

**MICHIGAN STATE POLICE TROOPERS ASSOCIATION (MSPTA)-REPRESENTED (T01)<sup>1</sup> EMPLOYEES TAXATION OF OTHER ELIGIBLE ADULT INDIVIDUAL (OEAI) BENEFITS FOR CALENDAR YEAR 2025**

*The purpose of this document is for estimating taxes associated with adding an OEAI. Your taxation may vary as this is only a rough estimate. If you have questions about the tax implications of enrolling in OEAI benefits, you should contact an accountant or attorney for specific guidance.*

In accordance with IRS regulations, State of Michigan employees are responsible for paying taxes associated with the fair-market value of enrolling an OEAI and the OEAI’s dependents. Fair-market value means what you would have to pay for an individual policy for your OEAI and their dependents in the open market.

Use the charts below to determine the **approximate** taxable amount you will pay as a result of adding an OEAI to your health coverage. This amount will be added to your taxable gross income and associated taxes will be withheld through payroll on a biweekly basis.

Federal Tax Bracket	Plus State Tax Rate	Plus Medicare Tax Rate <sup>2</sup>	Total Tax Rate <sup>3</sup>
10%	4.25%	1.45%	15.7
12%	4.25%	1.45%	17.7
22%	4.25%	1.45%	27.7
24%	4.25%	1.45%	29.7
32%	4.25%	1.45%	37.7
35%	4.25%	1.45%	40.7
37%	4.25%	1.45%	42.7

To estimate the increase in your taxable income and the resulting increase in tax withholdings, please follow the instructions below.

Determine the Biweekly Taxable Amounts for health insurance based on the chart below. This will give you the **approximate** increase to your taxable gross income.

Health Plans	OEAI	OEAI & Dependents
State Health Plan PPO <sup>4</sup>	\$424.50	\$737.98
Blue Care Network	\$589.90	\$1,022.12
Health Alliance Plan	\$506.96	\$879.65
C.O.P.S. Health Trust Plan 1	\$340.31	\$593.33
C.O.P.S. Health Trust Plan 2	\$297.94	\$520.55
C.O.P.S. Health Trust Plan 3	\$437.65	\$760.56
C.O.P.S. Health Trust Plan 4	\$246.05	\$430.60

Multiply your estimated Total Tax Rate by the Biweekly Taxable Amount to determine the approximate biweekly tax you will pay for health benefits for your OEAI.

**Example 1:** If you are an employee with State Health Plan PPO health coverage, are in a 24% Federal tax bracket, and are adding an OEAI, the following estimated tax would apply:

Health Plan Biweekly Taxable Amount:	\$ 424.50
Total Tax Rate:	x .297
Amount of Biweekly Tax Withholding Increase	\$ 126.08

**Example 2:** If you are an employee with State Health Plan PPO health coverage, are in a 12% Federal tax bracket, and are adding an OEAI and at least one OEAI dependent, who is not otherwise your dependent, the following estimated tax would apply:

Health Plan Biweekly Taxable Amount:	\$ 737.98
Total Tax Rate:	x .177
Amount of Biweekly Tax Withholding Increase	\$ 130.62

<sup>1</sup> DROP employees are not eligible to cover an OEAI or OEAI dependent child(ren).

<sup>2</sup> The Medicare Tax Rate is 1.45%. These qualified enlisted officers are exempt from social security taxes per Section 218 agreement with the IRS. Troopers hired before 4/1/1986 should exclude the Medicare percentage when calculating estimated taxes.

<sup>3</sup> If you live in a municipality with a local tax (e.g., Lansing), you will also need to consider that tax in your calculation.

<sup>4</sup> If enrolled in the State Health Plan PPO, and the employee has Medicare, the approximate biweekly taxable amount that should be used in the calculation is \$293.89 for Employee & OEAI coverage or \$514.30 for Employee, OEAI & Dependent coverage.

Note: The purpose of this document is for estimating taxes associated with adding an OEAI. Your taxation may vary as this is only a rough estimate. If you have questions about the tax implications of enrolling in OEAI benefits, you should contact an accountant or attorney for specific guidance.
