  - (10) Specific learning disability—
    - (i) General. - (ii) Disorders not included. Specific learning disability does not include learning problems that are primarily the result of visual, hearing, or motor disabilities, of intellectual disability, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

**§ 300.307 Specific learning disabilities.**

- (a) General. A State must adopt, consistent with §300.309, criteria for determining whether a child has a specific learning disability as defined in § 300.8(c)(10). In addition, the criteria adopted by the State—
  - (1) Must not require the use of a severe discrepancy between intellectual ability and achievement for determining whether a child has a specific learning disability, as defined in § 300.8(c)(10);
  - (2) Must permit the use of a process based on the child’s response to scientific, research-based intervention; and
  - (3) May permit the use of other alternative research-based procedures for determining whether a child has a specific learning disability, as defined in § 300.8(c)(10).
- (b) Consistency with State criteria. A public agency must use the State criteria adopted pursuant to paragraph (a) of this section in determining whether a child has a specific learning disability.

**§ 300.308 Additional group members.**

The determination of whether a child suspected of having a specific learning disability is a child with a disability as defined in § 300.8, must be made by the child’s parents and a team of qualified professionals, which must include—

- (a)
  - (1) The child’s regular teacher; or
  - (2) If the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age; or

- (a) The group described in § 300.306 may determine that a child has a specific learning disability, as defined in § 300.8(c)(10), if—
- (1) The child does not achieve adequately for the child’s age or to meet State-approved grade-level standards in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child’s age or State-approved grade-level standards:
    - (i) Oral expression.
    - (ii) Listening comprehension.

  - (2)
    - (i) The child does not make sufficient progress to meet age or State-approved grade-level standards in one or more of the areas identified in paragraph (a)(1) of this section when using a process based on the child’s response to scientific, research-based intervention; or
    - (ii) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade-level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, consistent with §§ 300.304 and 300.305; and
  - (3) The group determines that its findings under paragraphs (a)(1) and (2) of this section are not primarily the result of—

    - (ii) An intellectual disability;
    - (iii) Emotional disturbance;
    - (iv) Cultural factors;
    - (v) Environmental or economic disadvantage; or
    - (vi) Limited English proficiency.

- (1) If, prior to a referral, a child has not made adequate progress after an appropriate period of time when provided instruction, as described in paragraphs (b)(1) and (b)(2) of this section; and
  - (2) Whenever a child is referred for an evaluation.

**§ 300.310 Observation.**

- (a) The public agency must ensure that the child is observed in the child's learning environment (including the regular classroom setting) to document the child's academic performance and behavior in the areas of difficulty.
- (b) The group described in § 300.306(a)(1), in determining whether a child has a specific learning disability, must decide to—
  - (1) Use information from an observation in routine classroom instruction and monitoring of the child's performance that was done before the child was referred for an evaluation; or
  - (2) Have at least one member of the group described in § 300.306(a)(1) conduct an observation of the child's academic performance in the regular classroom after the child has been referred for an evaluation and parental consent, consistent with § 300.300(a), is obtained.
- (c) In the case of a child of less than school age or out of school, a group member must observe the child in an environment appropriate for a child of that age.

**§ 300.311 Specific documentation for the eligibility determination.**

- (a) For a child suspected of having a specific learning disability, the documentation of the determination of eligibility, as required in § 300.306(a)(2), must contain a statement of—

##### § 300.111 Child find.

(a) General.

- (1) The State must have in effect policies and procedures to ensure that—
  - (i) All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State, and children with disabilities attending private schools, regardless of the severity of their disability, and who are in need of special education and related services, are identified, located, and evaluated; and
  - (ii) A practical method is developed and implemented to determine which children are currently receiving needed special education and related services.

(b) Use of term developmental delay. The following provisions apply with respect to implementing the child find requirements of this section:

- (1) A State that adopts a definition of developmental delay under § 300.8(b) determines whether the term applies to children aged three through nine, or to a subset of that age range (e.g., ages three through five).
- (2) A State may not require an LEA to adopt and use the term developmental delay for any children within its jurisdiction.

- (3) If an LEA uses the term developmental delay for children described in § 300.8(b), the LEA must conform to both the State’s definition of that term and to the age range that has been adopted by the State.
  - (4) If a State does not adopt the term developmental delay, an LEA may not independently use that term as a basis for establishing a child’s eligibility under this part.
- (c) Other children in child find. Child find also must include—
- (1) Children who are suspected of being a child with a disability under § 300.8 and in need of special education, even though they are advancing from grade to grade; and
  - (2) Highly mobile children, including migrant children.
- (d) Construction. Nothing in the Act requires that children be classified by their disability so long as each child who has a disability that is listed in § 300.8 and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under Part B of the Act.

