

APPLICATION FOR FTS USER ACCOUNT – BOM, WDCA, WDCAC, AGENCY

Michigan Department of Labor and Economic Opportunity
Workers’ Disability Compensation Agency
P.O. Box 30016, Lansing, MI 48909

INSTRUCTIONS

The Michigan Workers’ Disability Compensation Agency is now accepting filings from licensed Michigan attorneys via upload through Michigan File Transfer Service (FTS), a secure electronic file transfer portal. The service was formerly known as the Date Exchange Gateway (DEG). An application may be submitted for an individual user account or for a single account to be used for an entire firm. Existing account users should submit a new application for access to the additional mailboxes which will be accessed by your existing Mailbox name and password. Note: if the account is established for a firm, any documents transmitted back to that firm mailbox address will be deemed served upon the individual attorney handling the claim.

Once the FTS account is established, documents may be submitted for contested cases including cases pending before the Board of Magistrates, and the Director, and the Workers’ Disability Compensation Appeals Commission. A list of documents accepted will be sent with your User ID credentials and directions.

Upon completion of any transmission, no confirmation will be sent. You will be contacted only if there is an issue with the submission. Your FTS home screen for your account will indicate when a document was received and downloaded by the WDCA.

Please complete this application form and email it to kurikesuj@michigan.gov. Once the form is received and approved you will receive user instructions including User ID and Password.

If you already have an account as an FTS (formerly DEG) user, you still need to fill out the new application to request access to these additional mailboxes. You will use the same User ID and password.
