**Footnotes:**

<sup>1</sup> Includes WIOA, PATH, TAA, and Food Assistance Employment & Training data.

<sup>2</sup> Measured in weeks; calculated from the date training began to when training ended. This column only captures individuals who exited the program during the reporting period.

<sup>3</sup> There may be a duplication in counts as participants move between programs or institutions.

<sup>4</sup> The wage amount is captured at the time a participant exits the program.

<sup>5</sup> Includes WIOA and TAA data only.

<sup>6</sup> The MWA total average is weighted by the number of participants included in the calculation for each MWA; it is not a simple average.

<sup>7</sup> The statewide average is derived by taking the number of participants in each MWA multiplied by the wage earned by each participant.
