youth engagement, and other community services.<br>2. Enhancing Safety: The installation and enhancement of the fire suppression system are essential for public safety. This ensures that the facility meets stringent safety standards, safeguarding the well-being of staff, volunteers, and the public who utilize the space daily for services ranging from childcare to food distribution.<br>3. Code Compliance: These upgrades are necessary to bring the building up to current state and local code requirements. Ensuring the facility meets these standards is critical for the continuity of services and programs and for future growth, which will further support economic development and public health initiatives in the community. By addressing these essential upgrades, Greater Kingdom International is fulfilling the public purpose of providing a safe, accessible, and compliant facility that meets the diverse needs of the Battle Creek community. | Battle Creek, MI | allocated: 50,000<br>disbursed: 50,000 | Haadsma |
| LEO | 27 | *Washington Heights United Methodist Church & Community, Apprenticeship Program* | $50,000 | Washington Heights United Methodist Church and Community | The Washington Heights Community Revitalization Apprenticeship Program serves a pivotal public purpose that aligns seamlessly with the objectives set forth in PA 121 of 2024. This legislation emphasizes community development, increasing job opportunities, and fostering economic stability among underrepresented demographics—values that are at the core of this initiative.<br>The program is not merely an educational offering; it is structured with intent to drive systemic change within the Washington Heights community. By equipping residents with practical, in-demand job skills, we are actively addressing the socioeconomic disparities that affect this neighborhood. With a focus on high-demand fields such as skilled trades, technology, and service industries, the Apprenticeship Program ensures that participants engage in training that is both relevant and marketable. This alignment with current labor market needs underscores the program's strategic vision of empowering individuals to enhance their employability and earning potential, which in turn contributes to economic development in the entire community.<br>Moreover, the program includes comprehensive financial literacy training. This aspect is crucial as it ensures that participants not only gain job skills but also learn how to manage their finances effectively, fostering long-term economic resilience. The holistic approach of combining vocational training with financial education means that benefits will be multi pronged, creating a ripple effect of knowledge and stability within families and the wider community. | Battle Creek, MI | allocated: 50,000<br>disbursed: 50,000 | Haadsma |
| LEO | 28 | *Pinkney Youth Community Development Center* | $40,000 | Pinckney Community Youth Development Initiative | The HUB Teen & Youth Center run by Pinckney Community Youth Development Initiative Foundation (AKA PCYDI) has been working to improve the services it provides to our youth but have been limited by space and budget. This grant will allow them to take on the following major items as well as a few more things not listed due to space.<br>1) Greatly improve the free tutoring we have provided (from a single day to possibly 3 days a week),<br>2) Purchase the needed technology to allow virtual tutoring as well as computer/display to allow group tutoring sessions<br>3) Allow students educational, team building, and fun trips to different locations (especially those with low income)<br>4) Allow purchase of needed storage/desks to make the best use of our space for different needs<br>5) Improve our volunteer training so they are even more able to assist with the needs of students while they are here. | Pinckney, MI | allocated: 40,000<br>disbursed: 0.00 | Conlin |
| LEO | 29 | *Krause Memorial Library Expansion* | $1,000,000 | City of Rockford | The Krause Memorial Library has the highest circulation per square foot and the highest circulation of Wi-Fi hotspots of any KDL branch. The expansion of the Krause Memorial Library will more than double the space of the current facility providing significantly more space for materials and literacy-based activities. It will also provide space for adult and senior programming. The expansion will resolve current accessibility issues and include barrier-free restrooms. | Rockford, MI | allocated: 1,000,000<br>disbursed: 157,018.26 | Huizenga |

|---|---|---|---|---|---|---|---|---|
| LEO | 30 | *Gladstone Senior Center* | $500,000 | Gladstone Senior Citizens Non-Profit Corporation | The Gladstone Senior Citizen Center is located in the City of Gladstone in Delta County in the Upper Peninsula of Michigan. According to the US decennial census 2020 population count, the City of Gladstone has a population of 5,257 and Delta County has a population of 36,903.<br>The Gladstone Senior Center is housed in an aging building that desperately needs rehabilitation, accessibility updates, and energy efficiency improvements for our community's safety and continued access to essential services. The building was built in 1974 and has not been updated, except for the kitchen, which sees a lot of use by the Meals on Wheels program. The roof is original and badly needs replacing. It is known to leak during heavy rains and snowmelt. We would like to replace it with an energy efficient, long-lasting metal roof. The windows are also all original and need replacing. We would replace these five windows with insulated energy-efficient windowpanes and new frames. Our entrance needs new doors and some repairs to our vestibule to make it truly barrier free along with a security system. Our heating, cooling and ventilation system only works intermittently making it difficult to provide consistent programing. In recent years, events had to be canceled due to weather and the building not being able to keep up with the heating or cooling needed. Large events are especially limited by our poor restroom facilities as they are not up to code or accessible to people with mobility limitations that may require the use of mobility equipment.<br>The main goal of this rehabilitation project is to ensure the security and longevity of our building, to make this community center accessible to all who need its services, and to provide and expand those services in a comfortable and safe environment conducive to public well-being and health. With these fixes, the Senior Center can continue to be a community anchor, providing essential services to seniors and their support networks. | Gladstone, MI | allocated: 500,000<br>disbursed: 295,000 | Prestin |
| LEO | 31 | *Stephenson Area Public Schools* | $400,000 | Stephenson Area Public Schools | The public purpose of the Stephenson Area Public Schools track resurfacing project is to enhance community resources by updating a 20-year-old track that serves both the school and the broader community. This project aligns with the intent of PA 121 of 2024, section 1050d (31), by directly improving a key recreational and athletic facility in a small, rural district. The resurfaced track will support not only school athletics and physical education programs but also community events, fitness activities, and public health initiatives. | Stephenson, MI | allocated: 400,000<br>disbursed: 0.00 | Prestin |

| LEO | 1 | *Motown Museum* | $5,000,000 | MOTOWN HISTORICAL MUSEUM INC. | Motown Museum and Hitsville NEXT provide access to a creative community ouUet in the heart of Detroit s inner-city neighborhoods. By providing free immersive experiences and programs to youth and adults, the Museum fills a critical need In the local arts community bridging expertise, access and opportunity for aspiring artists and entrepreneurs in a safe space, all while building talent, confidence, imagination and performance experience. This dynamic programming ultimately helps reestablish a vibrant and sustainable music culture for Michigan and Detroit. Volte Independent Study: $172.2M over 15 years I 280 Construction Jobs I 30 FTE Employed I $63.5 non-Museum Incremental spending I $22M Museum store revenue. | Detroit, MI | allocated: 5,000,000<br>disbursed: 0.00 | McFall |
| LEO | 2 | *Lakeshore Museum* | $2,000,000 | Muskegon County Museum dba Lakeshore Museum Center | The public purpose is to restore the multi-site museum center, located in the City of Muskegon, with a rich history, strong sense of community that has evolved, survived, and has shown extreme resilience during its history. The museum tells the story of the founding of the county by its indigenous population through the lumber era to becoming the center of the defense industry during WWII and then the center of automobile parts manufacturing to now becoming a vibrant tourist center.<br>The Lakeshore Museum Center (LMC), houses natural and cultural history exhibits. It is comprised of multiple sites and buildings including the Muskegon Museum of History & Science, the Hackley & Hume Historic Site, the Fire Barn Museum, the Scolnik House of the Depression Era, the Muskegon Heritage Museum of Business & Industry, the Muskegon County Archive & Collection, and a Museum Store. The crown jewel of the LMC is the Hackley and Hume Historic Site, which consists of three Victorian era structures: The Charles Hackley home, the Thomas Hume home and the “city barn” which sits between the two homes. Restored to its 1890s appearance, the structures are unique examples of Victorian architecture and late nineteenth century interior decorative arts.<br>The State grant will be used to replace the Hume House and City Barn roofs, which are comprised of cedar shakes, to prevent further leaking and damage to the interiors of the structures. In addition, the grant will assist the LMC in reconstructing several ornate porches that have been rotting and can no longer be repaired, and if funds allow we will repair the chimneys that sit atop both houses and restore windows. Restoring, caring for and maintaining these historical structures in their original Victorian splendor is both challenging and costly. LMC identifies and uses artisans who can craft and replicate the architecturally significant designs of the structures using the same materials that were used at the time they were constructed and as designated in the National Historic Registry.<br>The mission of the Lakeshore Museum Center is to tell the story of Muskegon County by collecting, preserving, and interpreting the history of its people and natural environment. With preservation central to our mission and the homes of Charles Hackley and Thomas Hume being integral to our community's history, this project directly relates to our mission. | Muskegon, MI | allocated: 2,000,000<br>disbursed: 700,704.28 | Snyder |

