¹ The State will pay up to 80% of the applicable total premium, capped at the dollar amount which the State pays for the same coverage code under the State Health Plan PPO.

² Deductible amounts for all health plans are effective January 1 and renew annually on a calendar basis. The deductible for the HDHP is combined for medical and pharmacy.

³ The PPO individual deductible is the maximum amount that applies to any one family member. The family deductible is the combined maximum deductible amount that applies to any combination of family members. One family member is not required to reach the individual deductible before that family deductible can be met. Additionally, one family member cannot contribute in excess of the maximum amount of the individual deductible.

⁴ The HDHP individual deductible only applies to employee only coverage. The family deductible applies to the coverage of employee plus spouse and/or other dependents. The applicable deductible must be fulfilled prior to services being paid by the plan. Any one member of the family or any combination of family members may fulfill the entire family deductible.

⁵ Coinsurance Maximum amounts for all health plans are effective January 1 and renew annually on a calendar basis.

⁶ Out-Of-Pocket Maximum amounts for all health plans are effective January 1 and renew annually on a calendar basis. Only In-Network deductibles, fixed-dollar copayments, prescription drug copayments, and coinsurance apply toward the out-of-pocket maximum.

⁷ The HDHP copays apply after the deductible has been met. The HDHP deductible does not apply to certain preventive medications.

⁸ Preventive Services are not subject to the deductible.

⁹ Patient Protection and Affordable Care Act (PPACA) guidelines apply.
