

Exceeding 1% Cap on Participation in State Alternate Assessment Intermediate School District (ISD) Summary Justification Form FY 2023-2024

ISD Name: West Shore Educational Service District

All intermediate school districts must complete this summary form regarding the percentage of students assessed using Michigan’s alternate assessment (MI-Access). This includes justification forms from member districts/public school academies (PSA) that assessed more than 1% of students in the spring of 2023 using MI-Access.

Data

Below are the 1% Participation Rates for West Shore Educational Service District:

Content Area	Total Tested	Alternate Tested	Spring 2023 Participation Rate
English Language Arts	3670	72	2
Mathematics	3661	71	1.9
Science	1584	32	2
Social Studies	1569	22	1.4

Data	Total
Number of member districts/PSAs including the ISD	10
Number of member districts/PSAs including the ISD (only if the ISD runs internal programs) that assessed more than 1% of all students tested in the spring of 2023 using MI-Access (in grades 3-8 and 11)	3

Technical Assistance and Professional Development

Tier I: In the winter of 2023, MDE provided feedback to each ISD, providing recommendations regarding technical assistance or professional development for their constituent districts. ISDs responded to this feedback in a variety of ways and carried out support to districts as appropriate. In the first table below, outline the general technical assistance or professional development provided to **all** districts regarding state assessment decisions or better targeting instruction. Specific or targeted technical assistance provided to a small groups of districts to address specific concerns should not be listed here, but rather in the next section (Tier II/III).

Date Occurred or Planned	Summary of Technical Assistance and/or Professional Development
09/05/2023	In order to share the information about proper procedures for alternate assessment selection, WSESD did several things to ensure that all stakeholders had the necessary information. In the back to school trainings, the planner/monitor reviewed the WSESD IEP checklist including the link to the alternate assessment flowchart that is included on the checklist.
12/01/2023	In the monthly Special Education Bulletin that goes out to all special education teachers, principals, special education coordinators, and all ancillary staff within WSESD, the alternate assessment flowchart and description of students with the most severe cognitive disabilities was shared along with the interactive video on alternate assessment selection.
04/19/2023	Alternate assessment selection was a topic at a special education coordinator meeting (in which each district has representation). Next, the alternate assessment flowchart was added as a link on the WSESD IEP checklist so that IEP teams can reference it as needed in IEP meetings when those decisions are being made.
04/24/2023	Links to the alternate assessment guidance from MDE was added to WSESD's 'ECHO' (which is a collection of guidance documents for ISD and local staff to refer to regarding special education topics).

Tier II/III: MDE’s response to ISDs in 2023 (based on 2022 data) provided specific recommendations for each LEA, based on their participation rate or other information provided on Justification Forms. Please outline targeted assistance provided (or planned) to member districts following MDE’s recommendation. Please include assistance provided that may have exceeded MDE recommendations.

Member District	Date Occurred or Planned	Summary of Technical Assistance and/or Professional Development
Shelby Public Schools	02/27/2023	The Planner-Monitor met with Shelby's Special Education Coordinator to review the individual student data for those students who took the alternate assessment. The students' eligibility area, amount of time in resource programming, and what curriculum was being used with each student was examined to see based on the Flowchart, what assessment the students should most likely take. We also took it a step further to look back at each student's most recent evaluation to see what their IQ was and what their adaptive scores showed the student to be functioning at.
Baldwin Community Schools	03/06/2023	The Planner-Monitor also met with Baldwin's Special Education Coordinator and the special education teachers of the district to review the individual student data for those students who took the alternate assessment. The students' eligibility area, amount of time in resource programming, and what curriculum was being used with each student was examined to see based on the Flowchart, what assessment the students should most likely take. We also took it a step further to look back at each student's most recent evaluation to see what their IQ was and what their adaptive scores showed the student to be functioning at. It should be noted that Baldwin has a very small 'N' of students where a couple of students is enough to put them over the 1%.
Walkerville Public Schools	05/26/2023	The Planner-Monitor also met with Walkerville's Special Education Coordinator and principal of the district to review the individual student data for those students who took the alternate assessment. The students' eligibility area, amount of time in resource programming, and what curriculum was being used with each student was examined to see based on the Flowchart, what assessment the students should most likely take. We also took it a step further to look back at each student's most recent evaluation to see what their IQ was and what their adaptive scores showed the student to be functioning at. It should be noted that Walkerville has a very small 'N' of students where a couple of students is enough to put them over the 1%.

What resources or support does the ISD need from MDE to continue to provide targeted assistance or professional development to member districts on the topic of alternate assessment participation?