| LEO | 1006 | Community Development - Danika Community Development Inc | $100,000 | Danika Community Development Inc. | DCDI's core project purpose is to strengthen our communities by creating programming that fills the educational, nutritional, mental and emotional gaps for all residents. | Brownstown TWP, MI | allocated: 100,000<br>disbursed: 18,907.03 | Cavanagh |
| LEO | 1010 | Developing kids | $1,000,000 | Developing KIDS | Developing Kingdoms In Different Stages dba Developing KIDS is renovating a 23,000 vacant square foot building in northwest Detroit. This location will accommodate over 1,000 youth and their families to be served annually through afterschool, summer and community programs. All programs are provided at no cost to participants. Program activities for youth include afterschool program, summer camp, workforce development and leadership development. Family and community activities include workshops, food distribution, workforce development, access to a technology lab and civic engagement. The facility will also serve as a hub for community meetings and engagement activities. | Southfeild, MI | allocated: 1,000,000<br>disbursed: 1,000,000 | Pohutsky, Cavanagh, Young, Santana |
| LEO | 1012 | Focus: HOPE | $1,000,000 | Focus: Hope | The Grantee will utilize Fiscal Year 2025 (FY25) Michigan Legislature Appropriation funding to support education and workforce development programming, early childhood education, youth development, food assistance or community empowerment and advocacy programs. | Detroit, MI | allocated: 1,000,000<br>disbursed; 0.00 | *N/A - named in boilerplate* |
| LEO | 1013 | Forest products workforce training | $750,000 | Michigan Forest Products Council | Funding is to support education, workforce development, and training for the forest products industry. Logger productivity and sustainability applications, logger simulators for job training and educational impact, curriculum development, and creative campaign to grow the shrinking workforce that manages our state's forest lands. Funding will support the development and implementation of the Forest Industry Training (FIT) Program. | Lansing, MI | allocated; 750,000<br>disbursed; 0.00 | Snyder |
| LEO | 1014 | Kirsten's Touch | $100,000 | Kirsten's Touch, Inc. | Providing services to youths aging out of Foster Care including but not limited to Education, Behavioral health, Legal, Workforce development and Life skills. Many of these services will accompany permanent support of housing opportunities. | Detroit, MI | allocated; 100,000<br>disbursed; 0.00 | Cavanagh |
| LEO | 1015 | Health and healing center | $1,500,000 | Jonathan and Dawn Wilson Clark Health and Healing Center | The Brightmoor Community in northwest Detroit has been documented to be suffering from acute levels of trauma. This trauma contributes to increased costs of schooling due to added chronic absence, cost of public safety, public health expense, obesity with it’s associated health risks and costs, and mental health crises among many others. To address this crisis and its adverse consequences to youth, adult, and community health the Jonathon and Dawn Wilson Clark Health and Healing Center is being developed as a place were trauma reducing services can be delivered such as early childhood services engaging best practices on mitigating childhood trauma will be provide and taught to families. In addition other community service partners focused on building income and other strengthening capacities will be housed. | Detroit, MI | allocated; 1,500,000<br>disbursed; 0.00 | Cavanagh, Young |

|---|---|---|---|---|---|---|---|---|
| LEO | 1 | *Eaton Rapids Hospital infrastructure modernization* | $5,000,000 | Eaton Rapids Medical Center | The hospital is currently licensed for 20 beds with only 10 rooms for inpatient and surgical patients. These rooms were built back in 1972 and are not up to today's standards. They are too small for a single room, making it difficult to room two patients. It is a challenge for ERMC to accept more than 15 to 16 patients at times due to safety concerns. The hospital is unable to put two patients in a room if one is a surgical patient and the other is an infectious patient, nor can the hospital room male and female patients in the same room. This was a major issue throughout covid. We will use these funds to help build a new inpatient wing to the hospital. This will enable us to be ready for the next health crisis. | Eaton Rapids, MI | allocated; 5,000,000<br>disbursed; 0.00 | Anthony, Witwer |
| LEO | 2 | *Michigan Medicine* | $5,000,000 | Sparrow Health System (aka UM Health Sparrow) | This project was requested to help advance and improve life saving emergency response for the Lansing region and throughout the state. The funding will help to provide mechanical updates to the University of Michigan's Survival Flight air ambulance helicopters, add and enhance ambulatory ground service at the University of Michigan Eaton EMS, and fund additional paramedic training through a partnership of University of Michigan Sparrow and Lansing Community College. | Lansing, MI | allocated; 5,000,000<br>disbursed; 0.00 | Anthony, Witwer |
| LEO | 3 | *Cristo Rey (Lansing)* | $1,000,000 | Catholic Charities IEC - Cristo Rey Campus | THE CHALLENGE:<br>• On average, every one provider in the Greater Lansing Area sees 960 patients annually.<br>• The providers at Cristo Rey Family Health Center on average have 70 or more patients on their panel than what is considered ideal.<br>• The CRCC health center receives approximately 6 new patient requests every day. The wait is currently 2.5 months for a new patient to see a provider. Only two of our providers are able to see new patients.<br>• Physician shortages disproportionately impact people in lower-income neighborhoods, inconvenient or unreliable transportation can interfere with consistent access to health care, and the inability to take time off of work are all common barriers to healthcare for low-income individuals.<br>• Our provider's schedules are so full that we have to send an average of 4 patients per day to an urgent care or ER which is far more costly to the community and not the best care for the patient.<br>THE SOLUTION:<br>• Expansion of our current health center would allow us to better serve our community. However, a significant barrier to expansion of our health center is the building it is housed in.<br>• Architectural reconfiguration is necessary to create a space where the health center can expand and grow.<br>• With additional funding, Cristo Rey Family Health Center would expand its services to a second health center location at our St. Vincent Campus.<br>• The expansion would allow for more patient rooms, providers, and assure accessibility for a growing population of those in need of healthcare services in the Greater Lansing area.<br>THE ASK:<br>$1 million in one-time funding to add 6 patient rooms by expanding the existing Cristo Rey Family Health Center to a second location at our St. Vincent Campus and equip and furnish both locations. | Lansing, MI | allocated; 1,000,000<br>disbursed; 0.00 | Singh |
| LEO | 4 | *Pine Rest (Pediatric Center)* | $12,500,000 | Pine Rest Christian Mental Health Services | The purpose of this project is to support the construction and infrastructure required to build the 136,000 square foot Pediatric Center of Behavioral Health at Pine Rest Christian Mental Health Services, with specific focus on the Pediatric Psychiatric Urgent Care Center. Funds will be used for construction materials and labor, furniture/fixtures/equipment (FFE), technology, and other capital items. | Grand Rapids, MI | allocated; 12,500,000<br>disbursed;<br>11,992,330.12 | Brinks |
| LEO | 5 | *Cherry Health* | $1,650,000 | Cherry Health | The public purpose of this project is to expand on-the-job training and registered apprenticeship programs torapidly grow the workforce needed to meet healthcare needs in Michigan's low-income and medically<br>undeserved communities. The project, called the Health Center Career Training Program, provides resources for on the job training programs for entry level health careers and internships for behavioral health. | Grand Rapids, MI | allocated: 1,650,000<br>disbursed: 0.00 | Brinks |
