<sup>6</sup> As noted in a November 25, 2020, report prepared by Deloitte, changes were made under directives given by the then Director of the Unemployment Insurance Agency which resulted in temporary alterations and changes to the established policies, procedures, and proprietary tools such as the Fraud Manager program. During the current reporting period, established policies, procedures, and propriety tools were restored and have been supplemented with continuous use of resources and tools to mitigate and detect fraud. See Deloitte report for further details:

<sup>7</sup> Reports can be submitted online through the *Report Fraud* or *Report Identity Theft* feature at [www.michigan.gov/uia](http://www.michigan.gov/uia), through employer’s Michigan Web Account Manager (MiWAM) account(s), by mail, by fax, in-person at a local office, or by calling the Unemployment Insurance Agency’s fraud hotline.

- (f) The total amount of benefits paid to impostors<sup>9</sup> and the total amount recovered<sup>10</sup> from impostors.

<sup>8</sup> Affidavits (Statement of Identity Theft – UIA 6349) can be submitted online through the *Report Identity Theft* feature at [www.michigan.gov/uia](http://www.michigan.gov/uia), through claimant’s MiWAM account, by mail, by fax, or in-person at a local office. The Agency notes that during 2021, over 50,000 reports of identity theft were submitted to the Agency by potential victims of identity theft. As part of the process to report potential identity theft to the Agency, potential victims can also submit an affidavit to the Agency. This figure shows the reports to the Agency that also included the Statement of Identity Theft – UIA 6349.

<sup>9</sup> The amount includes benefits paid to impostors for the period of January 1, 2016, through December 31, 2021, that have been identified as of January 28, 2022. There are outstanding criminal matters pending and investigations still in progress for benefits paid during the period of January 1, 2016, through December 31, 2021. As noted in a December 29, 2021, reported prepared by Deloitte, For the period March 1, 2020, to September 30, 2021, an estimated \$2.7-\$2.8 billion was paid to claims involving likely impostor fraud. Of importance, it is estimated that 2.9% of total estimated fraud paid was from the claims paid out on state issued unemployment claims paid out of the trust fund. While most of these estimated payments were federal benefits from federal programs created during 2020, there is a significant amount of work that must be completed before the Agency will be able to report on the full impact and total benefits paid to impostors during 2020. As the criminal matters conclude and work continues by the Agency, the dollar amount of benefits paid to impostors for the period of January 1, 2016, through December 31, 2021, will be updated in future reports.

<sup>10</sup> The total amount of benefits recovered from impostors is the restitution amounts per court orders during calendar year 2021. Court orders are obtained through the judicial process because of investigation work completed by the Unemployment Insurance Agency Investigations Division in cooperation with multiple enforcement agencies including the Office of Inspector General for the Department of Labor, United States Attorneys’ Office, Michigan State Police, United States Postal Inspector Services Office, and other enforcement agencies. In 2021, given the minimal criminal
