

# 2016 M-STEP Reports

**For District and School Test Coordinators**

**Phoebe Gohs**  
**M-STEP Administration and Reporting Consultant**  
**[Gohsp@michigan.gov](mailto:Gohsp@michigan.gov)**

# For Access to the Secure Site

1. Go to [M-STEP Webpage](http://www.Michigan.gov/mstep) (www.Michigan.gov/mstep)
2. Select the **Secure Site Training Documentation and Videos** link under the Professional Development section header
3. Click the “**How do I get access to the Secure Site?**” link and follow the instructions

## Professional Development

- Assessment Committee Participation Application
- Test Administration Video, M-STEP Spring 2016
  - M-STEP Test Administration Powerpoint, Spring 2016
- Navigating the 2016 Mathematics Computer Adaptive Test Video
- Navigating the 2016 ELA Computer Adaptive Test Video
- ELA Overview Video, M-STEP 2016
- **Secure Site Training Documentation and Videos**
- 2015-16 DAS Fall Conferences for Assessment and Accountability Presentations
- Michigan Online Assessment Student Video Tutorials (DRCs eDIRECT)
  - Once on eDIRECT, go to Test Setup, General Information, select the Test Tutorials tab, then select the Play button in the Action column.

## Secure Site Training and Resource Materials

The Secure Site is a web based application used for state assessments and accountability. The primary functions of the Secure Site are 1) Pre-identification of Students for both paper and pencil and online assessments, 2) Ordering paper and pencil tests including accommodated versions of the assessments, 3) Incident Reporting, 4) Review of Accountable Students and Test Verification, 5) Review and appeal of preliminary Score Card, 6) Review and appeal of Annual Measurable Achievement Objectives (AMAO), 7) Retrieval of data score files and score reports.

The Secure Site is available to authorized district and school personnel only. [How do I get access to the Secure Site?](#)

# Objectives

---

After this presentation you will be able to:

- Identify the types of data offered in the dynamic reporting site
- Discriminate between performance level scale score levels and performance level indicators
- Identify the student level M-STEP reports and understand their components
- Identify the aggregate level M-STEP reports and understand their components

# Types of Reporting Data

# Two Types of Data

- Student-Level

- Individual data that reports student performance relative to Michigan's standards based on the individual student.
- Student level data reports the achievement of individual students.

- Aggregate

- Aggregate data reports student performance relative to Michigan's standards based on defined groups of students: classroom data, grade level data, school data, district data, ISD and state level data.
- Demographic data is aggregate data based on defined demographic groups.
- Aggregate data shows the performance of groups of students.

# M-STEP Reporting Levels

**WHAT IS THE DIFFERENCE BETWEEN PERFORMANCE  
LEVEL AND PERFORMANCE LEVEL INDICATORS?**

# What do you know?

Pause this video and take a moment to write on a scratch paper:

1. What are Performance Levels, and what are Performance Level Indicators?
2. How are they the same?
3. How are they different

# Performance Levels

- Performance Levels show student performance on a content-area test as a whole.

Performance Level	Definition
Advanced	Performance exceeds grade level content standards and indicates substantial understanding and application of key concepts defined for Michigan students.
Proficient	Performance indicates understanding and application of key grade level content standards defined for Michigan students.
Partially Proficient	Performance indicates a partial understanding and application of grade level content standards defined for Michigan students.
Not Proficient	Performance indicates minimal understanding and application of grade level content standards defined for Michigan students.