| LEO | 6 | *City of Grand Rapids (Mental Health Crisis co-response)* | $250,000 | City of Grand Rapids | The Mental Health Crisis Co-Response project aims to connect law enforcement and mental health services to those experiencing a mental health crisis. Through a partnership between the Grand Rapids Police Department and Network 180, Kent County's Mental Health Authority, clinicians and trained law enforcement personnel jointly respond to those in need to ensure they receive assistance that suits their unique needs. This funding will be used to purchase 2 vehicles so officers can arrive to calls without the use of a traditional cruiser which may raise tensions during a mental health crisis. In addition, the city will purchase TruNarc Analyzers for use in identifying substances found during mental health calls. Lastly, funding will support overtime and regular wages for first responders. | Grand Rapids, MI | allocated; 250,000<br>disbursed; 0.00 | Grant, Brinks |
| LEO | 7 | *BAMF Detroit* | $5,000,000 | BAMF Health Management, LLC | Section 1051: (7) From the funds appropriated in part 1 for healthcare grants, $5,000,000.00 shall be awarded to a cancer treatment facility located in a city with a population greater than 600,000 according to the most recent federal decennial census to support research, treatment, and patient care, achieving intelligence-based precision medicine through AI enabled molecular imaging and theragnostic for the purpose of opening its second clinic in the state in the southeast Michigan area. | Grand Rapids, MI | allocated; 5,000,000<br>disbursed; 0.00 | T. Carter |
| LEO | 8 | *CEDAM VITA grants* | $3,300,000 | Community Economic Development Association of Michigan | Expanding access to free tax preparation programs is critically important to the financial stability of Michigan's low- and moderate-income households. Free tax preparation services, like Volunteer Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE), are uniquely positioned to help Michigan taxpayers claim every credit they've earned. Unfortunately, most of those eligible can't access services due to low organizational capacity and geographic gaps. Through this project, CEDAM will expand the state's free tax preparation capacity by expanding existing programs, empowering new local program development, and coordinating statewide efforts. | Lansing, MI | allocated; 3,300,000<br>disbursed; 43,168.61 | McDonald Rivet |
| LEO | 9 | *Oakland Health Network* | $1,000,000 | Oakland Community Health Network | OCHN is requesting funding to support health services and the continuum of care in Oakland County by renovating two key service locations. First, OCHN's Resource and Crisis Center (RCC), which was launched 10 years ago in Pontiac by OCHN, is the only service facility of its kind in Michigan. The location is a central access point for crisis services in the area, including an adult crisis unit and children's crisis unit. Renovations to the space will make it possible to accommodate more community members, as well as provide a safe and welcoming environment to people in crisis. Second, OCHN launched an Assessment Center at its headquarters location in Troy. Renovations will support OCHN's expansion of assessment services, such as autism diagnosis, and will also provide access to resources and consultation to families. | Troy, MI | allocated; 1,000,000<br>disbursed; 0.00 | Bayer |
| LEO | 10 | *East Warren Development Corp Infrastructure* | $2,000,000 | E. Warren Development Corp. | The public purpose of the project is to make capital investments through E. Warren Development Corporation in E. Warren Public Market. These investments are key to neighborhood revitalization, economic improvements, and walkability, and public access to sustainable food and community-building services. | Detroit, MI | allocated; 2,000,000<br>disbursed; 603,386.66 | Paiz, Wojno |
| LEO | 11 | *Sacred Heart Rehabilitation Center* | $2,200,000 | | | Lapsing | | *No legislative packet received.* |
| LEO | 12 | *Mundy township (Senior center)* | $2,000,000 | Charter Township of Mundy | The appropriation will support construction of a new facility to serve as the permanent home for the Mundy Township Senior & Enrichment Center. The Center is a municipally owned and operated senior and community center dedicated to providing residents of Genesee County with foundational and unique services and experiences - including mental and physical healthcare services and referrals - to enrich their lifestyle at a no- to low-cost basis. In addition to scheduled activities, the center is open five days a week for coffee, socializing, and table activities. The Mundy Township Senior & Enrichment Center is operated with funding support from the Genesee County senior services millage, Genesee County/Mundy Township community development block grant funds, and Mundy Township general fund appropriations. | Swartz Creek, MI | allocated; 2,000,000<br>disbursed; 1,924,470 | Cherry |
| LEO | 13 | *LatinX Community Center* | $2,000,000 | Hispanic Technology & Community Center | These funds will renovate a roughly 19,000 sq. ft. building at the corner of Lewis St. and Bennett Ave for the mixed-use purposes of increasing available housing and commercial business space. | Flint, MI | allocated; 2,000,000<br>disbursed; 214,200.00 | Cherry, Neeley |
| LEO | 14 | *SRSLY Dexter* | $125,000 | Chelsea Hospital | The purpose of this project is to prevent and decrease youth substance use in Dexter, MI. Additionally the purpose is to support youth mental health in Dexter, MI. This will be accomplished through education, awareness campaigns, evidence-based practices as part of the strategic prevention framework, and youth-leadership skill building. | Chelsea, MI | allocated; 125,000<br>disbursed; 5,612.12 | Shink |

|---|---|---|---|---|---|---|---|---|
| LEO | 1016 | High impact tutoring pilot program (Littera/Lansing Public Schools) | $500,000 | Lansing Public School District | Pursuant to §1016 of PA 121 of 2024, this project will fund the district's high-impact tutoring pilot program using an external contractor, Littera Education. Littera Education is one of the nation's leading providers of high-impact, high-dosage, data-driven tutoring programs and has a strong track record of improving educational outcomes for students in need. Littera will provide identified Lansing Public School District students with tutoring services that are consistent with the research-based design principles of high-impact/high-dosage tutoring. Littera will provide the district with program management services to support effective tutoring program implementation and continuous improvement, and Littera's online Tutoring Management System will be used to track tutoring data in real time. | Lansing, MI | allocated; 500,000 disbursed; 350,000 | Rep. Snyder |
| LEO | 1017 | Hispanic community center | $750,000 | El Concilio/Hispanic American Council Inc | Fulfilling the Promise for All capital campaign is focus to purchase and renovate a building to operate a direct service center, preschool and youth center. The main plan for the center is to be a focal point to the community to obtain many services, programs and support. The building needed many renovations to ensure it serve as a preschool and youth center in the community. | Kalamazoo, MI | allocated: 750,000 disbursed: 624,010 | McCann, Rogers |
| LEO | 1018 | Holistic workforce development - Empowerment Plan | $1,000,000 | Empowerment Plan | Empowerment Plan is a holistic workforce development organization addressing homelessness in two critical ways. First, we provide full-time employment and services for individuals recovering from homelessness in Detroit. Second, we produce innovative sleeping bag coats, which are distributed to those who are unsheltered globally. Our mission is to break the cycle of generational homelessness by employing and empowering our unhoused neighbors to produce a sleeping bag coat for those in need. Empowerment Plan (EP) addresses deep-rooted systemic and racial inequities that greatly impact marginalized communities experiencing poverty, homelessness, and unemployment by reducing - and in many cases removing - barriers that prevent one from entering the workplace. EP works to provide low-income families experiencing and recovering from homelessness in Detroit the opportunity for stable employment and the safety net needed to create lasting intergenerational change. In the 2024/2025 fiscal year EP will invest in talent by hiring additional program and development support staff, serve 60 individuals recovering from homelessness through employment while producing and distributing 12,000 coats, begin to explore packaging up our model so that we can pilot another location within Michigan, and start securing funds to purchase our 21,000 square foot mixed-use facility on the eastside of Detroit | Detroit, MI | allocated: 1,000,000 disbursed: 967,507.67 | Snyder, Tate, T. Carter |
| LEO | 1022 | Jewish family services | $1,200,000 | Jewish Family Services | Funds will be used to address the housing needs of refugee resettlement clients. Assistance may include rental assistance, moving costs, emergency assistance and renovation, long-term rental or purchase of property to provide housing for refugee clients. | Ann Arbor, MI | allocated: 1,200,000 disbursed: 0.00 | Irwin |
