WHAT DOES ADULT EDUCATION DO?

Adult Education helps you to improve your reading, writing and math skills, and to get a high school diploma or equivalent. Classes may be available either face-to-face or online and can lead to training and good jobs through partner programs.

WHY IS EDUCATION IMPORTANT?

Today's good jobs and most training programs require more than a high school diploma or equivalent. Those with a high school diploma or equivalent earn over $6000 more per year than those without one.

WHAT ADULT EDUCATION SERVICES ARE RIGHT FOR ME?

Over 100 Adult Education programs statewide provide a range of free or low-cost services designed to improve your reading, writing and math skills that can prepare you to earn an adult high school diploma or its equivalent. Instruction may be available one-on-one, in a classroom setting or online. Adult Education is an opportunity to develop the skills necessary for college, training, or employment.