**§ 300.300 Parental consent.**

- (a) Parental consent for initial evaluation.
- (1)
    - (i) The public agency proposing to conduct an initial evaluation to determine if a child qualifies as a child with a disability under § 300.8 must, after providing notice consistent with §§ 300.503 and 300.504, obtain informed consent, consistent with § 300.9, from the parent of the child before conducting the evaluation.
    - (ii) Parental consent for initial evaluation must not be construed as consent for initial provision of special education and related services.
    - (iii) The public agency must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability.
  - (2) For initial evaluations only, if the child is a ward of the State and is not residing with the child’s parent, the public agency is not required to obtain informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability if—
    - (i) Despite reasonable efforts to do so, the public agency cannot discover the whereabouts of the parent of the child;

- (ii) The rights of the parents of the child have been terminated in accordance with State law; or
  - (iii) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.
- (3)
- (i) If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation under paragraph (a)(1) of this section, or the parent fails to respond to a request to provide consent, the public agency may, but is not required to, pursue the initial evaluation of the child by utilizing the procedural safeguards in subpart E of this part (including the mediation procedures under § 300.506 or the due process procedures under §§ 300.507 through 300.516), if appropriate, except to the extent inconsistent with State law relating to such parental consent.
  - (ii) The public agency does not violate its obligation under § 300.111 and §§ 300.301 through 300.311 if it declines to pursue the evaluation.
- (b) Parental consent for services.
- (1) A public agency that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child.
  - (2) The public agency must make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child.
  - (3) If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, the public agency—
    - (i) May not use the procedures in subpart E of this part (including the mediation procedures under § 300.506 or the due process procedures under §§ 300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;
    - (ii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent; and
    - (iii) Is not required to convene an IEP Team meeting or develop an IEP under §§ 300.320 and 300.324 for the child.

- (4) If, at any time subsequent to the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the public agency—
- (i) May not continue to provide special education and related services to the child, but must provide prior written notice in accordance with § 300.503 before ceasing the provision of special education and related services;
  - (ii) May not use the procedures in subpart E of this part (including the mediation procedures under § 300.506 or the due process procedures under §§ 300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;
  - (iii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and
  - (iv) Is not required to convene an IEP Team meeting or develop an IEP under §§ 300.320 and 300.324 for the child for further provision of special education and related services.
- (c) Parental consent for reevaluations.
- (1) Subject to paragraph (c)(2) of this section, each public agency—
    - (i) Must obtain informed parental consent, in accordance with § 300.300(a) (1), prior to conducting any reevaluation of a child with a disability.
    - (ii) If the parent refuses to consent to the reevaluation, the public agency may, but is not required to, pursue the reevaluation by using the consent override procedures described in paragraph (a)(3) of this section.
    - (iii) The public agency does not violate its obligation under § 300.111 and §§ 300.301 through 300.311 if it declines to pursue the evaluation or reevaluation.
  - (2) The informed parental consent described in paragraph (c)(1) of this section need not be obtained if the public agency can demonstrate that—
    - (i) It made reasonable efforts to obtain such consent; and
    - (ii) The child’s parent has failed to respond.
- (d) Other consent requirements.
- (1) Parental consent is not required before—
    - (i) Reviewing existing data as part of an evaluation or a reevaluation; or
    - (ii) Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.

- (2) In addition to the parental consent requirements described in paragraph (a) of this section, a State may require parental consent for other services and activities under this part if it ensures that each public agency in the State establishes and implements effective procedures to ensure that a parent's refusal to consent does not result in a failure to provide the child with FAPE.
- (3) A public agency may not use a parent's refusal to consent to one service or activity under paragraphs (a), (b), (c) or (d)(2) of this section to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this part.
- (4)
  - (i) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures (described in paragraphs (a)(3) and (c)(1) of this section); and
  - (ii) The public agency is not required to consider the child as eligible for services under §§ 300.132 through 300.144.
- (5) To meet the reasonable efforts requirement in paragraphs (a)(1)(iii), (a)(2) (i), (b)(2), and (c)(2)(i) of this section, the public agency must document its attempts to obtain parental consent using the procedures in § 300.322(d).

**§ 300.503 Prior notice by the public agency; content of notice.**

- (a) Notice. Written notice that meets the requirements of paragraph (b) of this section must be given to the parents of a child with a disability a reasonable time before the public agency—
  - (1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or

**§ 300.15 Evaluation.**

Evaluation means procedures used in accordance with §§ 300.304 through 300.311 to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs.

**§ 300.301 Initial evaluations.**

- (a) General. Each public agency must conduct a full and individual initial evaluation, in accordance with §§ 300.304 and 300.306, before the initial provision of special education and related services to a child with a disability under this part.
- (b) Request for initial evaluation. Consistent with the consent requirements in § 300.300, either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.
- (c) Procedures for initial evaluation. The initial evaluation—

- (1)
  - (i) Must be conducted within 60 days of receiving parental consent for the evaluation; or
  - (ii) If the State establishes a timeframe within which the evaluation must be conducted, within that timeframe; and
- (2) Must consist of procedures—
  - (i) To determine if the child is a child with a disability under § 300.8; and
  - (ii) To determine the educational needs of the child.
- (d) Exception. The timeframe described in paragraph (c)(1) of this section does not apply to a public agency if—
  - (1) The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or
  - (2) A child enrolls in a school of another public agency after the relevant timeframe in paragraph (c)(1) of this section has begun, and prior to a determination by the child’s previous public agency as to whether the child is a child with a disability under § 300.8.
- (e) The exception in paragraph (d)(2) of this section applies only if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent public agency agree to a specific time when the evaluation will be completed.