Thank you for providing the student-level data last winter! That was very helpful in my conversations with districts. The ability to access that information even earlier will be helpful as well.

Assurances

Please provide the following assurances.

The ISD has provided or will provide targeted assistance to member districts/PSAs that have been flagged for disproportionality for participation in the alternate assessment as outlined on the previous page.

Yes No

Targeted assistance and professional development include an emphasis on member districts/PSAs using the State assessment selection guidance documents and online trainings.

Yes No

Assessment selection is an IEP Team decision and will not be overridden by administrative or procedural decisions.

Member District Exceeding 1% Cap Justification Form FY 2023-2024

Member District: West Shore Educational Service District

The *Every Student Succeeds Act* (ESSA) places a 1% cap on alternate assessment (MI-Access) participation at the state level. Member districts that contribute to the state exceeding its participation cap must submit information to the Intermediate School District (ISD) justifying the need to exceed the 1% threshold. In addition, ISDs that run programs (functioning as a member district) must complete the form as a member district.

Each ISD collects information from member districts to submit to the state.

Data

Below are the 1% Participation Rates for West Shore Educational Service District:

Content Area	Total Tested	Alternate Tested	Spring 2023 Participation Rate
English Language Arts	43	43	100
Mathematics	43	43	100
Science	16	16	100
Social Studies	6	6	100

By checking this box, the user acknowledges the data in the above table can be verified against the district level data provided in the ISD level report.

Contributing Factors

Did the district test fewer than 500 students total using statewide assessments?

Yes No

Select the option that applies:

Fewer than 5 students took MI-Access. 5 or more students took MI-Access.

Did the district operate a center-based program or regional collaborative for students with the most significant cognitive disabilities (serving students from in and outside of the district within a region or ISD)?

Yes No

Utilizing the Alternate Assessment data (page 1), complete the following table.

Assessment Data Table	Number
Total number of students taking spring summative assessments in grade 3-8 and 11 only (M-STEP + PSAT Grade 8 + SAT + MI-Access).	0
Total Number of students tested with MI-Access in grades 3-8 and 11.	43
Students from outside the district placed in district’s regional center-based program by IEP team (do not include students who are residents of the district or who have enrolled through school of choice processes).	0
Adjusted Total	0
Adjusted Participation Number	43

Projected Participation Rate for 2024	97.9%

Local Plan

Member districts are expected to provide professional development and technical assistance to staff to ensure high expectations are being held for all students, including students with the most significant cognitive disabilities. This includes reviewing local data, IEPs, student outcomes, and ISD feedback as part of that process.

Did the district provide professional development to new and existing staff regarding the definition of "Students with the Most Significant Cognitive Disabilities"?

Yes No

Did the district use a formal process to review and record decisions made by IEP Teams regarding assessment selection?

Yes No

Did the district use outcomes data (current and past results from MI-Access, district level data, progress monitoring data, and other formative classroom data) for the purposes of targeting instruction for students who took and are designated to take MI-Access?

Yes No

Did the district receive feedback on the participation rate for students taking MI-Access with recommended action from the ISD as a result of the submitted justification forms last year (this may have come later in the spring)?

Yes No

Please outline the professional development and technical assistance provided to staff regarding targeting student instruction and assessment selection decisions in the table below. This should include activity from January 1, 2023 to current day, as well as any planned or scheduled activity that is yet to be carried out for this school year.

Audience	Topics and Method of Training	Date	Planned/Completed
Centerbased Teachers and ancillary staff	Adding the training video and alternate assessment information flowchart to the monthly special education bulletin.	12/01/2023	Completed

Member District Exceeding 1% Cap Justification Form FY 2023-2024

Member District: Ludington Area School District

The *Every Student Succeeds Act* (ESSA) places a 1% cap on alternate assessment (MI-Access) participation at the state level. Member districts that contribute to the state exceeding its participation cap must submit information to the Intermediate School District (ISD) justifying the need to exceed the 1% threshold. In addition, ISDs that run programs (functioning as a member district) must complete the form as a member district.

Contributing Factors

Did the district test fewer than 500 students total using statewide assessments?

Yes No

Did the district operate a center-based program or regional collaborative for students with the most significant cognitive disabilities (serving students from in and outside of the district within a region or ISD)?

