## **Reconnect Private Training Learning Initiative (“Skills Scholarship”) Fiscal Year 2022 Legislative Report**

This report serves as the legislative report on the Reconnect private training learning initiative, or Skills Scholarship, under the Michigan reconnect grant act.<sup>1</sup>

Administered by the Michigan Department of Labor and Economic Opportunity (LEO), this report shares Skills Scholarship program activity which occurred between October 1, 2021 and September 30, 2022 (Fiscal Year 2022).

### *Program Design and Operation*

#### Skills Scholarship Applicant Participation Cycle:

- The Skills Scholarship grant program and application launched on February 2, 2021.<sup>2</sup>
- Eligible residents within the State of Michigan were required to apply for the Skills Scholarship, choose an eligible program from the Michigan Training Connect (MITC) website, contact relevant providers, and enroll in and start classes in the program by December 31, 2021.
- Continuing its social media engagement for the previous fiscal year, the Communications Department of LEO publicized the Skills Scholarship program to Michiganders to raise awareness of the grant program and encourage enrollment by the end of calendar year 2021.
- Following similar efforts in the prior fiscal year, a phone bank campaign and bi-weekly text message campaign were conducted to non-enrolled applicants to offer support in enrolling in an eligible program and to encourage enrollment by the application deadline.
- Monthly reminder emails were sent to all applicants without an approved enrollment form from an eligible training provider and program.

#### Skills Scholarship Provider Participation Cycle:

- Eligible training providers in the State of Michigan were required to register their institution (for those not already registered) and eligible programs on the MITC website, including opting-in any eligible programs for inclusion.
- Providers submitted an enrollment form for accepted Skills Scholars with student information, institution information, and program details.
- LEO staff approved all eligible enrollments and sent notifications to both the Skills Scholarship awardee and training provider.

- Providers submitted invoice requests (tuition payment requests) after three weeks of student course attendance.
- LEO staff reviewed invoice submissions on a weekly basis. Those invoice submissions that met all necessary requirements were approved and submitted to LEO Payables for processing the payment to the training provider. Approved invoice submissions constitute an awarded Skills Scholarship.
  - To timely award students and reimburse providers, providers were required to submit invoices to the department by end of day on February 14, 2022. LEO staff issued several reminders to submit these invoices. Exceptions for meeting this deadline were considered on a case-by-case basis.

*Fiscal Year 2022 Results*

Between October 1, 2021 and September 30, 2022:

- 119 training providers registered 397 eligible training programs on the MITC website for eligible applicants to enroll in.<sup>3</sup>
- 621 distinct applicants completed a Skills Scholarship application.
- 349 enrollments occurred with an eligible training provider and program, with the provider submitting a Skills Scholarship Enrollment Form within the Fiscal Year 2022 timeline.
- 481 invoices were approved and processed representing a total of 481 Skills Scholarship Awards and \$707,010.92 in total awarded monies to eligible institutions.<sup>4</sup>

*Fiscal Years 2021 and 2022 Combined Results*

Between October 1, 2020 and September 30, 2022:

- 125 unique providers registered 418 unique eligible training programs on the MITC website for eligible applicants to enroll in.
- 3,801 distinct applicants completed a Skills Scholarship application.
- 848 enrolled with an eligible training provider and program, with the provider submitting a Skills Scholarship Enrollment Form between the two fiscal years.
- 776 invoices were approved and processed, resulting in 776 approved invoices. These represent a total of 776 Skills Scholarship Awards and \$1,130,374.41 in total awarded monies to eligible institutions.

---

<sup>3</sup> To meet federal reporting requirements, providers are required to renew their registration between July 1 – 31 annually on the MITC website. This number includes providers and programs who were registered in the previous fiscal year and re-registered, and new providers or programs that were not previously registered.

<sup>4</sup> Providers were required to wait at least 3 weeks or 21 days, after a student began their program, before submitting an invoice to request payment for an enrollee. This number represents the number of invoices submitted in Fiscal Year 2022, which includes Skills Scholarship students who enrolled in Fiscal Year 2021.