| LEO | 1023 | Junior achievement | $1,000,000 | Junior Achievement of Southeastern Michigan Inc. | Junior Achievement of Southeastern Michigan (JA Detroit) will utilize the 2025 Community Enhancement Grant to further enhance our learning labs and improve access for young people (ages 5-25) to experiential education programs focused on financial literacy, work and career readiness, and entrepreneurship. We were able to successfully pilot the experiential workshops during the 23-24 school year and are looking forward to serving even more Detroit and Southeastern Michigan youth in our fully functional updated space in 2025. | | allocated: 1,000,000 disbursed: 854,094 | Cavanagh, Snyder |
| LEO | | *Grand Rapids* | *$500,000* | Junior Achievement of the Michigan Great Lakes | Junior Achievement of the Michigan Great Lakes (JAMGL) will use the funding as provided by the State of Michigan to support the Community Enhancement of the Grand Rapids and surrounding area. The Huizenga Family JA Free Enterprise Center provides engaging educational activities for West Michigan youth, while also serving as a valuable community resource for organizations and businesses. Funds received will go towards enhancing the JA Free Enterprise Center as a community and educational resource for the West Michigan community. | Grand Rapids, MI | allocated: 500,000 disbursed: 354,094.20 | Cavanagh, Snyder |
| LEO | | *Detroit* | *$500,000* | Junior Achievement of Southeastern Michigan Inc. | Junior Achievement of Southeastern Michigan (JA Detroit) will utilize the 2025 Community Enhancement Grant to further enhance our learning labs and improve access for young people (ages 5-25) to experiential education programs focused on financial literacy, work and career readiness, and entrepreneurship. We were able to successfully pilot the experiential workshops during the 23-24 school year and are looking forward to serving even more Detroit and Southeastern Michigan youth in our fully functional updated space in 2025. | Detroit, MI | allocated: 500,000 disbursed: 500,000 | Cavanagh, Snyder |
| LEO | 1024 | Life leaders | $750,000 | Life Leaders, Inc. | The public purpose of Life Leaders Excellence Corps Program is to bring immersive, experiential workforce and leadership development experiences to Detroit youth experiencing socioeconomic and racial inequities. Employment and workforce development experiences are integrated and aligned so that students are not subjected to the pressure of balancing both after-school activities and a job, while also attending to academic and family responsibilities. Participants are connected with employment and career opportunities they are passionate about, and the resources they need to thrive in their lives, careers, and within their community! The program advances social, educational, and racial equity for young people of color by ensuring they have the resources necessary to thrive in their future educational and employment pursuits. | Detroit, MI | allocated: 750,000 disbursed: 148,276.67 | Cavanagh |
| LEO | 1025 | Math and reading academies - Age of Learning | $1,000,000 | Age of Learning, Inc. | The Math and Reading Academies project aims to address the pressing challenges of literacy and numeracy skills among students in the state. Up to 75 elementary schools will supplement instruction with My Reading Academy® and/or My Math Academy®. Both programs were created by Age of Learning, a leading education technology provider for young learners and the creator of ABCmouse.com® Early Learning Academy, the award-winning comprehensive curriculum that helps prepare children for kindergarten through second grade. Age of Learning built upon its ABCmouse experience and applied well-established principles of learning science to develop its adaptive, personalized programs My Reading Academy and My Math Academy. These digital intervention tools are designed for students in Pre-K to 5th grade. By tailoring the proven My Reading Academy and My Math Academy programs to the specific context of Michigan, we aim to improve student outcomes. This project also includes include professional learning opportunities for educators and a caretaker center for parental involvement. | Glendale, CA | allocated; 1,000,000 disbursed; 1,000,000 | Snyder |
| LEO | 1027 | Michigan women forward | $1,500,000 | Michigan Women Forward | Small businesses drive Michigan's economy, but they also drive economic opportunity build wealth for the entrepreneurs that start them, and they build stability for the communities they serve. Women and minorities struggle to start and grow small businesses, especially in under-invested communities. They lack equal access to obtaining capital, less generational wealth and have far less access to business assistance to start or grow a company than others. This grant will fill the opportunity gaps for women and minority entrepreneurs throughout Michigan. This grant will 1) help provide loans to approximately 30 Michigan small businesses, especially to those that are women and/or minority owned, 2) provide business technical assistance to Michigan entrepreneurs through industry specific cohorts of up to 20 individuals or a total of 80 clients, 3) allow MWF to provide no interest loans to up to 50 women and minorities, and 4) help strengthen Michigan Women Forward while it is scaling to meet the needs of an increasing number of small businesses in Michigan communities throughout the state. | Detroit, MI | allocated; 1,500,000 disbursed; 0.00 | Cavanagh |
| LEO | 1031 | Nutritional support program grant (Meals on Wheels) | $2,000,000 | Meals on Wheels Western Michigan | This project will begin renovations of the Meals on Wheels Western Michigan's building which includes kitchen, warehouse, delivery and distribution hub, volunteer center and administrative offices. Meals on Wheels provides congregate and home delivered meals to older adults and individuals who qualify for ILOS services. This renovation will triple the capacity of Meals on Wheels Wester Michigan to provide such services. | Grandville, MI | allocated; 2,000,000 disbursed; 0.00 | Glanville |
| LEO | 1033 | Police athletic league | $250,000 | Detroit Police Athletic League | The public purpose of this grant is to promote the redevelopment of a community-hub for both neighborhood and youth programming in Southwest Detroit. The building renovations, repairs to the center's physical plant and ongoing maintenance supported by this grant will extend its useful life and ensure its availability as a programming and resource hub for years to come. Moreover, Detroit PAL's community development and outreach work being done at the center will allow it to expand its partnerships and grow the participation of area youth in its athletic and youth enrichment programming. | Detroit, MI | allocated; 250,000 disbursed; 0.00 | Cavanagh |
| LEO | 1034 | Post-incarceration employment | $1,000,000 | Center for Employment Opportunities (CEO) | With nearly 50 years of experience in workforce development programming and evidence-based evaluations on the model's effectiveness, CEO is committed to providing immediate and comprehensive employment services exclusively to individuals who have recently returned home from incarceration. CEO is able to reach returning Michiganders across multiple jurisdictions with offices in Detroit and Pontiac. Through this project, CEO will continue to strengthen its comprehensive model which includes: job-readiness training, transitional employment, job coaching and development, advanced credentialing and training opportunities, and one year of post placement retention services. CEO also empowers participants with advanced skills so they can access opportunities that offer better wages and upward economic mobility. Currently, CEO is offering pathways in high-demand industries including: transportation (receiving a CDL), IT, and human services through CEO™s in-house leadership apprenticeship program. In the next year, CEO Michigan anticipates increasing its capacity to provide workforce development services to 260 returning citizens, advanced training to at least a dozen people, and build new transitional job partnerships with public sector agencies. | Detroit, MI | allocated; 1,000,000 disbursed; 750,000 | Snyder |
| LEO | 1035 | PsyGenics | $250,000 | PsyGenics, Inc. | PsyGenics has developed a periodic program that incentivizes members and families to come to their Dearborn location for group social activities engaging them in activities of day-to-day life. | Roseville, MI | allocated; 250,000 disbursed; 0.00 | Cavanagh |

| LEO | 1 | *Ingham JJ Facility* | $12,500,000 | Ingham County | A facilities and program assessment completed by Fishbeck, an architect and engineering firm, determined the Ingham County Youth Center needs to be rebuilt. The report cites a significant increase in older, more dangerous youth with underlying mental health concerns, as well as space limitations preventing programming, results in an immediate need to modify the current structure of the facility. The assessment points to data subsequent to Raise the Age legislation where the number of 17 year olds in the facility increased from 1 out of 20 to 1 out of 3 after October 1, 2021. Additionally, data provided to Fishbeck by the 30th Judicial Circuit Court's Juvenile Division shows violent offenses for youth entering the Ingham County Youth Center are up by more than 4 times prior to Raise the Age legislation. | Mason, MI | allocated; 12,500,000<br>disbursed; 0.00 | Anthony, Hope |
| LEO | 2 | *Hamtramck (Firetruck)* | $800,000 | City of Hamtramck | The purpose of this grant is to purchase a fire pumper for the Hamtramck Fire Department. The pumper will be used to provide fire and rescue services to the City of Hamtramck as well as aid response to the City of Highland Park and the City of Detroit. | Hamtramck | allocated; 800,000<br>disbursed; 0.00 | Aiyash, Chang |
