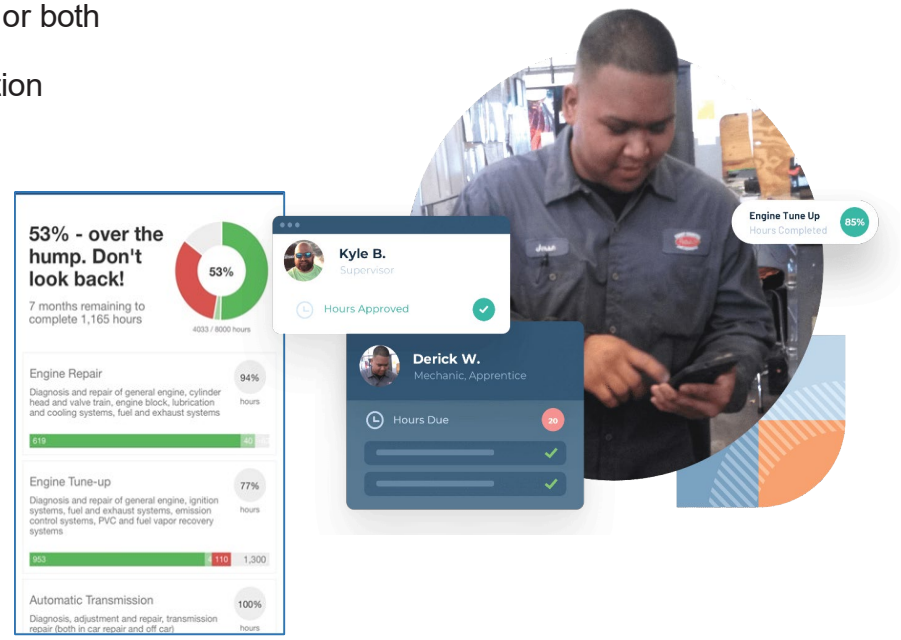
WORKHANDS

Running a Registered Apprenticeship Program can be hard.

WorkHands, a Registered Apprenticeship participant tracking application with online reporting makes it easy! WorkHands automates the process by accelerating onboarding, tracking, compliance and reporting through one inter-connected online platform.

- Automated e-tool tracking (online & mobile)
- Apprentices record progress as they learn
- Automatic reminders to submit & approve
- Track hours, competencies, or both
- Secure cloud-based application
- Visual progress reports



With WorkHands, Registered Apprenticeship sponsors in Michigan can easily manage one or hundreds of apprentices through quick connections to mentors / supervisors, in any industry, sector and apprenticable occupation. Sponsors and Registered Apprentices can manage their program and progress from anywhere, streamlining tracking of on-the-job learning, related technical instruction and more.

If you are a Registered Apprenticeship Program sponsor, employer or apprentice in Michigan and are interested in using WorkHands without charge, please contact Katie Carnavale at mailto:katie@workhands.us
