Hope Academy

Partnership Agreement Cohort Five

2025 Identification Cycle

This partnership agreement is entered on April 23, 2026, among the signatory partner entities, including Hope Academy, Eastern Michigan University, Wayne RESA, and the Michigan Department of Education (MDE). According to MCL 388.1622p, assignment of a district to a 3-year partnership is made by the state superintendent of public instruction.

The above-named signatory partner entities agree that upon the commencement date of this partnership agreement, they shall collaboratively work to achieve the mutually agreed upon goals, including interim target benchmarks and aligned end target outcomes for the local education agency (LEA), both traditional public school districts and public school academies (PSA) and schools named in this document. The purpose of the agreement is to improve student achievement at Hope Academy.

The purposes, terms, and conditions of this agreement are as follows:

I. COMPONENTS OF THIS AGREEMENT

The signatory partner entities will collectively assess the needs defined below in **Section I.A.1-5** and develop a plan of support and interventions. Through increased collaboration and positive relationships, the signatory partners will implement Hope Academy's agreement with fidelity, resulting in improved academic achievement for all students. Within 90-school days of assignment as a partnership district, signatory partner entities agree to collaboratively complete a partnership agreement that:

A. Utilizes the Michigan Integrated Continuous Improvement Process (MICIP) to "complete a comprehensive needs assessment in collaboration with an intermediate district, community members, education organizations, and postsecondary institutions," as applicable in MCL 388.1621h.

The goals within the partnership agreement are generated from three state and two federal required areas of inquiry [MCL Section 388.1621h] and [Every Student Succeeds Act Sec. 1111.d.1.B.]. The process to generate goals is completed within the MICIP process. The comprehensive needs assessment or evaluation must include all of the following:

State Requirements

1. A review of the district's implementation and utilization of a multi-tiered system of supports (MTSS) to ensure that it is used to appropriately inform instruction.
2. A review of the district and school building leadership and educator capacity to substantially improve student outcomes.
3. A review of classroom, instructional, and operational practices and curriculum to ensure alignment with research-based instructional practices and state curriculum standards.

Federal Requirements

1. A review of all components in the Michigan School Index for all schools identified for Comprehensive Supports and Improvement.

2. A review of resource inequities, which includes a review of district- and school-level budgeting via the Resource Allocation Review process.

The MICIP platform will be used annually for partnership districts to outline strategies and activities for each goal, including funding and communication. The identified strategies for achieving the goals should address the whole child's needs. A school-level report will be generated via MICIP to meet federal requirements.

B. Includes a continuous improvement plan, as part of the partnership agreement, that has been approved by the state superintendent or his/her designee, addressing the needs identified in the comprehensive needs assessment [MCL Section 388.1621h]. MICIP will house the continuous improvement plan. Additionally, the continuous improvement plan must:

1. Identify how the district's MTSS is used to inform instruction appropriately.

2. Identify how the district's talent/staff management system, including specific details regarding district and building leadership and educator capacity, will substantially improve student outcomes.

3. Identify how the district's instructional, curriculum, and operational practices align with research-based instructional practices and state standards.

C. Includes aligned measurable 18-month interim target benchmarks and 36-month end target outcomes that will be achieved for each school operated by the district that is included in the partnership agreement and subject to approval by the director of the OPD. [MCL Sections 388.1621h and 388.1622p]

D. Includes at least one accountability measure:

1. For a PSA assigned as a partnership district, accountability measures under this subdivision may include the reconstitution of the school. [MCL Section 388.1622p]
2. Submit to the Authorizer's determination regarding a contract renewal or revocation due to student academic underperformance, poor fiscal stewardship, and/or unstable staffing.
3. Develop/Update a three to five-year strategic plan with the School Board to streamline the focus of the district.

One or more accountability measures must be imposed no later than the following school year if the district does not achieve the measurable academic outcomes for each school operated by the district that is subject to the partnership agreement.

