## Notice of Drainage Board Meeting For Determination of Necessity

**RILEY AND DELL INTERCOUNTY DRAIN**  
(Eaton and Barry Counties)

**DATE:** September 20, 2022  
**TIME:** 5:30 p.m.  
**LOCATION:** Sunfield Township Hall  
145 Main St., Sunfield, Michigan

The Riley and Dell Intercounty Drain Drainage Board will meet at the above date, time and location to hear all interested persons, receive evidence and determine whether the maintenance and improvement, as set forth in the petition dated May 5, 2021, is necessary and conducive to the public health, convenience, or welfare pursuant to Chapter 8 of Public Act 40 of 1956, as amended.

Proceedings conducted at this public meeting will be subject to the provisions of the Michigan Open Meetings Act. Written comments may be submitted prior to the meeting, or additional information may be obtained from the following offices:

**Richard Wagner**  
Eaton County Drain Commissioner  
1045 Independence Blvd.  
Charlotte, Michigan  
517-543-3809

**Jim Dull**  
Barry County Drain Commissioner  
220 W. State St.  
Hastings, Michigan  
269-945-1385

Persons with disabilities needing accommodations for effective participation in the meeting should contact the Drain Commissioner of their County at the number listed above or through the Michigan Relay Center at 7-1-1 (TDD) at least 24 hours in advance of the meeting to request mobility, visual, hearing or other assistance.

Anyone aggrieved by the decision of the Intercounty Drain Drainage Board may seek judicial review pursuant to MCL 280.122a.

Dated: August 18, 2022

August 18, 2022

**CERTIFIED MAIL**

Mr. Richard Wagner  
Eaton County Drain Commissioner  
1045 Independence Blvd.  
Charlotte, MI 48813-1095

Mr. Jim Dull  
Barry County Drain Commissioner  
220 W. State St.  
Hastings, MI 49058

**RE: Riley and Dell Intercounty Drain**

Dear Commissioners:

Enclosed is a Notice of Meeting of the Drainage Board to determine the necessity of the Chapter 8 petition to maintain and improve the **Riley and Dell Intercounty Drain**. Please retain a copy of the notice for your records.

Please follow the following instructions carefully. Notice of the meeting shall be served by each county, not less than 10 days before the meeting, as follows:

1. Publish the notice in a newspaper of general circulation in the drainage district.
2. Provide notice by personal service or certified mail to the county clerk and a member of the board of county road commissioners of each county, and to the supervisor of each township and clerk of each city and village in the drainage district. If there are state highways in the drainage district, we also recommend service on the director of the Michigan Department of Transportation by certified mail, even though this is not specifically required in Section 122.
3. Provide notice by first-class mail on each person whose name appears on the last city or township tax roll as owning land in the drainage district, at the address shown on the roll.
4. Post the notice in your office or your building where other such notices are posted. If your county maintains a website that is accessible to the public, the notice shall also be posted on the homepage or other webpage dedicated to public notices.

All expenses of notification shall be paid by the treasurer county of the Drainage Board.

**Eaton County**, please arrange for a court reporter to be present to take a transcript of the meeting.

Finally, **please provide this office with a copy of the Proof of Publication, Affidavit of Mailing, Affidavit of Posting, and Proof of Service for the drain**. If you have any questions regarding any of these requirements, please contact me at 517-284-5624.

Sincerely,

Brady Harrington  
Deputy for the Director

10. Motion determining which cities, villages, and townships, if any, should receive an at large assessment for benefit to public health.
11. Motion to retain financial consultant(s) and authorize interim borrowing
12. Closing comments and administrative procedures
13. Adjourn

## **History and procedure**

The Eaton County Drain Commissioner received a petition from Sunfield Township on May 5, 2021 requesting maintaining and improving, and consolidating with the Woodbury Village Intercounty Drain of the Riley and Dell Intercounty Drain to address drainage issues in Sunfield Township in Eaton County and Woodland Township in Barry County.

The Drainage Board met on October 26, 2021 and determined that the petition was sufficient and the requested improvement was practical. The Drainage Board retained Spicer Group, Inc. to provide preliminary engineering alternatives and cost estimates.

Today's meeting is to make a public presentation of the preliminary engineering study and engineer's recommendations and cost estimates and to receive additional public testimony. The Board will make a decision based on the engineering study and testimony received at this hearing and earlier in the process, from the petitioners, landowners and local officials as to whether or not it is necessary for the good of the public health, convenience, or welfare to proceed with some level of construction project to provide the relief requested.

The decisions today will be made by a majority vote of this Board. The Chairperson does not vote except in the event of a tie (abstentions are not allowed)

Again, it should be made clear that the Board will be deciding if there should be a project to address the relief requested in the petition and whether the project is necessary for the good of the public health, convenience, or welfare.

If the Board makes the determination that there is no need for any level of project, and there is no appeal, the petition process comes to an end and the costs of the procedure to date will be apportioned among the drainage district counties. These costs will be apportioned according to the benefits that would have accrued to the counties if the project had been completed.

If this Board finds a project Necessary at the end of today's proceedings and there is no appeal within the designated 10 days, this Board in conjunction with the recommendations of the engineer and testimony received from the hearing process, will decide on scope and breadth of the project to be constructed.

You have the right to appeal the decision of the Board whether the Board decides yes or no. Your appeal is to the Circuit Court of the county in which you reside, within 10 days of today's hearing. The scope or design of the project is not subject to appeal.
