4. If you request a new password, one will be emailed to the email address that is associated with your WLS account. The email will come from the sender "No Reply" and look like this:

Please be aware that this email may find its way into your spam folder. Please check there for the email before reaching out to us.

5. Use your new password and email address to log in to WLS. You may want to change your password after logging in the first time for security reasons.

If the system tells you that it doesn't recognize your password, please try the following steps:

- Type out your password manually, instead of having your browser/password manager automatically put it in to the password field.
- Use a browser other than Internet Explorer. Recommended browsers for this site include Chrome, Firefox, Edge, and Safari.
- Make sure you are capitalizing any letters in your password that should be capitalized. Passwords are case-sensitive.
- Please make sure the URL you are using is <https://stage.worklivesystems.com/program/4>

If you need further support, please reach out to your local Resource Center by calling 1.877.614.7328. You can also access your local Resource Center by visiting their [webpage](#).