E. Includes specific actions that will be taken by the district and each of its signatory partner entities to improve student achievement as measured by the Michigan School Index. [MCL Section 388.1621h]

II. PROCESS FOR COMPLETING THE PARTNERSHIP AGREEMENT

A. Assessing Needs: Engaging in a process that assesses the district's needs reveals a picture of its achievements and challenges and identifies the factors critical to its success. This includes examining several data sources, including academic, non-academic, and district/building systems, as well as various data types: achievement, demographic, perception, and process, to identify the gap between the current and desired state.

1. The district will assess needs via an iterative process regularly throughout the continuous improvement cycle. The district will first look at district-wide data in the areas of inquiry and then look at the same school-level data for the school(s) identified for CSI.

2. The district and school will then engage in root cause analysis around the areas of inquiry to discern the primary contributing factor(s), identify challenges or opportunities for growth, and identify assets that can be leveraged to address those opportunities.

B. Plan, Implement, and Monitor: Goals provide a sense of direction, motivation, and clear focus for improvement and are a result of the needs assessment defined in **Section II.A**. Based on identified needs, the partnership district will define a goal area(s) with specific, measurable, attainable, relevant, and time-bound (SMART) benchmarks and outcomes. See **Appendix B**: Example Benchmarks and Outcomes Table.

1. The district and school will outline goals, strategies, and activities that, when implemented with fidelity, will help the district reach its goals.

2. The district will identify and include 18-month interim target benchmarks and 36-month end target outcomes aligned to the previously identified goals. This will be completed in the table found in **Section XVII**. Requirements for benchmarks and outcomes include the following [MCL 388.1622p; MCL Section 388.1621h]:

   - state assessments for at least one 18-month interim target benchmark and aligned 36-month end target outcome that put pupils on track to meet or exceed grade level proficiency
     - the increase shall be based upon the current value and an increase that would likely result in a Michigan School Index score above the bottom 5%, minimally a three (3) percentage point increase in proficiency from the baseline

   - state assessments or local benchmark assessments for at least one 18-month interim target benchmark and aligned 36-month end target outcome measuring growth

   - at least one 18-month interim target benchmark and an aligned 36-month end target outcome that addresses literacy
   - at least one 18-month interim target benchmark and an aligned 36-month end target outcome that addresses mathematics

   - at least one 18-month interim target benchmark and an aligned 36-month end target outcome that addresses attendance rates.

   - at least one 18-month interim target benchmark and an aligned 36-month end target outcome that utilizes process data

   - at least one 18-month interim target benchmark and aligned 36-month end target outcome that addresses graduation rate (if applicable)

While goals, 18-month interim target benchmarks, and 36-month end target outcomes do not change, a partnership district will monitor and may need to adjust strategies, activities, funding, and communication.

III. **REVIEW OF BENCHMARKS AND OUTCOMES**

Evaluating the attainment of interim target benchmark and end target outcome measures occurs twice during the life of the partnership agreement. Each evaluation follows established business rules and includes reviewing the partnership district's capacity, fidelity, the extent of reaching the targeted population or stage of implementation (scale/reach), and the impact of identified goals.

A. Interim Target Benchmark Review (BR): attainment of interim target benchmarks is reviewed at the 18-month mark of the partnership agreement.

B. End Target Outcome Review: the attainment of end target outcomes is reviewed at the 36-month mark of the partnership agreement. This is to determine the application of accountability measures defined in **Section XV** of the agreement, should a school within the partnership agreement be re-identified for CSI.

Appendix C: Public School Academy

This applies if the school named in the Partnership Agreement is a public school academy as defined in MCL 380.507, 380.528, or 380.561.

A. Period of Agreement. Termination of the charter contract between the public school academy and the authorizer ("Contract") shall not affect the agreement term. If the authorizer terminates or does not reauthorize the contract, the authorizer's obligations under this agreement automatically terminate on the same day as the contract terminates. If a different authorizing body issues a new charter contract to the academy, the academy must ensure, before executing that charter contract, that the new authorizing body has signed the agreement and assumes the authorizer's rights and obligations under the agreement for the remainder of its term.

Nothing in this agreement shall prevent the academy or authorizer from exercising other termination or revocation rights set forth in the contract or under applicable law.