# Performance Level

# Performance Level Indicators

**Performance Level Indicators show student performance on a claim within a content area.**

 = Adequate progress     = Attention may be indicated

 = Most at risk of falling behind

# Performance Level Indicators and Performance Levels

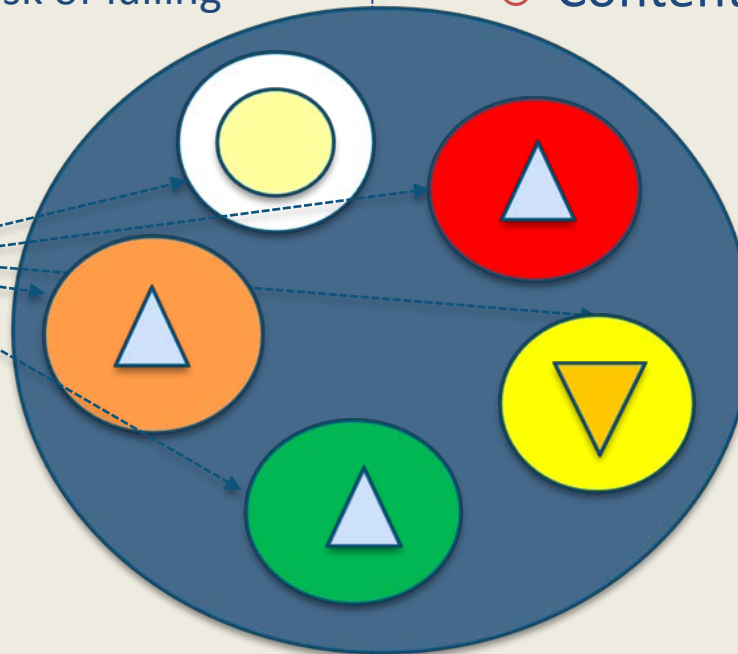

- Performance Level Indicators

- Three Categories (Adequate Progress, Attention may be indicated, Most at risk of falling behind)
- Claim data

- Performance Levels

- Four Categories (Advanced, Proficient, Partially Proficient, Not Proficient)
- Content area data

Each small circle represents a claim within the content area

The large circle represents a content area

# M-STEP Reports

---

- Reports available

## Student Level Data Reports

Report	Description
Student Record Labels	Summarizes individual student achievement
Individual Student Report	Separated by content area, provides detailed individual student achievement data. Includes scale score and performance level.
Parent Report	Summarizes individual student achievement in each content area.
Student Roster	Provides detailed student level achievement data. Includes scale score and performance level.
Student Overview	Summarized student achievement for all content areas. Includes mean scale score and performance level.

## Aggregate Data Reports

Report	Description
Expectation Analysis	Aggregates the numbers of students in each quartile of points earned out of points possible by Grade Level Content Expectation (GLCE) in science and social studies.
Demographic Report	Provides comparison of student achievement by grade and content, aggregated across selected demographic groups.
Comprehensive Report	Provides comparisons of student achievement by grade and content among schools within a district or districts within an ISD.

School: \_\_\_\_\_

2016  
Parent Report

Dear Parent or Guardian:

This spring, your student took the Michigan Student Test of Educational Progress (M-STEP). M-STEP assessments measure what students know and are able to do as compared to Michigan's state content standards established for each grade and subject.

All students in grades 3-8 were assessed in mathematics and English language arts. In addition, students in grades 4 and 7 were assessed in science, and grades 5 and 8 were assessed in social studies.

This report will provide you an overview of your student's performance. Please remember that these assessments are only a snapshot of achievement. I encourage you to discuss these results with teachers and other school professionals who have the benefit of knowing your student personally. Results of the M-STEP can be used, together with other assessment and classroom performance information, to provide a more complete picture of student achievement. This creates opportunities for schools and parents to collaborate and discuss strategies to make every student in Michigan career- and college-ready by the time they graduate.

For additional information on the M-STEP and Michigan content standards, please visit [www.michigan.gov/mstep](http://www.michigan.gov/mstep). Under the Parent/Student Information section, you will find:

- A Parent's Guide to M-STEP: M-STEP What it is, What it means, and What it Offers
- M-STEP Parent Report Video outlining how to read this report
- Online Practice Test Tools which contain examples of the types of questions your student may have experienced while taking the M-STEP assessments
- Michigan Academic Standards

Michigan students are our most important resource. Parents/guardians, schools, and teachers succeed when they work together to support and inspire student achievement.

Sincerely,

Brian J. Whiston  
State Superintendent  
Michigan Department of Education

▼ Most at risk of falling behind    ○ Attention may be indicated    ▲ Adequate progress

Claims	Claim Performance Indicators
1: Reading	▲
2: Writing	○
3: Listening	▲
4: Research	▼

### Definitions

**Claims** Claims are used as a means to organize assessment targets. Claims apply to English language arts and mathematics. Within the claims, assessment targets are used to organize the standards. A claim score reflects a student's performance on test items within that claim.

**Disciplines** Disciplines are used as a means to organize content standards and expectations. Disciplines apply to science and social studies. A discipline score reflects a student's performance on the test items within the discipline.

