# Overview

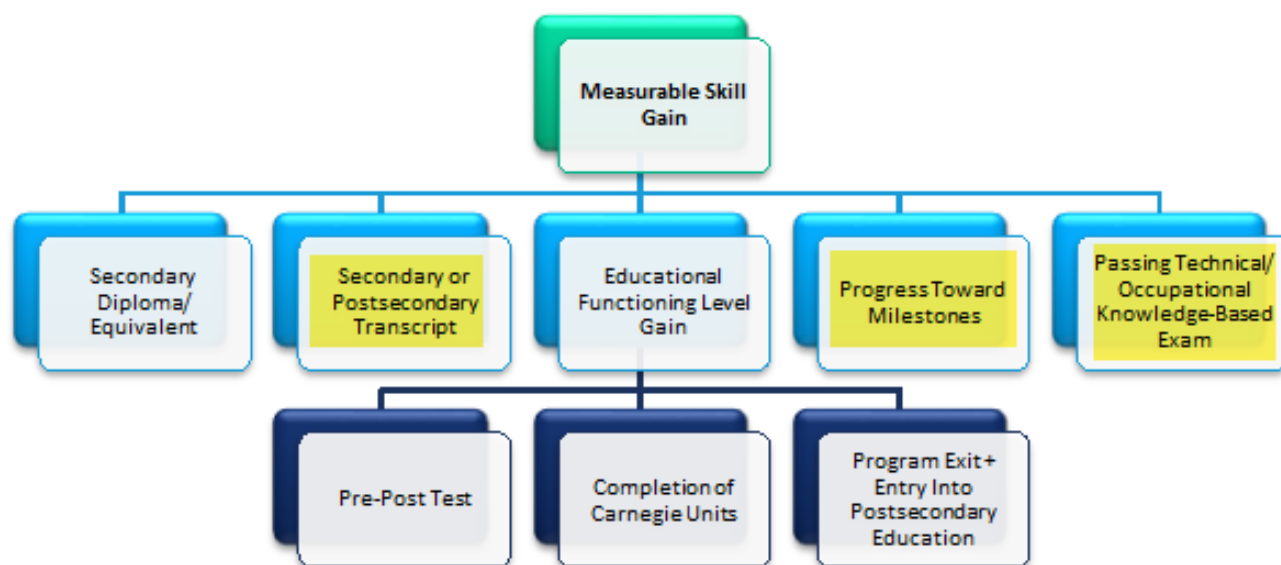

Three additional Measurable Skill Gains (MSGs) have been added as achievements for WIOA and Section 107 performance beginning program year 2021-2022 for participants eligible for the following program types:

- ***Integrated Education and Training program (IET)***
- ***WorkPlace Literacy Program***

# What is an MSG

MSG is used to demonstrate participants' progress toward achieving a credential or employment. There are 5 MSGs. A participant can achieve more than one MSG in a program year but will only be counted under the last one achieved on the NRS reports.

## Five Types of Measurable Skill Gains under WIOA

## Introducing three additional MSGs:

- Postsecondary Transcript
- Progress Toward Milestones
- Passing Technical Occupational Knowledge-Based Exam

# Eligible Participants

The three additional MSGs can be used to document achievements for participants only in *IET* or *Workplace Literacy* programs. The program types are selected within the **Eligibility** screen on the **Program Type** tab.

Data entry and collection of these MSGs is in the **Achievements** module. If a participant is not eligible for one of these programs, the additional MSG tabs will not display in the **Achievements** screen.

# Postsecondary Transcript

## **Postsecondary Transcript Example:**

Carlos participated in an IET program at a local community college for certified, licensed automotive technicians. The IET program uses a co-teaching model that integrated basic skills and workplace preparation into the college's technical course for automotive technicians.

The program is a 30-hour semester program and includes basic reading and math skills related to the occupation; it is taught by instructors from the adult education program.

Upon completion of the course, the adult education program obtained Carlos's transcript, which shows satisfactory completion of the postsecondary course.

## **Why this counts as an MSG:**

The college maintains a postsecondary transcript for the automotive technician course.

The transcript shows that Carlos attended a sufficient number of hours and demonstrated satisfactory progress.

# Progress Towards Milestones

## Definition:

Participants who had a satisfactory or better progress report towards established milestones from an employer or training provider. Documentation of a participant's increase in pay resulting from newly acquired skills or increased performance is also acceptable.

