SUBJECT: Education-Related Professional Learning Credit for School Safety Training

Children and adults should learn in a safe school environment. The Michigan Department of Education is continuing its approval of school safety training as an education-related professional learning credit for renewing or progressing an educator certificate for the upcoming 2022-23 academic year. This is a renewal of an approval first granted for the [2017-18 academic year](#) and extended through the [2021-22 academic year](#).

Districts may credit educators for school safety training provided to staff during the upcoming 2022-23 academic year as [District Provided Professional Development \(DPPD\) through State Continuing Education Credit Hours \(SCECHs\)](#). School safety trainings include, but are not limited to: bloodborne pathogens, First Aid/CPR/AED, EpiPen, and active shooter. Decisions on what constitutes school safety training are made at the local level.