| LEO | 3 | *City of Eastpointe (38th district court)* | $7,000,000 | City of Eastpointe | This project involves constructing a new facility that is jointly used by the Eastpointe Police Department and the 38th District Court. The City has purchased property adjacent to the existing facility that houses the police department and district court and has demolished the former auto parts store/garage and residential house that previously occupied the purchased property. A 2-story structure is proposed within the newly purchased property and the existing building would be demolished and turned into parking and green space. Conceptual drawings have been prepared for the new facility and would involve the site/civil design of new parking facilities, new security features and the relocation of existing underground utilities. The existing building is antiquated with several maintenance issues, was built as a municipal court, and was never ... | Eastpointe, MI | allocated; 7,000,000<br>disbursed; 0.00 | Sen. Klinefelt |
| LEO | 4 | *Westland (Fire department infrastructure)* | $3,500,000 | City of Westland | To rebuild Fire Station #4 along with any related necessary equipment. | Westland, MI | allocated; 3,500,000<br>disbursed; 2,305.56 | Polehanki |
| LEO | 5 | *Livonia (Fire equipment)* | $1,000,000 | City of Livonia | The public purpose of this project, as outlined, is to enhance the fire protection equipment capabilities of Livonia, a growing city that serves a population between 95,000 and 96,000. The purchase of a new 107-foot aerial apparatus addresses the critical need for modern firefighting equipment to protect the expanding residential, commercial, manufacturing, and retail sectors. This investment aligns with the guidelines of PA 121 of 2024, which authorizes the use of state funds to support public safety initiatives, specifically for cities with Livonia's population size, in counties with over 1.5 million residents, like Wayne County.<br>The project aims to provide fire apparatus equipment per National Fire Protection Association(NFPA) recommendations. By securing the new quint/aerial apparatus, Livonia's fire department will ensure continued compliance with NFPA standards, maintain a reliable fleet, improve strategic coverage of elevated structures within the city for fire protection and rescue capabilities, and enhance our ability to provide mutual aid assistance to surrounding communities. This is crucial for responding to the increased demand for fire services as new developments arise, ensuring faster response times and improved safety for residents and visitors.<br>Furthermore, the strategic placement of this advanced fire apparatus will allow the department to better manage risks by reaching elevations beyond the capabilities of standard ground ladders. This protects the current infrastructure and future-proofs the city's fire response capacity in light of ongoing development. By combining state grant funds with the city's allocated budget, Livonia demonstrates fiscal responsibility and a commitment to public safety that aligns with the objectives of PA 121 of 2024. | Livonia, MI | allocated; 1,000,000<br>disbursed; 0.00 | Cavanagh, Young, Pohutsky, Koleszar, Polehanki |
| LEO | 6 | *City of Dearborn (Health and security infrastructure)* | $6,000,000 | City of Dearborn | Facility, equipment, and transparency within the Dearborn Police Department | Dearborn MI | allocated; 6,000,000<br>disbursed; 0.00 | Farhat, Byrnes |
| LEO | 7 | *Jewish Federation (Security)* | $4,000,000 | Jewish Federation of Detroit | The purpose of this project is to implement safety and security measures that protect Metro Detroit Jewish residents from potential harm stemming from antisemitic acts and violence.<br>For more than a century, the Jewish Federation of Detroit (Federation) has supported and built a vibrant Jewish communal life for all 70,000+ Jews who call southeastern Michigan home. Today, Federation is witnessing new waves of antisemitic threats across the U.S. stemming from the Israel-Hamas War. Between October 7, 2023 and October 6, 2024, the ADL (Anti-Defamation League) tracked 10,000+ antisemitic incidents nationwide, the highest number of antisemitic incidents ever recorded by the ADL in a one-year period. Here in Metro Detroit, we witnessed anti-Israel protests at universities, graffiti sprayed on Jewish organizations and Jewish-owned businesses, antisemitic flyers distributed in several Metro Detroit neighborhoods with Jewish residents, and threats against synagogues and individuals.<br>These post-Oct. 7 incidents are in addition to the antisemitic incidents that the Metro Detroit Jewish community had already been enduring in recent years. In 2023, there were 267 antisemitic incidents, 262 reports of white supremacist propaganda distribution, and 13 white supremacist events in Michigan; Michigan was included among the 10 states with the most antisemitic incidents. Community members remain watchful and wary.<br>Vigilance and preparedness are the best first line of defense against such perils. With state funds, Federation will implement several security measures to protect Metro Detroit Jewish residents as well as the general public who frequent Jewish organizations and human service agencies. Strategies include:<br>1. Stationing and deploying security resources at Jewish schools, summer camps, institutions, agencies, and community centers/campuses to ensure physical safety of staff, students, clients, and visitors.<br>2. Increasing security patrols during Jewish holidays and the Sabbath around Jewish houses of worship with high foot and vehicular traffic to ensure congregants' safe passage to and from services.<br>3. Augmenting security personnel at synagogues and temples during holidays, Shabbat, and major events to safeguard congregants. Due to the evolving nature of antisemitic incidents, Federation will evaluate emerging threats and trends throughout this project period and deploy additional security strategies accordingly. | Bloomfield Hills, MI | Lapsing | Moss, Steckloff, Arbit |
| LEO | 8 | *Macomb Community College Public Safety Institute* | $2,000,000 | Macomb Community College | The appropriation will be used for construction of an fully function al apparatus bay including technology and simulation for the Macomb Community College Fire Academy at the Public Service Institute. This building will provide students the ability to learn, train and simulate drills in an environment that reflects fire houses across the State of Michigan. This type of learning environment provides invaluable experience for students as they prepare for the workplace. | Warren, MI | allocated; 2,000,000<br>disbursed; 0.00 | Mentzer |
| LEO | 9 | *Northville Twp Fire Truck* | $1,500,000 | Charter Township of Northville | The Northville Township Fire Department needs to replace its current ladder truck (aerial apparatus) which is 25 years old. A replacement truck is necessary to ensure the safety of the public.<br>The replacement of the fire department's ladder truck is imperative to due to various factors affecting its operational efficiency and safety standards. The current ladder truck is outdated, lacks modern safety features and technological advancements crucial for effective firefighting and rescue operations. Given the rapid evolution of firefighting techniques and equipment, an outdated ladder truck could pose serious risks to both firefighters and civilians during emergency situations. Moreover, maintenance costs for older vehicles escalate over time, leading to inefficient allocation of resources. By replacing the aging truck with a newer model, the fire department can ensure enhanced reliability, agility, and functionality, thereby optimizing its capacity to respond promptly and effectively to emergencies. A new truck will incorporate features such as increased reach, enhanced stability, and advanced hydraulic systems, enabling firefighters to access elevated areas more efficiently and conduct rescue operations with greater precision. Additionally, modern ladder trucks integrate specialized equipment for hazardous material incidents or technical rescues, expanding the fire department's capabilities beyond traditional firefighting tasks.<br>Investing in a new ladder truck aligns with the fire department's commitment to maintaining high standards of service delivery and safeguarding the community's well-being. By leveraging the latest innovations in firefighting technology, the replacement vehicle will bolster the department's readiness to confront diverse challenges and ensure optimal preparedness for future emergencies.<br>The Northville Township Fire Department provides fire protection to several large commercial buildings, numerous big box stores and retail centers, 2 mega churches, 9 senior living facilities, 10 schools, a 3-story State of Michigan juvenile psychiatric facility (Hawthorne Center) that houses approximately 300 patients, the State Police Crime Lab, and Maybury State Park. In addition, the department protects a Consumer's energy pumping station and reservoir, the Buckeye Petro pipeline, a portion of the Detroit water system, and an AT&T server and switch facility.<br>The Northville Township Fire Department is a member of the Western Wanye County Mutual Aid Association and the State of Michigan Mutual Aid Box Alarm System (MABAS). This vehicle will also be used to respond to emergency incidents, when requested by our mutual aid partners. | Northville, MI | allocated; 1,500,000<br>disbursed; 0.00 | Bayer, Koleszar, Morgan |

