Updated Assessment Security Training

The Michigan Department of Education (MDE) is pleased to announce that the online **Assessment Security Training** for this academic year (2021-22) is now available. The **Refresher Course** is also available for those who completed this training in previous years. All trainees will register for the same course in the catalog; the system will route those who have previously completed the full course to the refresher.

About the Assessment Security Training course

Staff who participate in this training will:

- review the importance of test security during all phases of test administration
- know how to properly prepare for test administration
- understand what to do if something doesn't go as planned

Each module is designed to be completed in 10-15 minutes. Trainees who complete all four modules and demonstrate their knowledge on a short comprehensive test will print a Certificate of Completion at the end of the training, to be kept on file within the district or building for three years.

This course is available free of charge through the Michigan Virtual Professional Learning Portal.

Register for the [MDE Assessment Security 2021-22 training](http://bit.ly/MDEAssessmentSecurity) (<http://bit.ly/MDEAssessmentSecurity>).

Annual security training is required for individuals who will take part in the administration of state assessments, including ACT WorkKeys, Early Literacy and Mathematics Benchmark, MI-Access, M-STEP, PSAT 8/9 & 10, SAT with Essay, WIDA ACCESS for ELLs and WIDA Alternate ACCESS for ELLs.

In addition to taking the Assessment Security Training course (or the Refresher course if they completed full course in the previous year), District and Building Assessment Coordinators are required to read the Assessment Integrity Guide (AIG).

(Continued on next page)

Test Administrators and Proctors must take the training course and/or read the AIG. (MDE recommends that the District/Building Coordinators determine which training method is best for their testing staff and ensure that the training is delivered.)

Other staff with access to secure materials can satisfy the assessment security training requirement by reading the AIG section “Keeping Assessment Materials Secure” (in Appendix E).

For those who have completed the 2020-21 Assessment Security Training through Michigan Virtual, between August 1, 2021 and January 27, 2022, you do not need to complete the course again until the 2022-23 school year.

New Digital SAT Will Bring Student-Friendly Changes to Test Experience in 2024

College Board announced Tuesday that the SAT® Suite of Assessments will be delivered digitally, beginning in 2024. In November 2021, College Board piloted the digital SAT in the U.S. and internationally; 80 percent of students responded that they found it less stressful, and 100 percent of educators reported having a positive experience.

While the transition to digital will bring several student- and educator-friendly changes, many essential features of the SAT Suite (SAT, PSAT/NMSQT®, PSAT™ 10, PSAT™ 8/9) will stay the same.

(Continued on next page)

Call Center: 877-560-8378 (select appropriate option) for assistance with assessment or accountability issues

- The SAT Suite will continue to measure the knowledge and skills that students learn in high school and that matter most for college and career readiness.
- The SAT will still be scored on a 1600-point scale, and educators and students can continue to track growth across the SAT Suite of Assessments over time.
- The assessments will continue to be administered in a school or a test center with a proctor present—not at home.
- Students will still have access to free practice resources on Khan Academy.
- Students taking the SAT Suite will continue to connect to scholarships and the College Board National Recognition Programs.

Learn more about what's changing with the SAT, how the College Board used student and educator feedback from a Fall 2021 pilot, and what role the digital SAT expects to play in college admissions in the future. M-STEP Test Administration Manual Available Now

The Spring 2022 M-STEP Test Administration Manual (TAM) is available on the [M-STEP web page](#) (www.michigan.gov/mstep) under the What's New and Current Assessment Administration sections.

Building and District M-STEP Coordinators are required to read and follow the policies and procedures in the TAM to ensure a valid, equitable, and trouble-free administration.

M-STEP Online Test Administrator's Directions and Manuals Available Now

The Spring 2022 M-STEP Online Test Administrator's Directions and Manuals are available on the [M-STEP web page](#) (www.michigan.gov/mstep) under the What's New and Current Assessment Administration sections. (Paper/pencil Test Administrator's Directions and Manuals will be available soon; watch the Spotlight for more information.)

The M-STEP Test Administrator's Directions and Manuals include all required content that Test Administrators must know prior to administering the M-STEP.

The M-STEP Test Administrator's Directions and Manual is available by test mode (online or paper/pencil) and by grade. Test Administrators are required to read the Test Administrator Directions and Manual for the test mode(s) and grade(s) they will administer prior to test administration.

M-STEP Test Administrator's Directions and Manuals are also printed and sent to schools in the Initial Material Order, with one copy included per 20 pre-identified students by test mode and grade.

End of Testing for Early Literacy and Mathematics Benchmark Assessments and M-STEP Passage-based Writing Field Test

The testing windows for the Early Literacy and Mathematics Benchmark Assessments and the M-STEP Passage-based Writing Field Test will close at 4:00 p.m., Friday, February 4, 2022. Testing will not be available for students in these assessments after the windows close.

For directions on ensuring all students have completed their assigned tests, review the mini-module [Finding Student Testing Status](#) in the DRC INSIGHT Portal (<https://drive.google.com/file/d/1qyoHGIBX7NPT4kbFVRszj5mz1RyDgrEp/view?usp=sharing>).

