

March 2016

New Federal Tax Forms will be sent to employees this year under the Affordable Care Act. Employees offered coverage may receive a 1095-C from the State of Michigan. Employees enrolled in an HMO at any point during 2015 may also receive a 1095-B from the HMO. These forms are not required to complete your federal tax returns, and it is not necessary to wait for them in order to file. Questions on these forms should be directed to a tax professional. You may also visit the State Budget Office's [Frequently Asked Questions](#) page for more information.

Limited Pay-Period Premium Holidays: LTD premiums will resume on the 4/21/2016 pay warrant. Visit the Premium Holiday Page for more info.