| Agency | Boilerplate Section | Grant Title | Amount Allocated/Appropriated | Grant Recipient | Project Purpose | Location | Amount Disbursed as of 8/31/2025 | Sponsor |
|---|---|---|---|---|---|---|---|---|
| LEO | 10 | *Romulus Public Safety Building* | $1,000,000 | City of Romulus | The project is the complete renovation and redesign of the police public safety facility which is housed in a 100 year old former elementary school in the Romulus downtown district. The building is a historic landmark that anchors two neighborhoods and the City's senior facilities. The current facility is not designed to serve its function, has highly inefficient work flows, is decaying, and does not meet the demands of a modern agency. It is a detrimental to police recruiting. | Romulus, MI | allocated; 1,000,000<br>disbursed; 0.00 | Miller |
| LEO | 11 | *Kalamazoo Twp police & fire infrastructure* | $1,000,000 | Kalamazoo Charter Township | Revitalization of our Eastwood Fire Department as a primary focus of core public services. This includes development of a new fire station and fire service equipment and apparatus. | Kalamazoo, MI | allocated; 1,000,000<br>disbursed; 321,232 | Rogers |
| LEO | 12 | *Oshtemo Twp Fire Station* | $1,000,000 | Oshtemo Charter Township | The public purpose of the project is to acquire land, design and construct the new fire station for Oshtemo Charter Township. | Kalamazoo, MI | allocated; 1,000,000<br>disbursed; 0.00 | Morse, McCann |
| LEO | 13 | *Sterling Heights Police Command Vehicle* | $750,000 | City of Sterling Heights | Purchase of a new PCV will replace our 2005 Chevrolet Workhorse Motorhome which is past its useful life. The PCV is used as a hub for communication and coordination during emergencies and large scale events | Sterling Heights, MI | allocated; 750,000<br>disbursed; 557,418 | Mentzer, Shannon, Wojno |
| LEO | 14 | *Eaton County Fire Training Center* | $700,000 | County of Eaton | The purpose of the program is to improve the public safety of Eaton County residents by constructing a state-of-the-art training facility centrally located in the County to provide critical incident training in live fire scenarios. All 13 local fire departments in the County will have access to this facility to train state certified fire fighters. | Charlotte, MI | allocated; 700,000<br>disbursed; 0.00 | Witwer |
| LEO | 15 | *Madison Heights Police Dept HVAC* | $500,000 | City of Madison Heights | This project supports the health, safety, and efficiency of the police department, which indirectly benefits the community by ensuring effective law enforcement and the responsible use of public resources. Upgrading the HVAC system ensures better air circulation and filtration within the police department, which directly impacts the health and well-being of officers, staff, and visitors. This can reduce the spread of airborne diseases and provide a healthier work environment. Energy Efficiency: A modern HVAC system would be more energy-efficient, leading to cost savings for the department and the city. Reduced energy consumption also aligns with environmental sustainability efforts, benefiting the broader community. | Madison Heights, MI | allocated; 500,000<br>disbursed; 500,000 | McFall |
| LEO | 16 | *Utica Ambulance replacement* | $450,000 | City of Utica Fire Department | The purpose of the grant is to provide funding to replace an aging ambulance. This grant will ensure an improved emergency medical services and response times for the residents of the community. The funding will help maintain reliable and efficient care, enhancing public safety for residents in the city and surrounding areas. | Utica, MI | allocated; 450,000<br>disbursed; 0.00 | Shannon |
| LEO | 17 | *Utica Fire & EMT radios* | $300,000 | City of Utica Fire Department | The purpose of this grant is to acquire equipment for the fire department that will improve firefighter safety, fire personnel response times, advanced life support system care, and communication. This grant will improve overall functions of operation and safety of our firefighters and residents. The equipment requested if granted, will replace 40 emergency response pagers, two response vehicles, replace 10 MSA SCBA air bottles, 10 MSA SCBA rechargeable lithium batteries, and replace 3 lifepak advance life support (ALS) monitors for our ambulances. These items had to be removed from the budget process and simply cannot be purchased without your help.<br>The emergency response pagers will bring the Utica Fire Department dispatching alerts in-line with the Michigan Public Safety Communications System (MSPCS) recommendations (2016). These pagers will bring the fire department up to date with the Federal Communications Commission's narrow band mandate that went into effect January 1, 2013. When converting to this system of fire paging, our agency will no longer bear the cost and responsibilities of maintaining a separate paging system past the one-time $1,500.00 set up fee through M.Scs. response vehicles are needed to replace our emergency Medical Echo Unit and our Command Vehicle. These vehicles are driven to every scene and the most used in our fleet. The Echo unit goes on every single call and supports our fire fighters and citizens with quick response. The Command vehicle gets our leadership to the scene, establishes command, early planning, traffic control, and support. These vehicles are well beyond their life span for emergency vehicles and are in constant repair. This grant would guarantee quick and reliable responses without any issues for years to come. This would also significantly reduce the ongoing maintenance costs associated with these vehicles we are experiencing. Replacement of MSA SCBA air bottles and lithium batteries are essential for keeping our firefighters safe. This equipment is what firefighters use when they enter immediate life and death situations. It provides them with safe air to breath and the batteries provide the mechanical functions of the SCBA to notify FF's when they are low on air or an emergency arises with the equipment.<br>The Utica Fire Department responds to roughly 1,500 calls per year and 90% of them are emergency medical calls. The life saving monitors that we currently have need to be updated to serve our residents and give them the best care possible. The new Lifepak 35's will give us the new technology required by Macomb Medical Authority to provide the best care and service to our residents and neighboring communities that we mutual aid with. There are too many patient care improvements to list but this is one of the most important. This equipment will put us in contact with the hospital prior to our arrival and allow them to see what type of medical emergency is coming to their facility by use of wireless modems inside the units. This function will alone better serve our citizens and allow the hospital better preparation for our arrival.<br>As mentioned before, we simply cannot afford to purchase this equipment without this grant and support from our local legislative sponsors. | Utica, MI | allocated; 300,000<br>disbursed; 0.00 | Shannon |
| LEO | 18 | *Bloomfield Twp First Responders & Fire Communications* | $300,000 | Charter Township of Bloomfield Michigan | BTPD - Incident Command Vehicle<br>The landscape of emergency response has significantly evolved over the past two decades, particularly since the 9/11 attacks, which marked the beginning of a focused effort to improve communications among first responders. The need for seamless communication between agencies and jurisdictions, especially during large-scale incidents, was identified as a key challenge. | Bloomfield TWP, MI | allocated; 300,000<br>disbursed; 153,155 | Steckloff |
| LEO | 19 | *Grand Ledge Emergency Disaster Relief* | $250,000 | City of Grand Ledge | The purpose of the grant is support storm cleanup and recovery from a storm that occurred in August 2023. | Grand Ledge, MI | allocated; 250,000<br>disbursed; 250,000 | Witwer/Dievendorff/ Anthony |
| LEO | 20 | *Casco Twp (Allegan County) Firehouse Garage* | $200,000 | Casco Township | The appropriation will be used towards renovation of a portion of the Casco Township Hall previously used by the Fire Department. The space will be renovated for use by the Casco Senior Care Program. The floor will be leveled, ADA entry doors and restrooms will be added, and new HVAC will be installed. This renovated area will be used for millage-funded Casco senior programming which currently includes educational workshops, group exercise, social activities, and meals delivered to the facility by Van Buren Senior Services (meal delivery to start in 2025). | South Haven, MI | allocated; 200,000<br>disbursed; 0.00 | Andrews |
| LEO | 21 | *Utica Police Equipment* | $200,000 | City of Utica, Police Department | Utica Police Mobile Vehicle Barrier System. The purpose of this project is to ensure roadways can be quickly and safely closed down to prevent vehicles from entering a designated area. The vehicle barrier system can be rapidly deployed by one person and capable of safely closing down a roadway. The vehicle barrier system is rated to stop or slow down a vehicle creating a safe barrier that is easily movable for emergency vehicles. The barrier system would be used by the police in emergency road closure situations, special events requiring road closures, department of public works road closures, fire department operations, and be available to neighboring agencies in a mutual aid capacity. The system creates a safe barrier for pedestrians and emergency services while benefiting multiple agencies and the community as a whole. | Utica, MI | allocated; 200,000<br>disbursed; 0.00 | Shannon |
