

## 2022-23 Michigan School Grades

# Resource Toolkit

### ■ Michigan School Grades System Preview – NOW PUBLIC!

Accountability reports for the Michigan School Grades System are **NOW PUBLICLY AVAILABLE** at

<https://www.mischooldata.org/school-grades/>. Schools had from December 11-18, 2023 as a courtesy window to preview embargoed 2022-23 School Grades results. School Grades results were publicly released on MI School Data shortly after the preview window closed.

### ■ What's New for 2022-23 School Grades Results?

- Michigan law requiring the MDE to publish School Grades was repealed by Act 34 of 2023. School Grades reports for the 2022-23 school year will be the last year of this report.
- Scores from the PSAT 10 were used in deriving student growth scores for 11th grade students taking the SAT. Prior to this, 11th grade students' scores from their 7th and 8th grade assessments were used to calculate growth values.
- Growth scores and targets (SGPs/AGPs) are again available for grades 4-8 and 11.
  - This is a change from 2021-22 when students enrolled in grades 4 and 5 did not have assessment data necessary to calculate growth due to the pandemic.
  - For 2022-23 only, growth for all grades only uses one prior test score. This allows growth calculations to only rely on post-pandemic data.
- New Reward Schools have been identified using this system for the latest and last results release!
