(e) Summary of Employment Supports and Services: For the purposes of this report, Employment Supports and Services are categorized as follows:

- 1) Self-Service Basic Career Activities: These activities require minimal staff intervention and include but are not limited to registering for work to receive

unemployment insurance benefits, self-directed job search, labor market research, and referral to supportive services.

- 2) Staff-Assisted Basic Career Activities: These activities require moderate staff assistance and include but are not limited to education and job readiness assessments, career counseling, job search assistance, and job placement assistance.
- 3) Staff-Assisted Individualized Activities: These activities require substantial staff assistance and include but are not limited to comprehensive assessments, developing individualized employment plans, basic skills and English language training programs, counseling, career planning, internship and work experience activities, and workforce preparation activities.
- 4) Staff-Assisted Training Activities: These activities require substantial staff assistance and are often provided through third-party training providers. They include but are not limited to on-the-job training, skill upgrading, occupational skills training, and apprenticeship training.
- 5) Staff-Assisted Other Activities: This category of service represents individuals who are currently working with the Michigan Works! Typically, this will be individuals who receive assistance from the Family Independence Program (FIP) or Supplemental Nutrition Assistance Program (SNAP) but are temporarily unable to participate in Employment Supports and Service.
