Breakout Prompts

If here with district team:

Teams are welcome to have whatever discussions are needed, but here are some suggested prompts based on today's topic

- Pick a strategy that is being employed by your district, whether it is in MICIP or not
- What tools or processes that were discussed today might be helpful in moving forward with this strategy?
- What are next steps?

If here collaborating with others:

- What strategies are being used by your district?
- Have you used any of the processes or resources discussed today? How did that go?
- Which tools or processes discussed today might you be interested in trying?

How to Log into the MICIP Training Site

- Open an Incognito Window, InPrivate Window, or Guest Session
- In the Incognito window, go to training.micip.org
 - Do not go to your district, instead click the first blue option "MiData Hub Login"
- Username: demo@micip.org
- Password: WelcomeToMICIP!

Breakout 1 Conversation

Outcome: Share ideas with colleagues to bring back to your own team.

- What is the status of your MICIP Plan?
- Thinking about our session today and on February 1st, what adjustments might you want to consider?
- Have you thought about (or acted on) any team adjustments since our last meeting?

Breakout 2 Conversation

Outcomes: (1) Processing around “All Active Goals”, NexSys, and the Consolidated Application, (2) Generate questions about MICIP Goals and the Consolidated Application

- What are your main takeaways from the information presented by Ben?
- What are your next steps?
- Who else do you need to speak with about this information?

Breakout Discussion

Outcome: Share ideas with colleagues to bring back to your own team.

What is the status of your CI teams:

- Do we have established teams?
- What is the team structure?
- How often do the teams meet?
- How do the teams communicate?