**§ 300.302 Screening for instructional purposes is not evaluation.**

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

**§ 300.303 Reevaluations.**

- (a) General. A public agency must ensure that a reevaluation of each child with a disability is conducted in accordance with §§ 300.304 through 300.311—
  - (1) If the public agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
  - (2) If the child’s parent or teacher requests a reevaluation.
- (b) Limitation. A reevaluation conducted under paragraph (a) of this section—
  - (1) May occur not more than once a year, unless the parent and the public agency agree otherwise; and

- (2) Must occur at least once every 3 years, unless the parent and the public agency agree that a reevaluation is unnecessary.

**§ 300.304 Evaluation procedures.**

- (a) Notice. The public agency must provide notice to the parents of a child with a disability, in accordance with § 300.503, that describes any evaluation procedures the agency proposes to conduct.
- (b) Conduct of evaluation. In conducting the evaluation, the public agency must—
  - (1) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, that may assist in determining—
    - (i) Whether the child is a child with a disability under § 300.8; and
    - (ii) The content of the child’s IEP, including information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities);
  - (2) Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and
  - (3) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.
- (c) Other evaluation procedures. Each public agency must ensure that—
  - (1) Assessments and other evaluation materials used to assess a child under this part—
    - (i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
    - (ii) Are provided and administered in the child’s native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
    - (iii) Are used for the purposes for which the assessments or measures are valid and reliable;
    - (iv) Are administered by trained and knowledgeable personnel; and
    - (v) Are administered in accordance with any instructions provided by the producer of the assessments.

- (2) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
- (3) Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).
- (4) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities;
- (5) Assessments of children with disabilities who transfer from one public agency to another public agency in the same school year are coordinated with those children's prior and subsequent schools, as necessary and as expeditiously as possible, consistent with § 300.301(d)(2) and (e), to ensure prompt completion of full evaluations.
- (6) In evaluating each child with a disability under §§ 300.304 through 300.306, the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.
- (7) Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

**§ 300.305 Additional requirements for evaluations and reevaluations.**

- (a) Review of existing evaluation data. As part of an initial evaluation (if appropriate) and as part of any reevaluation under this part, the IEP Team and other qualified professionals, as appropriate, must—
  - (1) Review existing evaluation data on the child, including—
    - (i) Evaluations and information provided by the parents of the child;
    - (ii) Current classroom-based, local, or State assessments, and classroom-based observations; and
    - (iii) Observations by teachers and related services providers; and
  - (2) On the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine—
    - (i)

- (A) Whether the child is a child with a disability, as defined in § 300.8, and the educational needs of the child; or
- (B) In case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
- (ii) The present levels of academic achievement and related developmental needs of the child;
- (iii)
  - (A) Whether the child needs special education and related services; or
  - (B) In the case of a reevaluation of a child, whether the child continues to need special education and related services; and
- (iv) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.
- (b) Conduct of review. The group described in paragraph (a) of this section may conduct its review without a meeting.
- (c) Source of data. The public agency must administer such assessments and other evaluation measures as may be needed to produce the data identified under paragraph (a) of this section.
- (d) Requirements if additional data are not needed.
  - (1) If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability, and to determine the child’s educational needs, the public agency must notify the child’s parents of—
    - (i) That determination and the reasons for the determination; and
    - (ii) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability, and to determine the child’s educational needs.
  - (2) The public agency is not required to conduct the assessment described in paragraph (d)(1)(ii) of this section unless requested to do so by the child’s parents.
- (e) Evaluations before change in eligibility.
  - (1) Except as provided in paragraph (e)(2) of this section, a public agency must evaluate a child with a disability in accordance with §§ 300.304 through 300.311 before determining that the child is no longer a child with a disability.

- (2) The evaluation described in paragraph (e)(1) of this section is not required before the termination of a child's eligibility under this part due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for FAPE under State law.
- (3) For a child whose eligibility terminates under circumstances described in paragraph (e)(2) of this section, a public agency must provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

**§ 300.306 Determination of eligibility.**

- (a) General. Upon completion of the administration of assessments and other evaluation measures—
  - (1) A group of qualified professionals and the parent of the child determines whether the child is a child with a disability, as defined in § 300.8, in accordance with paragraph (c) of this section and the educational needs of the child; and
  - (2) The public agency provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.
- (b) Special rule for eligibility determination. A child must not be determined to be a child with a disability under this part—
  - (1) If the determinant factor for that determination is—
    - (i) Lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in section 1208(3) of the ESEA as such section was in effort on the day before the date of enactment of the Every Student Succeeds Act (December 9, 2015));
    - (ii) Lack of appropriate instruction in math; or
    - (iii) Limited English proficiency; and
  - (2) If the child does not otherwise meet the eligibility criteria under § 300.8(a).
- (c) Procedures for determining eligibility and educational need.
  - (1) In interpreting evaluation data for the purpose of determining if a child is a child with a disability under § 300.8, and the educational needs of the child, each public agency must—
    - (i) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child's physical condition, social or cultural background, and adaptive behavior; and

- (ii) Ensure that information obtained from all of these sources is documented and carefully considered.
- (2) If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with §§ 300.320 through 300.324.

