

GRETCHEN WHITMER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF LABOR AND ECONOMIC OPPORTUNITY
LANSING

SUSAN CORBIN
DIRECTOR

MEMORANDUM

DATE: December 28, 2021

TO: The Honorable Ken Horn, Chair,
Senate Committee on Economic and Small Business Development

The Honorable Beth Griffin, Chair
House Committee on Workforce, Trades and Talent

FROM: Kim Trent, Deputy Director, Prosperity
Department of Labor and Economic Opportunity

SUBJECT: Public Act 68 of 2020, Section 390.1723
Michigan Reconnect Private Training Learning Initiative Annual Report

Pursuant to Public Act 68 of 2020, Section 390.1723 please find attached the Michigan Reconnect Private Training Learning Initiative Annual Report from the Prosperity Division of the Department of Labor and Economic Opportunity (LEO).

Should you have any questions regarding these reports or need additional information please contact Todd Cook, Director of LEO Legislative Affairs at 517-230-8900.

cc: Members - Senate Committee on Economic and Small Business Development
Members - House Committee on Workforce, Trades and Talent
Chris Harkins, State Budget Director

Mary Ann Cleary, House Fiscal Agency

Reconnect Private Training Learning Initiative (“Skills Scholarship”) Fiscal Year 2021 Legislative Report

Fiscal Year 2021 Results¹

As of September 30, 2021, 104 training providers registered 342 eligible training programs on the Michigan Training Connect (MITC) website for eligible applicants to enroll in (*See Appendix, Table 1*). 3,180 distinct applicants completed a Skills Scholarship application. Of those, 495 enrolled with an eligible training provider and program, with the provider submitting a Skills Scholarship Enrollment Form on or before September 30, 2021. 344 tuition-payment submissions were sent to LEO, resulting in 295 approved invoices. These represent a total of 295 Skills Scholarship Awards and \$ 423,363.50 in total awarded monies to eligible institutions.

Program Design and Operation

The Reconnect Private Training Learning Initiative (Skills Scholarship) program launched on February 2, 2021, administered by the Michigan Department of Labor and Economic Opportunity (LEO). The Communications Department of LEO engaged in a social media campaign publicizing the Skills Scholarship program to Michiganders. Notifications were sent to all potentially eligible training providers on the MITC website, inviting them to participate in the Skills Scholarship program.

Skills Scholarship Provider and Applicant Participation Cycle:

- Eligible training providers in the State of Michigan were required to register their institution (for those not already registered) and eligible programs on the MITC website, including opting-in any eligible programs for inclusion
- Eligible residents within the State of Michigan were invited to apply for the Skills Scholarship, choose an eligible program from the MITC website, contact relevant providers, and enroll in and start classes in the program in calendar year 2021
- Providers submitted an enrollment form for accepted Skills Scholars with student information, institution information, and program details
- LEO staff approved all eligible enrollments and sent notifications to both the Skills Scholarship awardee and training provider
- Providers submitted invoice requests (tuition payment requests) after three weeks of student course attendance
- LEO staff reviewed invoice submissions on a weekly basis. Those invoice submissions that met all necessary requirements were approved and submitted to LEO Payables for processing the payment to the training provider. Approved invoice submissions constitute an awarded Skills Scholarship

¹ The current report was compiled by the following LEO Staff: Andrew Wilson, author, with contributions from Ava Attari and Arica Johnson

Monthly reminder emails were sent to all applicants without an approved enrollment form from an eligible training provider and program. In addition, three phone banking campaigns and three text message campaigns to non-enrolled applicants were conducted to encourage enrollment and provide assistance to applicants. Informational webinars with program instructions and question-and-answer sessions were held for both training providers and Skills Scholarship applicants or prospective applicants.

Review of Changes in Program Model (Phase I versus Phase II)

Phase I (February 2, 2021 - June 1, 2021): Model, Implementation, and Outcomes

The online application was open to the first 1000 applicants, at which point the application was closed to the public. An additional 663 individuals that applied were placed on a waitlist.