**Claim Performance Indicators** The claim performance symbol is an indicator of a student's performance on an English language arts or mathematics claim. A blue triangle pointing up indicates the student is making adequate progress on a claim. A circle indicates attention may be indicated for a student to continue meeting the claim. An orange triangle pointing down indicates the student is most at risk of falling behind on a claim.

**Margin of Error** Educational measurements are attempts to capture a student's true score, or ability, in the area being assessed. The margin of error around the student score is an estimate of the range of scores one would expect if the same student was to be measured repeatedly with parallel assessments.

Michigan Merit Examination

2016 | Parent Report

Dear Parent or Guardian:

This spring, your student took the Michigan Merit Examination (MME). The MME is Michigan's statewide high school assessment and measures the academic content aligned to state content standards that your student needs to know to be career- and college-ready upon graduation.

This year's MME consisted of three major components: the SAT with Essay college entrance exam, ACT WorkKeys skills assessment, and the Michigan Student Test of Educational Progress (M-STEP) in science and social studies.

This report will provide you an overview of your student's performance. Please remember that these assessments are only a snapshot of achievement. I encourage you to discuss these results with teachers and other school professionals who have the benefit of knowing your student personally. Results of the MME can be used together with other assessments and classroom performance information to provide a more complete picture of student achievement. This creates opportunities for schools and parents to collaborate and discuss strategies to make every student in Michigan career- and college-ready by the time they graduate.

I also encourage you and your student to connect with a guidance counselor at the high school to discuss and consider goals and plans following graduation.

For additional information on the Michigan Merit Examination, please visit [www.michigan.gov/mme](http://www.michigan.gov/mme). Under the Parent/Student Information section, you will find:

- MME Parent Report Video outlining how to read this report
- A Parent's Guide to M-STEP: M-STEP What it is, What it means, and What it Offers
- SAT: Understanding Scores
- ACT WorkKeys National Career Readiness Certificate (NCRC)

Michigan students are our most important resource. Parents/guardians, schools, and teachers succeed when they work together to support and inspire student achievement.

Sincerely,

Brian J. Whiston  
State Superintendent  
Michigan Department of Education

MICHIGAN  
Department of Education

## Science Overall Performance Level and Scale Score

### Disciplines

Disciplines	Points Earned/Possible
B: Biology	5/8
C: Chemistry	6/6
E: Earth Science	8/8
P: Physics	7/8
R: Inquiry and Reflection	10/10

## Social Studies Overall Performance Level and Scale Score

### Disciplines

Disciplines	Points Earned/Possible
U: U. S. History and Geography	11/12
W: World History and Geography	12/12
C: Civics	7/7
E: Economics	5/7

### Definition

Margin of Error Educational measurements are attempts to capture a student's true score, or ability, in the area being assessed. The margin of error around the student score is an estimate of the range of scores one would expect if the same student was to be measured repeatedly with parallel assessments.

### Performance Level Descriptors

#### Advanced

The student's performance exceeds the high school content standards and indicates substantial understanding and application of key concepts defined for Michigan students. The student needs support to continue to excel and to be career and college ready.

#### Proficient

The student's performance indicates understanding and application of key high school content standards defined for Michigan students. The student needs continued support to maintain and improve proficiency and to be career and college ready.

#### Partially Proficient

The student needs assistance to improve achievement and to become career and college ready. The student's performance is not yet proficient, indicating a partial understanding and application of the high school content standards defined for Michigan students.

#### Not Proficient

The student needs intensive intervention and support to improve achievement and to become career and college ready. The student's performance is not yet proficient and indicates minimal understanding and application of the high school content standards defined for Michigan students.

# MME – Parent Report (pg. 3)

## Michigan Merit Examination What is the Michigan Merit Examination?

The Michigan Merit Examination (MME) includes three components: the SAT college entrance exam, ACT WorkKeys work skills assessment, and the Michigan Student Test of Educational Progress (M-STEP) in science and social studies. These three components provide a measure of individual performance based on Michigan's high school content standards as well as career- and college-readiness.

