Now Available! Child Nutrition Label Quiz!

Let's see how much you know about Child Nutrition (CN) labels with Team Nutrition's latest web quiz! [The Child Nutrition Label Quiz](#) helps operators identify products that may need a CN label and understand the requirements for accepting CN labeled products. The quiz consists of 10 self-paced questions that provide feedback for correct and incorrect answers. The user has the opportunity to retake the quiz and retry the questions as many times as desired. This quiz was created to support the information found in the [CN Labeling Program](#) and [Food Buying Guide for Child Nutrition Programs](#).

This quiz is the newest addition to [Team Nutrition web quizzes](#) that cover a variety of nutrition and Child Nutrition Programs (CNP) related topics. These short quizzes can be used for self-paced knowledge assessments, at trainings, or at other nutrition events as a fun and engaging learning activity. Upon completion of each quiz, users receive a score along with a link to resources that can help expand their knowledge on the topic and build their menu planning skills. The quizzes are also available as widgets, so they can be easily embedded and displayed on other web pages to support training.

Take the quiz today at <https://www.fns.usda.gov/quiz/child-nutrition-label-quiz>.