This screenshot shows the top navigation bar with tabs for GED, HiSET, TASC, HSD, Postsecondary, Postsecondary Transcripts, **Milestones**, and Passage of Occupational Exams. Below the tabs is a table with columns: Row, PY, Date Achieved, Description, Last Updated, By User, and Source. A red arrow labeled '1' points to the 'Description' column header. Below the table is a button labeled 'Enter new Milestone' with a red arrow labeled '2' pointing to it. At the bottom are buttons for 'Update', 'Update and go to Achievements', 'Reset Form', and 'Cancel'.

This screenshot shows the 'Enter New Milestone' form. At the top, there is a header with fields for Registration ID (12204089), Participant Name (20 ELLE), Local Stud. No (EL20), Status (Active as of 01/01/2022), and Record Provider (JOHNSON AE (Code: JOHNSON2)). Below this is the same navigation bar as the previous screenshot, with the 'Milestones' tab selected. The 'Enter new Milestone' button is highlighted. Below the button are the 'Update', 'Update and go to Achievements', 'Reset Form', and 'Cancel' buttons. The main form area is titled 'Enter New Milestone' and contains three input fields: 'Date Achieved:' (with a red arrow labeled '3' pointing to it), 'Description:' (with a red arrow labeled '4' pointing to it), and 'Last Updated: By User:' (with a red arrow labeled '5' pointing to it). At the bottom of the form are 'Submit' and 'Cancel' buttons.

3. Enter **Date Achieved**. To count toward an MSG/107 Performance, date achieved must be on or after the registration date and by June 30<sup>th</sup> of the program year.
4. Enter a detailed description regarding the progress report toward an established milestone.

# Progress Towards Milestones

## **Progress Towards Milestones Example:**

The adult education program begins to offer customized English language acquisition courses and training at a chicken processing plant after collaborating with plant management to develop flexible, adaptable milestones that are measurable and that reflect the job requirements for career advancement opportunities in the plant. Established milestones include the following: (a) improved English proficiency using job-related vocabulary and oral communication, (b) improved written and oral communication skills during in-service and/or required plant trainings, and (c) the ability to read all plant safety protocols and communicate their meaning to plant management in the event of an emergency.

Plant management and adult education instructors develop a progress reporting tool to exchange information about each employee's progress toward the established milestones. The plant manager and the adult education program director agree to exchange progress reports. The adult education program uses the progress reports to determine whether each student is making sufficient progress toward the established milestones.

## **Why this counts as an MSG:**

The employer and adult education provider established three progress milestones that identified specific participant outcomes before the start of the program. They established a routine method for tracking progress toward the milestones through progress reports.

# Passing Technical Occupational Knowledge-Based Exam

## **Passing Technical Occupational Knowledge-Based Exam Example:**

A heating and air conditioning service company wants to open a new facility and needs certified technicians. The state requires the certifications for licensure. The employer cannot find sufficiently qualified applicants and contacts a local adult education program to develop a training program. The employer and program staff develop an IET program that includes contextual literacy skills instruction, workplace preparation, and job training. The training encompasses three phases, and after each phase, participants take an assessment that measures their skills mastery in each phase. Program participants are certified for the job when they successfully pass the final assessment.

## **Why this counts as an MSG:**

The IET program trains participants for a specific occupation, which requires successfully passing a multipart exam to achieve certification. Passing each part of the exam demonstrates progress toward completion, and passing the final exam certifies participants for the job.

# Documentation

MSG Type and Name	Most Likely Program Type	Valid Documentation
<b>Postsecondary Transcript</b>	Participants enrolled in IET programs that co-enroll participants in postsecondary occupational courses	Transcript showing satisfactory progress in applicable courses, according to state academic standards and with sufficient credit hours.
<b>Progress Toward Milestones</b>	Participant in WorkPlace Literacy	A satisfactory or better progress report toward established milestones, set in partnership with an employer or documentation that the participant had an increase in pay resulting from newly acquired skills or improved performance.
<b>Passing Technical Occupational Knowledge-Based Exam</b>	Participants enrolled in IET	Passing an exam required for a specific occupation or demonstrating progress in attaining technical or occupational skills reflecting trade-related benchmarks.

# Performance Reporting and System Edit Checks

## Reporting

The following reports will track and calculate the additional MSGs into performance:

- NRS Tables 4, 4A, and 4C
- NRS Table 11
- Statewide Performance Report
- EFL Performance Snapshot
- Participant Performance Summary
- Online Achievements and Outcomes Report

*Note: The non-NRS reports are updated with the additional MSGs however the NRS tables will not be revised until August 2022.*

## System Edit Checks

- The additional MSGs will not display for participants who are not in ***IET*** or ***WorkPlace Literacy*** program types.
- Removal of an ***IET*** or ***WorkPlace Literacy*** program type when one or more of the additional MSGs have been saved will result in the automatic deletion of the achievement entry.