**MARSE R 340.1721b Public agency responsibilities and timelines.**

**Rule 21b.**

- (1) When a written request for an evaluation is made for a student attending a public school, all of the following apply:
  - (a) Within 10 school days of receipt of the written request, the public agency shall provide the parent with written notice consistent with 34 CFR 300.503 and request written parental consent to evaluate. The time from receipt of parental consent for an evaluation to the notice of an offer of a free appropriate public education or the determination of ineligibility must not be more than 30 school days. This timeline begins on receipt of the signed parental consent by the public agency requesting the consent. The parent and the public agency may agree to extend this timeline. Any extension must comply with both of the following:
    - (i) Be in writing.
    - (ii) Be measured in school days.
  - (b) The parent has 10 school days after receipt of the notice of an initial offer of a free appropriate public education to provide the public agency with written parental consent to provide initial special education programs and services.
  - (c) Within 7 school days of the date of the individualized education program team meeting, the public agency shall provide the parent with the notice of an offer of a free appropriate public education or determination of ineligibility. The public agency shall document the mode and date of delivery of the notice. The notice must identify where the programs and services will be provided and when the individualized education programs will begin.
  - (d) Unless a parent has filed a due process complaint to request a hearing under R 340.1724f, the public agency, as defined in 34 CFR 300.33, shall initiate a proposed special education individualized education program as soon as possible and within 15 school days of the parent's receipt of written notification under subdivision (c) of this subrule, or within 15 school days of receipt of written parental consent under subdivision (b) of this subrule. The parties may agree to a

later initiation date if the individualized education program clearly identifies the later date. A later initiation date must not be used to deny or delay programs or services because they are unavailable and must not be used for purposes of administrative convenience.

- (e) For a student with an individualized education program effective at a public agency who transfers to a different public agency during the same school year, the new public agency shall immediately provide a free appropriate public education. A decision regarding implementation of an individualized education program in accordance with 34 CFR 300.323 must be made within 30 school days of enrollment.

  - (b) Within 30 school days of receipt of written parental consent for an evaluation, determine eligibility and provide notice consistent with 34 CFR 300.503. The parent and the public agency may agree to extend this timeline. Any extension must comply with both of the following:
    - (i) Be in writing.
    - (ii) Be measured in school days.
  - (c) Comply with the requirements of 34 CFR 300.130 to 300.147.

### § 300.323 When IEPs must be in effect.

- (a) General. At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in § 300.320.
- (b) IEP or IFSP for children aged three through five.
  - (1) In the case of a child with a disability aged three through five (or, at the discretion of the SEA, a two-year-old child with a disability who will turn age three during the school year), the IEP Team must consider an IFSP that contains the IFSP content (including the natural environments statement) described in section 636(d) of the Act and its implementing regulations (including an educational component that promotes school readiness and incorporates pre-

- literacy, language, and numeracy skills for children with IFSPs under this section who are at least three years of age), and that is developed in accordance with the IEP procedures under this part. The IFSP may serve as the IEP of the child, if using the IFSP as the IEP is—
- (i) Consistent with State policy; and
  - (ii) Agreed to by the agency and the child’s parents.
- (2) In implementing the requirements of paragraph (b)(1) of this section, the public agency must—
- (i) Provide to the child’s parents a detailed explanation of the differences between an IFSP and an IEP; and
  - (ii) If the parents choose an IFSP, obtain written informed consent from the parents.
- (c) Initial IEPs; provision of services. Each public agency must ensure that—
- (1) A meeting to develop an IEP for a child is conducted within 30 days of a determination that the child needs special education and related services; and
  - (2) As soon as possible following development of the IEP, special education and related services are made available to the child in accordance with the child’s IEP.
- (d) Accessibility of child’s IEP to teachers and others. Each public agency must ensure that—
- (1) The child’s IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and
  - (2) Each teacher and provider described in paragraph (d)(1) of this section is informed of—
    - (i) His or her specific responsibilities related to implementing the child’s IEP; and
    - (ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.
- (e) IEPs for children who transfer public agencies in the same State. If a child with a disability (who had an IEP that was in effect in a previous public agency in the same State) transfers to a new public agency in the same State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide FAPE to the child (including services comparable to those described in the child’s IEP from the previous public agency), until the new public agency either—
- (1) Adopts the child’s IEP from the previous public agency; or

- (2) Develops, adopts, and implements a new IEP that meets the applicable requirements in §§ 300.320 through 300.324.
- (f) IEPs for children who transfer from another State. If a child with a disability (who had an IEP that was in effect in a previous public agency in another State) transfers to a public agency in a new State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide the child with FAPE (including services comparable to those described in the child’s IEP from the previous public agency), until the new public agency—
  - (1) Conducts an evaluation pursuant to §§ 300.304 through 300.306 (if determined to be necessary by the new public agency); and
  - (2) Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in §§ 300.320 through 300.324.
- (g) Transmittal of records. To facilitate the transition for a child described in paragraphs (e) and (f) of this section—
  - (1) The new public agency in which the child enrolls must take reasonable steps to promptly obtain the child’s records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous public agency in which the child was enrolled, pursuant to 34 CFR 99.31(a)(2); and
  - (2) The previous public agency in which the child was enrolled must take reasonable steps to promptly respond to the request from the new public agency.

