⁹ The amount includes benefits paid to impostors for the period of June 1, 2013, through December 31, 2024, that have been identified as of January 17, 2025. There are outstanding criminal matters pending and investigations still in progress for benefits paid during the period of January 1, 2015, through December 31, 2024. As noted in a December 29, 2021, reported prepared by Deloitte, For the period March 1, 2020, to September 30, 2021, an estimated \$2.7-\$2.8 billion was paid to claims involving likely impostor fraud. Of importance, it is estimated that most of those dollars paid were federal benefits from federal programs created during 2020. As the criminal matters conclude and work continues by the Agency, the dollar amount of benefits paid to impostors for the period of June 1, 2013, through December 31, 2024, will be updated in future reports. During 2024, the Agency detected impostors were occasionally successful with phishing schemes. As a result, some claimants provided log-in credentials and verified their credentials. Impostors were then able to then take-over a claimants account and change banking information to receive benefits.

[LEO - UIA: Be alert to thieves changing bank information on claims to steal benefits](#)

¹⁰ The total amount of benefits recovered from impostors is the portion of restitution amounts received per court orders during calendar year 2024. Court orders are obtained through the judicial process because of investigation work completed by the Unemployment Insurance Agency Investigations Division in cooperation with multiple enforcement agencies including the Office of Inspector General for the Department of Labor, United States Attorneys' Office, Michigan State Police, United States Postal Inspector Services Office, and other enforcement agencies.
