5-10.2 Paid Leave

(a) Leave accrual and accumulation.

(3) Sick leave. A career employee in the classified service is credited with 4 hours of sick leave with pay for each completed 80 hours of service. An employee paid for less than 80 hours in a biweekly pay period is entitled to a prorated amount of sick leave. Paid service in excess of 80 hours in a biweekly pay period is not counted.

(b) Leave use and limitations.

(2) Crediting and use of sick leave. An employee is credited with sick leave in accordance with the compensation plan. An employee may use sick leave in accordance with the compensation plan. An appointing authority may require an employee to present medical certification of physical or mental fitness to continue working. The appointing authority may require an employee to be examined at state expense by a physician selected by the appointing authority.

(3) Other limitations. Annual, personal, school and community participation, and sick leave cannot be authorized, accumulated, or credited in excess of limits established in the compensation plan.

3. Standards

A. Crediting and Accumulation. Every career employee is credited with 4 hours of sick leave for each 80 hours of service completed.

1. Paid service above 80 hours in a biweekly work period is not counted.
2. If paid service is below 80 hours in a biweekly work period, leave credits are prorated based on hours in pay status for that pay period.
3. Temporary layoff and Plan A time is included in computing service hours for sick leave credits, under rule 2-4.4.
4. Sick leave is credited after the biweekly work period when it is earned.
5. Sick leave is accumulated during the employee's period of classified service.

B. Use.

1. Any sick leave use must have the appointing authority's approval.
2. Sick leave is available only in biweekly periods after it is earned. Sick leave cannot be credited or used in anticipation of future accruals. Absent applicable accrued leave, compensation reduction for lost time is made for the work period when an absence occurred. The employee may elect to not use annual leave to cover such absence.
3. The employee must certify all sick leave use by such evidence as the appointing authority requires. Falsifying such evidence is cause for dismissal.
4. Sick leave may be used by an employee for the following:
 - a. Personal illness, injury, serious health condition, temporary disability, exposure to a contagious disease endangering others, or illness or injury in the immediate family necessitating absence from work. Immediate family is defined as the employee's spouse, children, grandchildren, parents, foster parents, parents-in-law, siblings, and any persons whose financial or physical care is the employee's principal responsibility.
 - b. Appointments with a doctor, dentist, or other recognized practitioner to the extent required to complete such appointments when appointments cannot be arranged during non-duty hours.
 - c. Death or attendance at the funeral of a relative or person whose financial or physical care is the employee's principal responsibility.
 - d. Work incapacitating injury or illness for which an employee may be eligible for disability benefit under the Michigan Workers' Compensation Act, to supplement the employee's disability benefit to the employee's regular wage.

- e. Through December 31, 2020, absences needed to care for the employee's child whose school or place of care has been closed by order of the governor during the current COVID-19 declaration of emergency.
- f. Through December 31, 2020, absences where a state or local public-health official or healthcare provider has determined that isolation of the employee or the employee's immediate family member for whom the employee's provision of care is required to not jeopardize the public health during a declared public-health emergency based on specific exposure to COVID-19.

C. Emergency Paid Sick Leave.

Caring for the employee's minor child, or child 18 years of age or older and incapable of self-care because of a mental or physical disability, whose school or place of care or childcare provider is closed or unavailable, due to COVID-19 precautions, and no other suitable person is available to care for the child.
 - f. Experiencing any other substantially similar condition specified by the Secretary of Health and Human Services.
