Privacy Act Statement

Section 9 of the National School Lunch Act requires that, unless a SNAP or FDPIR case number or SSI or Medicaid assistance identification number is provided for the adult for whom benefits are sought, you must include a social security number on the application. This must be the social security number of the adult household member signing the application. If the adult household member signing the application does not possess a social security number, he/she must indicate so on the application. Provision of a social security number is not mandatory, but if a social security number is not provided or an indication is not made that the adult household member signing the application does not have one, the application cannot be approved. This notice must be brought to the attention of the household member whose social security number is disclosed. The social security number may be used to identify the household member in carrying out efforts to verify the correctness of information stated on the application. These verification efforts may be carried out through program reviews, audits, and investigations and may include contacting employers to determine income, contacting a SNAP, Indian tribal organization, or welfare office to determine current certification for receipt of SNAP or FDPIR benefits, contacting the issuing office of SSI or Medicaid benefits to determine current certification for receipt of these benefits, contacting the state employment security office to determine the amount of benefits received, and checking the documentation produced by household members to provide the amount of income received. These efforts may result in loss or reduction of benefits, administrative claims, or legal action if incorrect information is reported.