| LEO | 22 | *AmeriCorps Urban Safety Program/Detroit Youth Service Corps* | $100,000 | Wayne State University/Center for Urban Studies | The AmeriCorps Urban Safety Program activities enhance the safety and health of individuals, homes, and communities, at no cost to residents. Public safety initiatives include strengthening block clubs,<br>providing safety technology, and supporting safe routes to school. Reducing crime victimization involves community engagement, educational leaflets, personal protection orders, auto theft prevention, and target hardening devices. Through our public health initiatives, we support families with home safety assessments, education materials regarding household hazards to health and physical safety, and supplies to filter household water and reduce the presence of lead. Each summer, 40-50 youth ages 17-24 serve with AMUS as members of the Detroit Summer Youth Corps. Through service, these youth develop skills for post-secondary learning, careers, and life. This grant will provide reliable transportation and support successful program participation for these youth members. | Detroit, MI | allocated: 125,000<br>disbursed: 0.00 | Carter |
| LEO | 23 | *Scio Twp Fire Truck* | $750,000 | Scio Township | The public purpose of appropriating $750,000 to Scio Township is to assist in purchasing a ladder truck for its fire department to service the public. The vehicle will be owned, housed, and maintained by Scio Township and will be available for use in any community that requests it. | Ann Arbor, MI | allocated; 750,000<br>disbursed; 0.00 | Rheingans, Conlin, Brabec |

| LEO | 1039 | *SER Metro* | $750,000 | SER Metro | SER Metro-Detroit's primary line of business is to conduct exemplary and results-oriented workforce center operations management, youth services, and human capital management with vast experience operating networks of the American Job Center and programs designed to address the needs of universal job seekers, public assistance recipients, at-risk youth, special and hard-to-serve populations. SER has been at the forefront of designing and providing alternative education, technical training, job readiness and placement services that meet the needs of disengaged youth, adult job seekers, and employers. | Detroit, MI | allocated; 750,000<br>disbursed; 514,198.87 | Cavanagh, T. Carter |
| LEO | 1042 | *Starfish family services* | $2,000,000 | Starfish Family Services | Starfish Family Services aims to renovate two vacant buildings, one in the Boynton- Oakwood Heights neighborhood, and one in the Brightmoor neighborhood. Both areas are considered child care deserts and lack high-quality child care center options for families. The purpose of the building renovations is to transform currently vacant spaces, by supporting infrastructure improvements of vacant buildings, to high-quality early childhood education centers with the potential to serve 224 children each year. | Inkster, MI | allocated; 2,000,000<br>disbursed; 243,262.75 | Cavanagh, Young, Pohutsky |
| | 1043 | Symphony orchestra grants | | | | | | |
| LEO | 1 | *Detroit Symphony Orchestra* | $750,000 | Detroit Symphony Orchestra | The Detroit Symphony Orchestra (DSO) is housed in historic Orchestra Hall, built in 1919 and now part of the Max M. & Marjorie S. Fisher Music Center. Constructed in 2003, "The Max" serves Detroit and the greater SE Michigan community through performances, community services (e.g., music therapy), music education, and rentable spaces. In light of the economic challenges facing the DSO since the Covid-19 pandemic, public support for community enhancement is directed toward an immediate capital need facing our organization. Thanks to support from the state of Michigan, the DSO is replacing the existing roof at the Max and replacing controls in the patron elevator system to reflect current safety standards. State support fully funds these updates. | Detroit, MI | allocated; 750,000<br>disbursed; 750,000 | Cavanagh |
| LEO | 1045 | Walkabouts multisensory movement-based learning | $500,000 | ActivEd/Walkabouts | Walkabouts by ActivEd intends to address academic performance, cognition and inactivity issues among MICHIGAN students. Walkabouts is a web-based platform focused on improving educational outcomes. Walkabouts are innovative, on-demand lessons that transform Math, ELA/Literacy, Social Studies, and Science content into short, movement-rich activities for pre-k/elementary-age students. This evidence-based online platform makes it easy for teachers and parents to create lessons that bring key concepts to life through physical activity at school and at home. Walkabouts specifically correlate to the MICHIGAN state standards in Math, ELA/Literacy, Social Studies, and Science that teachers already use to develop and manage their lesson plans. Plus, unlike traditional videos, Walkabouts are dynamic and different every time they play. Pre-k Walkabouts correlate to Head Start and NAEYC standards in addition to MICHIGAN state standards."<br>Sec. 1045. From the funds appropriated in part 1 for walkabouts multisensory movement-based learning, the department shall award the grant to a program that provides supplemental learning tools that integrate physical movement and multisensory lessons to complement traditional classroom instruction." | Greenville, SC | allocated; 500,000<br>disbursed; 489,510 | Snyder |
| LEO | 1046 | Wayne metro | $2,500,000 | Wayne Metropolitan Community Action Agency | Wayne Metropo is a nonprofit organization headquartered in the City of Detroit which has a population greater than 600,000 that operates a Community Impact Center in the City of Highland Park which has a population between 8,500 and 9,000 and is located in Wayne County with a population between1,700,000 and 1,850,000 according to the most recent federal decennial census. Funds provide for structural improvements to the Community Impact Center including building repair and maintenance. The center provides human services to low and moderate income residents throughout Wayne County. Services include but are not limited to Early Childhood education, home energy efficiency improvements, financial empowerment services, employment navigation, rental assistance, supportive services to individuals and families experiencing homelessness and utility assistance. | Detroit, MI | allocated; 2,500,000<br>disbursed; 0.00 | Chang, McFall |
| LEO | 1047 | Winter sports Muskegon | $1,500,000 | Muskegon Sports Council | Public purpose of the project: The proposed project aims to enhance and modernize infrastructure at our organizations lease area at Muskegon State Park to increase its accessibility, usability, and appeal to the public. Specifically, the project will involve comprehensive site upgrades, including critical infrastructure improvements, procurement and installation of supporting park maintenance equipment, and planning an implementation costs necessary to ensure the upgrades are efficiently executed. These enhancements are designed to benefit the public by improving the quality and functionality of park facilities, thereby increasing visitor satisfaction and promoting recreational opportunities within facility lease area. | Muskegon, MI | allocated; 1,500,000<br>disbursed; 0.00 | Snyder |
| LEO | 1048 | Women of tomorrow | $200,000 | Women of Tomorrow Mentor & Scholarship Program Metro Detroit | Women of Tomorrow is a mentorship program that has impacted over 5,072 mentees and awarded more than 2.6 million dollars in scholarships to high school graduates. The program connects successful female role models from the community to at-risk high school girls on a regular basis with a goal of helping those students stay in school, overcome obstacles, improve academic performance, graduate high school and successfully enter post-secondary education. To date, the program has a 97% graduation rate, 54% of the mentees are first generation in their family to pursue post-secondary education, and 80% of the mentees are minorities. The program helps to improve the school's graduation rates and leads to more students being successful not just in high school but beyond. | Southfeild, MI | allocated; 200,000<br>disbursed; 95,539.99 | Cavanagh |
| LEO | 1049 | Young adult wellbeing and success Rock Center | $1,000,000 | Reaching Our Community Kids | To provide community-based youth development and resiliency programs, such as Discover You program. | Midland, MI | allocated; 1,000,000<br>disbursed; 176,582.98 | McDonald Rivet |
| LEO | 1050 | Youth career development program | $450,000 | Starr Commonwealth | Starr Commonwealth will use its behavioral health expertise, its residential campus facilities and a collaborative network of partners to expand an innovative and much needed place for "Opportunity Youth" to more deeply connect with established educational and skilled trades programming and pathways to employment, as well as provide access to housing, transportation, healthcare, and holistic social and emotional supports that will improve participants' chances of success. This proposed initiative/program is called F.O.C.U.S. Forward (Forging Opportunities for Career Upskilling and Success) and is partially modeled after the federal YouthBuild and Job Corps programs. FOCUS Forward will operate as a community-based program and on Starr's 350-acre campus in Calhoun County. | Albion, MI | allocated; 450,000<br>disbursed; 157,762.18 | Haadsma |