Phase I Results and Discussion

- 80 applicants were accepted in the program, as defined as an eligible training provider submitting an approved enrollment form to LEO (*See Appendix, Table 1*)
- The application process was initially restricted to 1000 website applicants, rather than enrollees, many of whom did not enroll with an eligible program. This prevented applicants on the waiting list, or others who had yet to apply, from taking advantage of the program
- As a new program, there was initial confusion among applicants and providers regarding how to navigate the program and grant-seeking process. This required reassessment of communication and online resources to clarify the process for applicants and providers alike

Phase II (June 1st – Present): Change in Application Model

To address the challenges in converting applicants to enrollees, the definition of “accepted applicant” was changed so that their scholarship award was secured only when they had successfully enrolled with an eligible training provider and program. The website application was not restricted in number of applications during Phase II in Fiscal Year 2022.

Communications were improved and several provider and applicant webinars were held to clarify the programmatic policies.

Phase II Results and Discussion

- Total applicant enrollment with an eligible training institution increased from 80 enrollments to 495
- The monthly average enrollment increased from 20 approved enrollments to 104, and the enrollment rate from 5 percent to 16 percent
- The disparity between the \$1,500 award amount and tuition in many programs continues to present a challenge in recruiting participants

- Many training providers did not meet eligibility requirements on MITC during the annual renewal period (July 2021) or failed to complete their annual renewal, resulting in the removal of many providers from the eligible training provider list

Appendix

Table 1: Skills Scholarship Metrics

Metric	
(2)(a) Institutions/Providers	
Total number of eligible institutions approved	104
List of the names of those approved institutions	See Appendix, Table 3
Total number and amount (\$) of awards by each approved institution	See Appendix Table 3
(2)(b) Programs	
Total number of eligible programs approved	342
List of the names or short descriptions of each of those approved programs	See Appendix, Table 4
Total number and amount (\$) of awards for each approved program	See Appendix, Table 4
(2)(c) Individual Applicants, Enrollees, and Scholarship Awards	
Total number of individuals who applied for skills scholarships under section 21(1)(f)(ii)	3180
Total number of accepted applicants	495
Total number of accepted applicants awarded Skills Scholarships	295
Total (\$) amount awarded to enrollees	\$ 423,363
Total number of awardees who completed qualified occupational training programs (i.e., graduated)	88
Total number of accepted applicants who enrolled but did not complete an approved program (i.e., left the program)	50
Total number of accepted applicants still enrolled in a training program	311
Total number of accepted applicants who are waiting to start a training program	39
Total number of applicants still needing reported outcome from a training provider	7
Total number of applicants who have not enrolled yet	2685
List of the names of the credentials earned by skills scholarship recipients	See Appendix, Table 2

Table 2: Skills Scholarship Certificates and Credentials

Professional Certificates or Credentials Listed by Providers	Count
Business Analyst Course Completion Certificate	1
Certificate - Nurse Aide Training	1
Certificate of Completion	28
Certificate of Completion: HVAC	22
Certificate of Training	1
Certified Phlebotomy Technician	4
Completion of Program Climate control technology	1
Heavy Equipment Operator Certification	1
Licensed Practical Nurse	2
Medical Administration & Billing Certificate	1
Patient Care Technician Certificate	3
Pharmacy Technician Certificate and State License	1
Phlebotomy Certificate	2
Salespersons Fundamentals of Real Estate (3040)	2
Certified Nursing Assistant	3
Certificate of Completion: Nurse Aide Training Program	3
Certificate of Completion: HI-1100 - Medical Billing Specialist (v21.1)	1
Certificate of Completion: PT-3000 - Physical Therapy Aide (v21.1)	1
Certification of Completion: Phlebotomy	2
Certified Nursing Assistant Certificate	6
Total	86
