

Free and Low-Cost Online Professional Learning Options Approved for Certificate Renewal and Progression

There are many options for meeting [certification renewal and progression requirements](#). Due to the COVID-19 pandemic, many of Michigan’s State Continuing Education Clock Hours (SCECH) program sponsors are temporarily offering free and low-cost online professional learning options that will qualify for certificate renewal and progression. The current SCECH catalog does not provide a feature to sort by cost or delivery method (e.g., online, blended). The Michigan Department of Education (MDE) has developed this curated list to make it easier to find online resources until updates to the system can be made.

Educators may access additional professional learning options through [MDE’s online SCECH catalog](#), as well as other options such as [EduPaths Course SCECH listing](#), the [REMC Association’s professional learning current offerings](#), and [Michigan Virtual’s extensive course catalog](#). Early Childhood and Out of School Time Professionals may access free training lists on [MiRegistry](#).

Educators can view the Education-Related Professional Learning they have completed and how many hours are still needed by logging into their [Michigan Online Educator Certification System](#) (MOECS) account and clicking the Professional Learning tab. After participating in one of the activities, the educator will receive a program evaluation survey. Upon completion of the survey, SCECHs will be awarded to the participant’s MOECS account. For additional information about each individual SCECH opportunity, please contact the specific sponsor.

Transition to the Facilitation of Online Learning Programs