Yes No

Please describe other justification:

The district had 5 students in grade 5 identified to participate in the alternative assessment due to the significance of each of the students' individual disability. Each of these students, despite their disability, continue to be provided their education in our district, their district of residence and are not participating in center-based programming. Because there are fewer grade levels participating in the science and social studies state assessment the district was found to be over the acceptable 1% participation rate in these two content areas. Three of these 5 students meet the eligibility criteria for cognitive impairment. Two of the students meet eligibility for Autism Spectrum Disorder. Historical test scores indicate the alternative test is likely the most appropriate test for each student although the IEP teams will discuss state assessments during the review and development of each new IEP prior to the 2024 spring test cycle.

Shelby uses the decision making tool when determining the most appropriate assessment for a student. We look at scores and data from previous assessments to determine if it is appropriate for a student to stay on an alternative assessment or take the general assessment. Students who are taking the alternative assessment have not consistently attained previous years on the alternative assessment. They are eligible for special education services under the Cognitive Impairment category and have full scale scores that would indicate that the alternative assessment would be the most appropriate.

Member District Exceeding 1% Cap Justification Form FY 2023-2024

Member District: Walkerville Public Schools

The *Every Student Succeeds Act* (ESSA) places a 1% cap on alternate assessment (MI-Access) participation at the state level. Member districts that contribute to the state exceeding its participation cap must submit information to the Intermediate School District (ISD) justifying the need to exceed the 1% threshold. In addition, ISDs that run programs (functioning as a member district) must complete the form as a member district.

Each ISD collects information from member districts to submit to the state.

Data

Below are the 1% Participation Rates for Walkerville Public Schools:

Content Area	Total Tested	Alternate Tested	Spring 2023 Participation Rate
English Language Arts	144	3	2.1
Mathematics	142	2	1.4
Science	61	1	1.6
Social Studies	61	1	1.6

By checking this box, the user acknowledges the data in the above table can be verified against the district level data provided in the ISD level report.

Contributing Factors

Did the district test fewer than 500 students total using statewide assessments?

Yes No

Select the option that applies:

Fewer than 5 students took MI-Access. 5 or more students took MI-Access.

Did the district operate a center-based program or regional collaborative for students with the most significant cognitive disabilities (serving students from in and outside of the district within a region or ISD)?

Yes No

Please describe other justification:

When the IEPT met to develop the plan, the team used the provided flow chart to make the decision, in regards to the appropriate state assessment. The flowchart was provided through the ESD special education bulletin. The following things were taken into consideration when making the decision on assessment, again in accordance to the flow chart. 1) Does the student have a SIGNIFICANT cognitive impairment? (Yes - both students impairment not only impacts them at school but also outside of school.) 2) Does the student require an English language proficiency? (No) 3) Which is the student's instruction closely aligned to? (Alternative Content Standards - both students spend > 50% of their time in the resource room.) With the findings from the flowchart the IEPT decided it was appropriate for these students to take an alternative assessment.

2024 Projected Participation Rate

Projected Participation Rate 2023	Number
District's Projected Participation Rate for 2023 (per the response on the 2022 alternate assessment projected participation form)	3%%

Using students' IEP information, Michigan School Data System (MSDS), and other current data, complete the following table to calculate the 2024 projected participation rate.

Projected Participation Rate 2024	Number
Total number of students enrolled in grades 3, 4, 5, 6, 7, 8, 11 with or without an IEP	143
Total number of students whose IEPs designate MI-Access for state summative assessments in any content area	2
Projected Participation Rate for 2024	1.4%

Local Plan

Member districts are expected to provide professional development and technical assistance to staff to ensure high expectations are being held for all students, including students with the most significant cognitive disabilities. This includes reviewing local data, IEPs, student outcomes, and ISD feedback as part of that process.

Did the district provide professional development to new and existing staff regarding the definition of "Students with the Most Significant Cognitive Disabilities"?

Yes No

Did the district use a formal process to review and record decisions made by IEP Teams regarding assessment selection?

Yes No

Did the district use outcomes data (current and past results from MI-Access, district level data, progress monitoring data, and other formative classroom data) for the purposes of targeting instruction for students who took and are designated to take MI-Access?

Yes No

Did the district receive feedback on the participation rate for students taking MI-Access with recommended action from the ISD as a result of the submitted justification forms last year (this may have come later in the spring)?

Yes No

Please outline the professional development and technical assistance provided to staff regarding targeting student instruction and assessment selection decisions in the table below. This should include activity from January 1, 2023 to current day, as well as any planned or scheduled activity that is yet to be carried out for this school year.

Audience	Topics and Method of Training	Date	Planned/Completed
Special Education Providers	Assessments and Alternative Assessment Flow Chart	08/30/2023	Completed
Teachers	Special Education identification	08/30/2023	Completed

Resources and Technical Assistance
