

Use this form after a test to interview a student about the accessibility supports (universal tools, designated supports, and accommodations) provided, used, whether they were useful and whether they should be used again. Also note any adjustments or difficulties experienced by the student in either how the accessibility support was administered or in using the accessibility support during the assessment. Students in higher grades may do this independently or filling out this form could be facilitated through individual discussion between a teacher and student.

Student: \_\_\_\_\_ Grade: \_\_\_\_\_ Date: \_\_\_\_\_

Questions	Supports Available			
Was the accessibility support used?  <i>(Circle Yes or No and record optional comments.)</i>	Yes / No & Comments:	Yes / No & Comments:	Yes / No & Comments:	Yes / No & Comments:
Was the accessibility support useful?  <i>(Circle Yes or No and record optional comments.)</i>	Yes / No & Comments:	Yes / No & Comments:	Yes / No & Comments:	Yes / No & Comments:
