

Michigan Craft Beverage Council FY22 Research Grants

Grantee	Project Title	Amount
P45	Parallel 45's Proposal to Bring More Educational and Training	\$4,000.00
Michigan State University	***New Apple Varieties for Michigan Hard Cider Production	\$25,770.00
Michigan State University	Evaluation of Corn Varieties for the Michigan Craft Distilling Industry	\$26,527.00
Michigan State University	Evaluation of new herbicide (tiafenacil) in Michigan hops for crop safety and weed control.	\$10,466.00
Michigan State University	*On-going Investigation of Winter Hardiness to Advance Winter Malting Barley as a Climate Adaptation Strategy in Michigan	\$40,000.00
Michigan State University	**Role of planting date and seeding rate in optimizing winter survival, yield, and quality of malting barley	\$19,641.00
Michigan State University	**Evaluating Terroir of Rye Whiskey in Michigan – Genotype x	\$25,877.00
Michigan State University	Investigation of apple fruit rot control and of the diversity of wild yeast populations on cider and dessert apple varieties and outcomes on fermentation	\$25,909.00
Michigan State University	*Field scale management of late season cluster rots to increase crop quality of Michigan wine grapes	\$40,000.00
Michigan State University	Monitoring statewide grapevine cold hardiness evaluations to develop the Michigan Grapevine Cold Hardiness Model.	\$20,172.00
Michigan State University	Meeting Michigan Grape and Wine Industry's Educational Needs	\$21,746.00

Michigan State University	*Reducing fungicide inputs without sacrificing late season disease management and crop quality in Michigan hop and barley production	\$35,000.00
Michigan State University	Evaluation of a Greenhouse Ecosystem to Manage Craft Beverage Wastewater	\$39,892.00
Total		\$335,000

*Continuation, years previously funded
