DRUG TESTING PROCEDURES

At a minimum, agencies must test for the following six (6) classes of drugs or their metabolite:

<u>Drug/Metabolite</u>	<u>Decision Level</u>
Amphetamines*	300 or 1000 ng/ml
Barbiturates	300 ng/ml
Cocaine metabolites	300 ng/ml
Marijuana metabolites*	50 or 100 ng/ml
Opiates	300 ng/ml or 2000 ng/ml
Phencyclidine (PCP)	25 ng/ml

Note: When two (2) initial test levels are indicated, an agency may select either test level at its option.
Confirmation shall be by Gas Chromatography/Mass Spectrometry (GC/MS)

Order the drug testing by Test Code: If your laboratory choice does not have a test code, please reference the information in the above chart.

A list of the Commission's approved laboratories authorized to participate in the mandatory drug screening program appears on the preceding page of this notice.

Reporting Positive Test Results: Agencies shall report "positive" drug results for any individual reported "positive" by a laboratory using the Law Enforcement Officer Candidate Drug Test Report form TC-4 (Revised 5-09) and available on the website at www.michigan.gov/mcoles. The laboratory report for the individual shall be attached to the Drug Test Report.

Reporting a Refusal or Failure to Report: Agencies shall report any individual who is told to report for a drug test but refuses or fails to do so, by using a Law Enforcement Officer Applicant Drug Test Report form TC-4 (Revised 5-09), available on the web site at www.michigan.gov/mcoles. Agencies shall report the circumstances of a "refusal" or "failed to report" on the Drug Test Report.
