

Comparing Breakfast and Lunch in Michigan Before and After the Michigan School Meals (MSM) Program Started

	School Year 2018-2019 - Pre-Pandemic -Community Eligibility Provision Available	School Year 2022-2023 -First Post-Pandemic Year Where All Meals Were Not Free -Community Eligibility Provision Available	School Year 2023-2024 -First Year Michigan School Meals (MSM) -Community Eligibility Provision Available
Sponsor Count	838+	761	752
Site Count	3,400	3,412	3,459
October Breakfasts	8,662,272	7,629,899	10,064,686
October Average Daily Breakfast Participation	383,844 students	375,956 students	474,431 students
October Lunches	16,745,298	14,052,206	17,659,809
October Average Daily Lunch Participation	758,805 students	709,593 students	853,639 students
October Federal Reimbursement Amount	\$59,484,855	\$67,337,881	\$77,998,782
October State MSM Amount*	\$0	\$0	\$26,081,602
USDA Foods Total Value (July-June)^	\$41,912,948	\$51,625,514	\$43,821,658

+: Sponsor Count was higher in 2018-19 because many public school academies operated independently and then combined under one school food authority in future years

*: The Michigan School Meals program did not start until SY 23-24

^: USDA Foods dollars are calculated based on the previous year's lunches served, multiplied by commodity rate, which is currently \$.3650.
