Sign up for digital documents

There's no need to slow down. When you sign up for Medicare Advantage **digital plan documents** from Blue Cross Blue Shield of Michigan and Blue Care Network, you can view them when, where and how you want.

Why choose digital?

- **Safe, convenient access.** Find your documents and plan information online in one **secure** location using your cell phone, tablet or computer. Take your plan information to the doctor, pharmacy and on vacation. We store your documents securely, so you don't have to.
- **Faster notification.** We'll email you when a new plan document is **ready to view**. There's no need to wait for a paper copy to arrive. Review your documents on your cell phone, tablet or computer.
- **Less clutter.** Fewer paper mailings help you stay **organized**. You can sort your digital plan documents, then click on the document to get the information you need. You'll have fewer documents to shred.
- **Environmentally friendly.** Reducing mailed documents saves trees and reduces paper waste going to landfills.