**MARSE R 340.1721e Individualized education program.**

  - (a) A statement of measurable annual goals, including measurable short-term objectives.
  - (b) A statement documenting that the individualized education program team considered extended school year services.
  - (c) For a child age 3 through 5, a statement of the child’s socialization needs and ability to participate and progress in developmentally appropriate activities.
- (2) All of the following apply to the determination of the need for extended school year services:

- (a) The individualized education program team shall determine if a student’s current annual goals address 1 or more skills that need extended school year services. For any identified annual goal, the individualized education program team shall consider all of the following:
    - (i) Data that indicate that in the identified annual goal there is a potential for regression of skills beyond a reasonable period of recoupment.
    - (ii) Data regarding the nature or severity of the disability of the student that indicate that there is a need to provide services in the identified annual goal during breaks in the school year.
    - (iii) Information that indicates that in the identified annual goal the student is at a critical stage of learning or in a critical area of learning where failure to provide a service beyond the normal school year will severely limit the student’s capacity to acquire essential skills.
  - (b) If the individualized education program team determines that any data or information described in subdivision (a)(i) to (iii) of this subrule indicates a need for extended school year services, the individualized education program team shall include extended school year services in the student’s individualized education program.
  - (c) The individualized education program team shall not determine the need for extended school year services based on a formula or policy that prohibits full consideration of the unique educational needs of each student.
  - (d) The individualized education program team shall consider related services, transportation, supplementary aids and services, and instructional programming when planning a student’s extended school year services.
  - (e) The individualized education program team shall conclude consideration of extended school year services in sufficient time to make plans for the delivery of extended school year services.
- (3) Any participant in the individualized education program team’s deliberations who disagrees, in whole or in part, with the team’s determination may indicate the reasons on the team’s individualized education program report or may submit a written statement to be attached to the report.
- (4) The individualized education program team shall determine the programs and services for a student with a disability pursuant to 34 CFR Part 300 (2019). The individualized education program team shall not restrict the individualized education program to the programs and services available.

- (5) The individualized education program team shall consider the Michigan school for the deaf as a part of the total continuum of services for students who are deaf or hard of hearing. The resident district shall conduct the individualized education program team meeting that initiates an assignment to the Michigan school for the deaf. The individualized education program team shall invite representatives of the intermediate school district of residence and the Michigan school for the deaf to participate in the individualized education program team meeting.
- (6) The school district of residence is responsible for conducting the initial individualized education program team meeting involving a student in its district and shall conduct, or authorize the operating district to conduct, each subsequent individualized education program team meeting at a mutually agreed upon time and place.
- (7) The operating district shall invite the resident district to attend the individualized education program team meeting when the district of residence has authorized the operating district to conduct each subsequent individualized education program team meeting.

- (c) Determination of knowledge and special expertise. The determination of the knowledge or special expertise of any individual described in paragraph (a)(6) of this

section must be made by the party (parents or public agency) who invited the individual to be a member of the IEP Team.

- (d) Designating a public agency representative. A public agency may designate a public agency member of the IEP Team to also serve as the agency representative, if the criteria in paragraph (a)(4) of this section are satisfied.
- (e) IEP Team attendance.
  - (1) A member of the IEP Team described in paragraphs (a)(2) through (a)(5) of this section is not required to attend an IEP Team meeting, in whole or in part, if the parent of a child with a disability and the public agency agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.
  - (2) A member of the IEP Team described in paragraph (e)(1) of this section may be excused from attending an IEP Team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if—
    - (i) The parent, in writing, and the public agency consent to the excusal; and
    - (ii) The member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.
- (f) Initial IEP Team meeting for child under Part C. In the case of a child who was previously served under Part C of the Act, an invitation to the initial IEP Team meeting must, at the request of the parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

**§ 300.322 Parent participation.**

- (a) Public agency responsibility—general. Each public agency must take steps to ensure that one or both of the parents of a child with a disability are present at each IEP Team meeting or are afforded the opportunity to participate, including—
  - (1) Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and
  - (2) Scheduling the meeting at a mutually agreed on time and place.
- (b) Information provided to parents.
  - (1) The notice required under paragraph (a)(1) of this section must—
    - (i) Indicate the purpose, time, and location of the meeting and who will be in attendance; and

- (ii) Inform the parents of the provisions in § 300.321(a)(6) and (c) (relating to the participation of other individuals on the IEP Team who have knowledge or special expertise about the child), and § 300.321(f) (relating to the participation of the Part C service coordinator or other representatives of the Part C system at the initial IEP Team meeting for a child previously served under Part C of the Act).
- (2) For a child with a disability beginning not later than the first IEP to be in effect when the child turns 16, or younger if determined appropriate by the IEP Team, the notice also must—
  - (i) Indicate—
    - (A) That a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the child, in accordance with § 300.320(b); and
    - (B) That the agency will invite the student; and
  - (ii) Identify any other agency that will be invited to send a representative.
- (c) Other methods to ensure parent participation. If neither parent can attend an IEP Team meeting, the public agency must use other methods to ensure parent participation, including individual or conference telephone calls, consistent with § 300.328 (related to alternative means of meeting participation).
- (d) Conducting an IEP Team meeting without a parent in attendance. A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case, the public agency must keep a record of its attempts to arrange a mutually agreed on time and place, such as—
  - (1) Detailed records of telephone calls made or attempted and the results of those calls;
  - (2) Copies of correspondence sent to the parents and any responses received; and
  - (3) Detailed records of visits made to the parent’s home or place of employment and the results of those visits.
- (e) Use of interpreters or other action, as appropriate. The public agency must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP Team meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.
- (f) Parent copy of child’s IEP. The public agency must give the parent a copy of the child’s IEP at no cost to the parent.

