

Office of Great Start Preschool and Out-of-School Time Learning  
 Listed below are data elements the 21st Century Community Learning Centers  
 (21st CCLC) Program collects in addition to those collected by CEPI

Pupil Data Element	Description of Element
Parent Surveys	Annual surveys are collected asking for Parent perceptions of their child's improvement academically or behaviorally as results of program participation.
Youth Surveys	Annual surveys are collected asking for Youth perceptions of their own improvement academically or behaviorally as results of program participation.
Teacher Surveys	Annual surveys are collected asking for Parent perceptions of the student's improvement academically or behaviorally as results of program participation.
Student Grades	In addition to receiving the MSDS data from CEPI, the 21st CCLC program through our State Evaluator also collect data from the programs on student grades. If available, we request programs to report all 21st CCLC participants' grades in 1) English/Language Arts/Reading and 2) Math in multiple marking periods.

Note:  
 The State Evaluation for 21<sup>st</sup> CCLC complies with all data protection procedures and destroys all data by March 31 of the year following collection. The 21<sup>st</sup> CCLC State Evaluation also complies with the MSU Human Research Protection Program (HRPP).