WIDA Assessment Courses and Webinars Available in WIDA Secure Portal

Educators planning to administer and/or score the WIDA ACCESS for ELLs or WIDA Alternate ACCESS for ELLs assessments must complete the appropriate Assessment Training Courses in their [WIDA Secure Portal](https://wida.wisc.edu/login) (<https://wida.wisc.edu/login>) account.

Some educators who have completed the trainings in previous years may be required to go through the courses again. These include those who will be administering:

- the paper/pencil form of the assessment and scoring the Speaking domain; they are required to complete these screeners (as appropriate): Speaking for Grades 1-5: Scoring ACCESS Paper and WIDA Screener and/or the Speaking for Grades 6-12: Scoring ACCESS Paper and WIDA Screener
- the WIDA Alternate ACCESS for ELLs assessment; they are required to complete the Alternate ACCESS for ELLs: Administration and Scoring course

Recordings of Michigan-specific webinars that were held in Fall 2021 are also available in the [WIDA Secure Portal](#). The recordings can be accessed by logging into your WIDA Secure Portal account, selecting 'Webinars', and then filtering by 'Format' for 'Recorded' types of webinars. **Note:** Viewing these webinars does not substitute for completing any needed Assessment Training Courses, but unlike the WIDA Assessment Training Courses, the webinars provide some Michigan-specific information.

WIDA Testing Must Be Completed in Person

With the upcoming opening of the WIDA ACCESS for ELLs and WIDA Alternate ACCESS for ELLs assessments window, it is important for educators to understand that the assessments must be administered to students in person. A virtual administration is not currently available.

Ordering WIDA Alternate ACCESS for ELLs Materials

Educators can still pre-identify students and obtain materials for the WIDA Alternate ACCESS for ELLs assessment. To pre-ID students for this assessment, use the directions found on the OEAA Secure Site Training page; review the [Pre-identification for State Assessment Overview](https://www.michigan.gov/documents/mde/Overview_of_pre-ID_Insructions_601216_7.pdf) (https://www.michigan.gov/documents/mde/Overview_of_pre-ID_Insructions_601216_7.pdf). The student's Tier must be updated to "Tier T".

Note: Pre-identifying students in the OEAA Secure Site will not result in DRC automatically sending materials at this time. To receive materials, educators must place an Additional Material Order in WIDA AMS when the Additional Material Order window opens on January 28.

Bubbling-In Student Information on WIDA Test Booklets

Districts and educators are reminded that even if a Pre-ID label is affixed to the student test booklet, some information must be bubbled-in by hand. If a student's pre-printed label is damaged or falls off and the minimum amount of information is not bubbled-in on the booklet, there is a risk that DRC (the assessment vendor) and the Michigan Department of Education will be unable to match a test booklet to the particular student.

For the list of the minimum information to be bubbled-in, refer to the Appendix on page 157 of the [Michigan Specific Test Administration Manual](https://www.michigan.gov/documents/mde/WIDA_Michigan_Specific_TAM_635431_7.pdf) (https://www.michigan.gov/documents/mde/WIDA_Michigan_Specific_TAM_635431_7.pdf) on the [WIDA web page](http://www.michigan.gov/wida) (www.michigan.gov/wida).

Supports and Accommodations Guidance Document & Planning Resources Available for State Assessments

The [Supports and Accommodations Guidance Document](https://www.michigan.gov/documents/mde/Michigan_Accommodations_Manual_final_480016_7.pdf) (https://www.michigan.gov/documents/mde/Michigan_Accommodations_Manual_final_480016_7.pdf) is a one-stop site for Test Coordinators looking for information about allowable Universal Tools, Designated Supports, and Accommodations. The Guidance also includes required guidelines for test administrators acting as scribes, human readers, or oral translators. The 2022 version of the Supports and Accommodations Guidance Document can be found on each assessment page under the Student Supports and Accommodations section.

The Office of Educational Assessment and Accountability (OEAA) also provides Test Coordinators with a number of resources to help them and their colleagues stay organized. These resources can aid in important conversations about what students need; assigning Universal Tools, Designated Supports, and Accommodations correctly into systems; and helping educators verify Test Tickets. These additional resources can be found on the [Recording and Tracking Resources page](https://www.michigan.gov/mde/0,4615,7-140-22709_70117-347506--,00.html) (https://www.michigan.gov/mde/0,4615,7-140-22709_70117-347506--,00.html)

- **M-STEP Worksheets by Grade**
 - » best used by Test Coordinators in entering Universal Tools, Designated Supports, and Accommodations into the Insight Portal
- **Tracking Sheet for Supports and Accommodations for M-STEP, MI-Access, and WIDA**
 - » best used by Test Coordinators to help identify what supports students might need across all state assessments
- **Student Specific Worksheets: the Accessibility Supports in the Classroom and After-Test Accessibility Questions found in the Supports & Accommodations Guidance Document**
 - » best used by educators who want to have conversations with other educators and impacted students about the unique needs of the student, in advance of testing and after testing.