**§ 300.324 Development, review, and revision of IEP.**

(a) Development of IEP—

- (1) General. In developing each child’s IEP, the IEP Team must consider—
  - (i) The strengths of the child;
  - (ii) The concerns of the parents for enhancing the education of their child;
  - (iii) The results of the initial or most recent evaluation of the child; and
  - (iv) The academic, developmental, and functional needs of the child.
- (2) Consideration of special factors. The IEP Team must—
  - (i) In the case of a child whose behavior impedes the child’s learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;
  - (ii) In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child’s IEP;
  - (iii) In the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child’s reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child’s future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;
  - (iv) Consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child’s language and communication needs, opportunities for direct communications with peers and professional personnel in the child’s language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child’s language and communication mode; and
  - (v) Consider whether the child needs assistive technology devices and services.
- (3) Requirement with respect to regular education teacher. A regular education teacher of a child with a disability, as a member of the IEP Team, must, to the extent appropriate, participate in the development of the IEP of the child, including the determination of—
  - (i) Appropriate positive behavioral interventions and supports and other strategies for the child; and
  - (ii) Supplementary aids and services, program modifications, and support for school personnel consistent with § 300.320(a)(4).
- (4) Agreement.

- (i) In making changes to a child’s IEP after the annual IEP Team meeting for a school year, the parent of a child with a disability and the public agency may agree not to convene an IEP Team meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the child’s current IEP.
  - (ii) If changes are made to the child’s IEP in accordance with paragraph (a) (4)(i) of this section, the public agency must ensure that the child’s IEP Team is informed of those changes.
- (5) Consolidation of IEP Team meetings. To the extent possible, the public agency must encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.
- (6) Amendments. Changes to the IEP may be made either by the entire IEP Team at an IEP Team meeting, or as provided in paragraph (a)(4) of this section, by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.
- (b) Review and revision of IEPs—
- (1) General. Each public agency must ensure that, subject to paragraphs (b)(2) and (b)(3) of this section, the IEP Team—
    - (i) Reviews the child’s IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and
    - (ii) Revises the IEP, as appropriate, to address—
      - (A) Any lack of expected progress toward the annual goals described in § 300.320(a)(2), and in the general education curriculum, if appropriate;
      - (B) The results of any reevaluation conducted under § 300.303;
      - (C) Information about the child provided to, or by, the parents, as described under § 300.305(a)(2);
      - (D) The child’s anticipated needs; or
      - (E) Other matters.
  - (2) Consideration of special factors. In conducting a review of the child’s IEP, the IEP Team must consider the special factors described in paragraph (a)(2) of this section.
  - (3) Requirement with respect to regular education teacher. A regular education teacher of the child, as a member of the IEP Team, must, consistent with paragraph (a)(3) of this section, participate in the review and revision of the IEP of the child.

(c) Failure to meet transition objectives—

- (1) Participating agency failure. If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with § 300.320(b), the public agency must reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.
- (2) Construction. Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.

(d) Children with disabilities in adult prisons—

- (1) Requirements that do not apply. The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:
  - (i) The requirements contained in section 612(a)(16) of the Act and § 300.320(a)(6) (relating to participation of children with disabilities in general assessments).
  - (ii) The requirements in § 300.320(b) (relating to transition planning and transition services) do not apply with respect to the children whose eligibility under Part B of the Act will end, because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.
- (2) Modifications of IEP or placement.
  - (i) Subject to paragraph (d)(2)(ii) of this section, the IEP Team of a child with a disability who is convicted as an adult under State law and incarcerated in an adult prison may modify the child’s IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.
  - (ii) The requirements of §§ 300.320 (relating to IEPs), and 300.114 (relating to LRE), do not apply with respect to the modifications described in paragraph (d)(2)(i) of this section.

**§ 300.328 Alternative means of meeting participation.**

When conducting IEP Team meetings and placement meetings pursuant to this subpart, and subpart E of this part, and carrying out administrative matters under section 615

of the Act (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

**MARSE R 340.1722 District responsibilities.**

- (2) The staff person responsible for the implementation of the individualized education program shall be either of the following:
  - (a) The principal of the building where the primary educational program is provided to the student with an individualized education program.

**§ 300.105 Assistive technology.**

- (a) Each public agency must ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in §§ 300.5 and 300.6, respectively, are made available to a child with a disability if required as a part of the child's—
  - (1) Special education under § 300.39;
  - (2) Related services under § 300.34; or
  - (3) Supplementary aids and services under §§ 300.42 and 300.114(a)(2)(ii).
- (b) On a case-by-case basis, the use of school-purchased assistive technology devices in a child's home or in other settings is required if the child's IEP Team determines that the child needs access to those devices in order to receive FAPE.

