

2022-23 REPORT LAYOUT GUIDE

MICHIGAN SCHOOL INDEX SYSTEM

Indicator Display Descriptions

- 1) The Overview tile and value displays the overall, school-level index value on a scale of 0-100 determined for the selected school.
- 2) The Support Category tile displays the level of support identified for the selected school. If the selected school's performance was above the criteria used to identify for one of the three intensive federal school support categories (CSI, ATS, or TSI), this tile will have the label "Universal Support" and a greyed-out exclamation point image. School's identified to receive CSI, ATS, or TSI will have a red exclamation point image displayed and the corresponding support identification along with a brief reason for that identification. Note that the label for CSI and ATS identifications from a previous year will carry forward forward and display as such in until exited. Click the "View More" text in the corner of this tab to see detailed data about the selected school's evaluation against criteria used to identify schools for CSI, ATS, or TSI supports.
- 3) The Growth Overview tile displays a 0-100 student growth performance index in ELA and math for the selected school if applicable.
- 4) The Proficiency Overview tile displays a 0-100 student proficiency performance index in ELA and math for the selected school if applicable.
- 5) The Graduation Rate Overview tile displays a 0-100 graduation rate index across 4, 5, a 6-year cohort graduation rates for the selected school if applicable.
- 6) English Learner Progress Overview tile displays a 0-100 student proficiency and growth performance index for English language learners in the selected school if applicable.
- 7) The School Quality and Student Success Overview tile displays a combined 0-100 performance index in the areas of on-track attendance, postsecondary enrollment, advanced coursework completion, and staffing ratios where applicable.
- 8) The Assessment Participation Overview tile displays a 1-100 student participation index on state assessments in ELA, math, science, and social studies combined and a 0-100 student participation in on the state assessment for English learners for the selected school where applicable.

Click "View More" on any overview tile to see more details and information.