For additional information on the Michigan Merit Examination, please visit [www.michigan.gov/mme](http://www.michigan.gov/mme). Under the Parent/Student Information section, you will find:

- MME: [www.michigan.gov/mme](http://www.michigan.gov/mme)
- SAT: <https://collegereadiness.collegeboard.org/sat>
- ACT WorkKeys: <http://www.act.org/content/act/en/products-and-services/workforce-solutions/act-workkeys.html>
- M-STEP: [www.michigan.gov/mstep](http://www.michigan.gov/mstep)

### College Entrance Examination: SAT with Essay

Students took the SAT as one part of the MME. The SAT is a college entrance exam that measures the skills and knowledge that research shows students need to be successful in college and careers. It is aligned to Michigan's high school content standards in English language arts and mathematics. The vast majority of colleges and universities in the United States use the SAT as an important part of the admission process.

The SAT for Michigan high school students consists of three components:

- Evidence-Based Reading and Writing
- Math
- Essay

College Readiness Benchmarks are reported for Evidence-Based Reading and Writing, and Math. The benchmarks represent a likelihood of success in entry-level college courses. The benchmark for Evidence-Based Reading and Writing is 480 and 530 for Math. For information on understanding your student's SAT scores, including the Essay scores, please visit <https://collegereadiness.collegeboard.org/sat/scores/understanding-scores>

To view your student's SAT score report, go to <https://studentscores.collegeboard.org/viewscore> and have your student log in using their College Board account username and password. Your student's school may also print a copy for you.

SAT with Essay	Score Range	Benchmark Score	Student Score
Evidence-Based Reading and Writing	200-800	480	X
Math	200-800	530	
<b>Total Score</b>	<b>400-1600</b>		

### Essay Scores

Reading	2-8	X
Analysis	2-8	
Writing	2-8	

Your student's SAT scores are not available. Please contact your school for additional information.

SAT scores are not college reportable as a result of using state-allowed accommodations or by student requested score cancellation.

# MME – Parent Report (pg. 4)

## Work Skills Assessment: ACT WorkKeys

ACT WorkKeys Reading for Information, Applied Mathematics, and Locating Information assess real world skills employers consider critical to job success. The assessments measure portions of Michigan's content standards for high schoolers.

A WorkKeys score is determined by the number of questions answered correctly. Level scores describe the scores students have achieved and indicate the level of difficulty and complexity of the work skills measured. The levels range from the lowest level 3 to the highest level 7 depending on the test.

The bottom and top of the ranges indicate the lowest and highest levels of complexity. Each level is built on the skills measured in previous levels. A score at Level 5 means the test taker has successfully met the requirements of Levels 3 and 4. Additional information on understanding and using the ACT WorkKeys scores and earning the National Career Readiness Certificate can be located at [www.act.org/workkeys/assess](http://www.act.org/workkeys/assess).

Students may qualify for a National Career Readiness Certificate (NCRC) based on ACT WorkKeys level scores earned during the Spring MME. Eligibility is determined as follows:

- a **bronze** credential requires at least a Level 3 on all three ACT WorkKeys tests
- a **silver** credential requires at least a Level 4 on all three ACT WorkKeys tests
- a **gold** credential requires at least a Level 5 on all three ACT WorkKeys tests
- a **platinum** credential requires at least a Level 6 on all three ACT WorkKeys tests

The NCRC is a valuable credential if your son or daughter will work while they go to college, as most do. Their certificate can help them seek job opportunities related to their chosen field of study, or in areas more interesting and higher-paying than many of the typical part-time jobs available to college students. Students can verify their certificate level and activate an online version for free by going to [www.workkeys.com](http://www.workkeys.com). Printed certificates are available for a small fee.

WorkKeys	Level Range	Earned Level / Certification
Reading for Information	3-7	
Mathematics	3-7	
Locating Information	3-6	
National Career Readiness Certificate Eligibility		<b>Not Eligible</b>

Your student's WorkKeys scores are not available. Please contact your school for additional information.

# Questions?

- Join us with your questions during our live Q&A sessions:
  - Thursday August 25 from 10:00-11:00 or 2:00-3:00
  - To connect to the Q & A session's conference line, use the [Connect Me](https://stateofmichiganmdeweb.centurylinkccc.com/CenturylinkWeb/SOMOldBAA) (<https://stateofmichiganmdeweb.centurylinkccc.com/CenturylinkWeb/SOMOldBAA>) link and follow the instructions to create a new user profile.
  - To access audio only, dial 720-279-0026 and use Guest Passcode 569943
