Guidelines

This report identifies out-of-state travel of classified and unclassified employees occurring in the preceding fiscal year and financed from appropriated funds and internal service funds.

The report is organized according to the date sequence of travel occurrences. Travel occurrences with travel begin dates in October will be listed first; travel dates occurring in September will be listed last.

The brief statement of the reason for the travel should justify the travel and its importance to the state.

List the Authorization Code that relates to the reason the travel was allowed. See the A through G listing at the bottom of the report.

The cost for each travel occurrence must include the cost of lodging, meals, airfare, train, or other mode of transportation used for out-of-state travel.

The report is submitted to the chairs and members of the Senate and House Appropriation Committees, to the Senate and House fiscal agencies, and to the State Budget Director.

Due date: not later than January 1st