**§ 300.114 LRE requirements.**

(a) General.

- (1) Except as provided in § 300.324(d)(2) (regarding children with disabilities in adult prisons), the State must have in effect policies and procedures to ensure that public agencies in the State meet the LRE requirements of this section and §§ 300.115 through 300.120.
- (2) Each public agency must ensure that—
  - (i) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and
  - (ii) Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(b) Additional requirement—State funding mechanism—

(1) General.

- (i) A State funding mechanism must not result in placements that violate the requirements of paragraph (a) of this section; and
- (ii) A State must not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability FAPE according to the unique needs of the child, as described in the child’s IEP.

- (2) Assurance. If the State does not have policies and procedures to ensure compliance with paragraph (b)(1) of this section, the State must provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that the mechanism does not result in placements that violate that paragraph.

**§ 300.115 Continuum of alternative placements.**

- (a) Each public agency must ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.

(b) The continuum required in paragraph (a) of this section must—

- (1) Include the alternative placements listed in the definition of special education under § 300.39 (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and

- (2) Make provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement.

**§ 300.116 Placements.**

In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure that—

- (a) The placement decision—
  - (1) Is made by a group of persons, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and
  - (2) Is made in conformity with the LRE provisions of this subpart, including §§ 300.114 through 300.118;
- (b) The child’s placement—
  - (1) Is determined at least annually;
  - (2) Is based on the child’s IEP; and
  - (3) Is as close as possible to the child’s home;
- (c) Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that he or she would attend if nondisabled;
- (d) In selecting the LRE, consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs; and
- (e) A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

**§ 300.117 Nonacademic settings.**

In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in § 300.107, each public agency must ensure that each child with a disability participates with nondisabled children in the extracurricular services and activities to the maximum extent appropriate to the needs of that child. The public agency must ensure that each child with a disability has the supplementary aids and services determined by the child’s IEP Team to be appropriate and necessary for the child to participate in nonacademic settings.

**§ 300.327 Educational placements.**

Consistent with § 300.501(c), each public agency must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

**MARSE R 340.1723c Right to independent educational evaluation.**

**Rule 23c.**

  - (a) Criteria regarding credentials for qualified examiners.
  - (b) Suggested sources and locations.
  - (c) Procedures for reimbursement.
  - (d) Reasonable expected costs.
  - (e) Notification that the parent is not restricted to choosing from sources suggested by the public agency.
- (2) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency. A parent is entitled to only 1 independent educational evaluation at public expense each time the public agency conducts an evaluation with which the parent disagrees.
- (3) When a parent requests an independent educational evaluation at public expense, the public agency shall, without unnecessary delay, either provide an independent educational evaluation at public expense or initiate a hearing under R 340.1724f to show that its evaluation is appropriate.
- (4) The public agency shall respond with written notice consistent with 34 CFR 300.503 to a request for an independent educational evaluation under this rule within 7 calendar days of its receipt by indicating the public agency's intention to honor the request or initiate the hearing procedure under R 340.1724f. If there is a hearing under R 340.1724f and the hearing officer determines that the evaluation is appropriate, the parent retains the right to an independent educational evaluation, but not at public expense.
- (5) The public agency shall disclose to the parent, before evaluation, whether the examiner who was contracted to provide an independent educational evaluation provides services to the public agency that are in addition to the independent educational evaluation.

- (6) Unless agreeable to the parent, an examiner who otherwise or regularly contracts with the public agency to provide services shall not conduct an independent educational evaluation.

### § 300.502 Independent educational evaluation.

(a) General.

- (1) The parents of a child with a disability have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) of this section.
- (2) Each public agency must provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in paragraph (e) of this section.
- (3) For the purposes of this subpart—
  - (i) Independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and
  - (ii) Public expense means that the public agency either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with § 300.103.

(b) Parent right to evaluation at public expense.

- (1) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency, subject to the conditions in paragraphs (b)(2) through (4) of this section.
- (2) If a parent requests an independent educational evaluation at public expense, the public agency must, without unnecessary delay, either—
  - (i) File a due process complaint to request a hearing to show that its evaluation is appropriate; or
  - (ii) Ensure that an independent educational evaluation is provided at public expense, unless the agency demonstrates in a hearing pursuant to §§ 300.507 through 300.513 that the evaluation obtained by the parent did not meet agency criteria.
- (3) If the public agency files a due process complaint notice to request a hearing and the final decision is that the agency's evaluation is appropriate, the parent still

has the right to an independent educational evaluation, but not at public expense.