| LEO | 1009 | Workforce development grants - AFL-CIO Workforce Development Institute | $4,000,000 | Michigan Workforce Development Institute | 1. Program Offering Expansion: Develop and implement pre-apprenticeship and apprenticeship programs tailored to the healthcare, manufacturing, and green energy industries, providing participants with specialized training and certifications.<br>2. Increase Access and Diversity: Recruit and support underrepresented minorities, women, returning citizens, and veterans, ensuring they have equitable access to training oppo1iunities and support services.<br>3. Strengthen Industry Partnerships: Forge strategic partnerships with employers, affiliate labor unions, and industry associations in healthcare, manufacturing, and green energy sectors to facilitate job placements and apprenticeship opportunities for program graduates.<br>4. Enhance Program Sustainability: Develop sustainable funding models and partnerships to support the long-term viability and growth of our expanded programs, ensuring ongoing support for participants and communities. | Lansing, MI | allocated; 4,000,000<br>disbursed; 0.00 | Snyder |

| MSHDA | 3 | *Michigan Advocacy Program* | 1,000,000 | Michigan Advocacy Program | This funding will be used for Legal Services of South Central Michigan (LSSCM) to provide legal services to tenants and homeowners in their cases related to housing, including issues related to evictions and foreclosures. This includes cases involving nonpayment of rent, termination of tenancy, mortgage foreclosure, and tax foreclosure. LSSCM staff, including attorneys and paralegals, will provide advice, brief services, extensive services, and full representation, with a focus on providing the highest level of service possible to clients. Services will be provided in the 13 county area served by LSSCM, including Barry, Branch, Calhoun, Clinton, Eaton, Hillsdale, Ingham, Jackson, Lenawee, Livingston, Monroe, Shiawassee, and Washtenaw counties. | 13 south central counti | 200,000 | Irwin |
| MSHDA | 4 | *Emergency Shelter grants (Washtenaw)* | 1,000,000 | Washtenaw County | To provide emergency shelter options in Washtenaw County for expansion of physical space and/or direct services. | Washtenaw County | 0 | Irwin |
| MSHDA | 5 | *Home Builders booklets* | 400,000 | Skilled to Build Michigan Foundation | Skilled to Build Michigan Foundation received funding in the FY 23 budget to distribute books to every student in 8-12 grade. This funding is a continuation of that project where we will distribute books on careers in skilled trades to students in 8th grade.<br>As Michigan is seeing a labor shortage, it is imperative we highlight careers in the skilled trades as a career option to students as they are considering what they would like to do once they graduate. | Statewide | 391,700 | Tate |
| | 1019 | Housing Programs | $66,600,000 | | | | | |
| MSHDA | 1 | *Ingham County Housing Programs* | $15,000,000 | Ingham County | The public purpose of the activities described below will enable Ingham County to continue and expand current activities of the Housing Trust Fund and the Ingham County Treasurer's Office including but not limited to continuing the County's down payment assistance program and expanding the eligibility criteria to reach more first-time homebuyers; to continue and expand programming to provide financial assistance and foreclosure prevention services to eligible recipients; to provide home repairs, building and single family home rehabs, and other community improvement activities to be coordinated with the Ingham County Land Bank; and to provide construction and rehab dollars for three specific development projects/organizations to create additional affordable and workforce housing within the city of Lansing prior to the end of FY 2029. | Ingham County,MI | 7,500,000 | Anthony, Hope |
| MSHDA | 2 | *Traverse City Educator Housing* | $5,000,000 | Northwest Education Services | The public purpose of the project is for the establishment and allocation of funds to a program or policy to fund the construction of 1 or more housing developments to be built in a county with a population of between 95,000 and 96,000 according to the most recent federal decennial census, with units set aside for pre-K to 12 educators and pre-K to 12 education support staff. | Traverse City, MI | 0 | Coffia |
| MSHDA | 3 | *Portage - River Caddis* | $5,000,000 | City of Portage | The Portage Caddis Project includes 70 units of mixed income housing serving a broad income range from 40% AMI to 120% AMI. Its strategic location next to Portage Public Safety Facilities, Administrative Offices, and Community Center underscores an integrated approach to community development. The project benefits from a 1% PILOT for 50 years, with construction projected to start in Spring of 2025. This project is rooted in the spirit of a true public-private partnerships, which reflects a comprehensive strategy to address affordable housing needs in Portage. By working closely with our development partner River Caddis Development and leveraging a package of financial incentives such as LIHTC and PILOT agreements, we are not just building homes but fostering inclusive, vibrant communities where economic diversity is valued and supported. | Portage, MI | 0 | Morse, McCann |
| MSHDA | 4 | *Dundee Affordable Housing* | $4,000,000 | Village of Dundee | For a housing redevelopment project that will convert a currently unused building into a housing project. | Dundee, MI | 0 | Miller |
| MSHDA | 5 | *Opioid Recovery Housing - Jackson* | $3,300,000 | | | Jackson, MI | Lapsing | Shink |
| MSHDA | 6 | *Michigan Avenue Corridor Mixed Use Housing* | $3,000,000 | Lansing Economic Area Partnership | The Michigan Avenue Redevelopment would entail the renovation of six buildings along the Michigan Avenue corridor, in downtown Lansing. The proposed redevelopment would convert the existing buildings into 12-18 apartment homes, along with a small commercial space. This development breathes new life into the 600 block, inviting residents and businesses to a community-focused environment that enhances connectivity and fosters a thriving atmosphere. By thoughtfully integrating residential and commercial elements, the redevelopment activates the corridor, positioning it as a lively, walkable destination that re-energizes the area and sets a new standard for innovative, purposeful urban development. | Lansing, MI | 0 | Anthony |
| MSHDA | 7 | *Chaldean Affordable Housing* | $3,000,000 | Chaldean Community Foundation | The Chaldean Community Foundation (CCF) is excited to present a new, 82-unit, attainable housing development in Sterling Heights, Michigan. Sterling Heights is an area of the state that has a great need for attainable housing. The CCF is currently developing a 135-unit in Sterling Heights, this will be the 2nd CCF project in the city. With that in mind, CCF is proposing to build this new development in a location that not only serves the unmet need, but that will allow for future residents to have access to the many amenities needed for daily living and with close access to services for those needing them. | tbd | 0 | Steckloff |
| MSHDA | 9 | *Washington Blvd Development - Detroit* | $3,000,000 | | | Detroit, MI | Lapsing | Snyder |
| MSHDA | 10 | *Dewitt Township Manufactured Home Infrastructure* | $2,000,000 | | | Dewitt Twp, MI | Lapsing | Dievendorf |
| MSHDA | 11 | *Delta Township Housing* | $2,000,000 | Delta Charter Township | (11) From the funds appropriated in part 1 for housing programs, the department shall allocate $2,000,000.00 to a charter township with a population between 33,100 and 33,200 located in a county with a population between 109,000 and 110,000 according to the most recent federal decennial census, to support an affordable workforce housing development project.<br>Delta Charter Township will utilize this funding to support and develop workforce housing by enhancing its marketing and education of workforce housing, revising ordinances and plans in order to support workforce housing projects, develop an application or program for the use of these funds, enhance workforce housing projects by providing assistance with infrastructure or other costs that affect the viability of the project and/or impact the Township's revenue growth. | Delta Charter Twp, MI | 0 | Witwer, Anthony |
| MSHDA | 12 | *Amplify Grand Rapids* | $1,500,000 | Amplify GR | Amplify GR will direct the state appropriation to advance a mixed-income, mixed-use housing development in southeast Grand Rapids that will include a food hall to scale economic opportunity for local entrepreneurs. The project, Boston Square Together I (F3), will feature 45 units of family housing with 80 percent being reserved for families earning 20-60 percent of the area median income, and 20 percent targeted to households earning up to 120 percent AMI. The ground floor will feature a 9,000 square foot food hall to provide local entrepreneurs with space for launching and scaling businesses, as well as providing the community with increased food offerings. This project received early community support through its alignment with strategies included in master and area specific plans dating back 20 years (including the Grand Rapids Master Plan of 2022, the Boston Square Area Specific Plan of 2009, and the Southtown Business Area Specific Plan of 2019). The Boston Square Together I (F3) project also supports priorities uplifted through three community design sessions in 2019 that included more than 350 neighbors and stakeholders. | Grand Rapids, MI | 0 | Brinks |