- (4) If a parent requests an independent educational evaluation, the public agency may ask for the parent's reason why he or she objects to the public evaluation. However, the public agency may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.
  - (5) A parent is entitled to only one independent educational evaluation at public expense each time the public agency conducts an evaluation with which the parent disagrees.
- (c) Parent-initiated evaluations. If the parent obtains an independent educational evaluation at public expense or shares with the public agency an evaluation obtained at private expense, the results of the evaluation—
- (1) Must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child; and
  - (2) May be presented by any party as evidence at a hearing on a due process complaint under subpart E of this part regarding that child.
- (d) Requests for evaluations by hearing officers. If a hearing officer requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.
- (e) Agency criteria.
- (1) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.
  - (2) Except for the criteria described in paragraph (e)(1) of this section, a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

    - (i) The other party consents in writing to the amendment and is given the opportunity to resolve the due process complaint through a meeting held pursuant to § 300.510; or
    - (ii) The hearing officer grants permission, except that the hearing officer may only grant permission to amend at any time not later than five days before the due process hearing begins.
  - (4) If a party files an amended due process complaint, the timelines for the resolution meeting in § 300.510(a) and the time period to resolve in § 300.510(b) begin again with the filing of the amended due process complaint.
- (e) LEA response to a due process complaint.
- (1) If the LEA has not sent a prior written notice under § 300.503 to the parent regarding the subject matter contained in the parent’s due process complaint, the LEA must, within 10 days of receiving the due process complaint, send to the parent a response that includes—
    - (i) An explanation of why the agency proposed or refused to take the action raised in the due process complaint;

- (ii) A description of other options that the IEP Team considered and the reasons why those options were rejected;
  - (iii) A description of each evaluation procedure, assessment, record, or report the agency used as the basis for the proposed or refused action; and
  - (iv) A description of the other factors that are relevant to the agency's proposed or refused action.
- (2) A response by an LEA under paragraph (e)(1) of this section shall not be construed to preclude the LEA from asserting that the parent's due process complaint was insufficient, where appropriate.
- (f) Other party response to a due process complaint. Except as provided in paragraph (e) of this section, the party receiving a due process complaint must, within 10 days of receiving the due process complaint, send to the other party a response that specifically addresses the issues raised in the due process complaint.

**§ 300.509 Model forms.**

- (a) Each SEA must develop model forms to assist parents and public agencies in filing a due process complaint in accordance with §§ 300.507(a) and 300.508(a) through (c) and to assist parents and other parties in filing a State complaint under §§ 300.151 through 300.153. However, the SEA or LEA may not require the use of the model forms.
- (b) Parents, public agencies, and other parties may use the appropriate model form described in paragraph (a) of this section, or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in § 300.508(b) for filing a due process complaint, or the requirements in § 300.153(b) for filing a State complaint.

**§ 300.510 Resolution process.**

- (a) Resolution meeting.
- (1) Within 15 days of receiving notice of the parent's due process complaint, and prior to the initiation of a due process hearing under § 300.511, the LEA must convene a meeting with the parent and the relevant member or members of the IEP Team who have specific knowledge of the facts identified in the due process complaint that—
- (i) Includes a representative of the public agency who has decision-making authority on behalf of that agency; and

- (ii) May not include an attorney of the LEA unless the parent is accompanied by an attorney.
  - (2) The purpose of the meeting is for the parent of the child to discuss the due process complaint, and the facts that form the basis of the due process complaint, so that the LEA has the opportunity to resolve the dispute that is the basis for the due process complaint.
  - (3) The meeting described in paragraph (a)(1) and (2) of this section need not be held if—
    - (i) The parent and the LEA agree in writing to waive the meeting; or
    - (ii) The parent and the LEA agree to use the mediation process described in § 300.506.
  - (4) The parent and the LEA determine the relevant members of the IEP Team to attend the meeting.
- (b) Resolution period.
- (1) If the LEA has not resolved the due process complaint to the satisfaction of the parent within 30 days of the receipt of the due process complaint, the due process hearing may occur.
  - (2) Except as provided in paragraph (c) of this section, the timeline for issuing a final decision under § 300.515 begins at the expiration of this 30-day period.
  - (3) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding paragraphs (b)(1) and (2) of this section, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.
  - (4) If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented using the procedures in § 300.322(d)), the LEA may, at the conclusion of the 30- day period, request that a hearing officer dismiss the parent’s due process complaint.
  - (5) If the LEA fails to hold the resolution meeting specified in paragraph (a) of this section within 15 days of receiving notice of a parent’s due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of a hearing officer to begin the due process hearing timeline.
- (c) Adjustments to 30-day resolution period. The 45-day timeline for the due process hearing in § 300.515(a) starts the day after one of the following events: (1) Both parties agree in writing to waive the resolution meeting;

- (1) After either the mediation or resolution meeting starts but before the end of the 30-day period, the parties agree in writing that no agreement is possible;
  - (2) If both parties agree in writing to the 30-day resolution period, but later, the parent or public agency withdraws from the mediation process.
- (d) Written settlement agreement. If a resolution to the dispute is reached at the meeting described in paragraphs (a)(1) and (2) of this section, the parties must execute a legally binding agreement that is—
- (1) Signed by both the parent and a representative of the agency who has the authority to bind the agency; and
  - (2) Enforceable in any State court of competent jurisdiction or in a district court of the United States, or, by the SEA, if the State has other mechanisms or procedures that permit parties to seek enforcement of resolution agreements, pursuant to § 300.537.
- (e) Agreement review period. If the parties execute an agreement pursuant to paragraph (d) of this section, a party may void the agreement within 3 business days of the agreement’s execution.

**§ 300.511 Impartial due process hearing.**

- (a) General. Whenever a due process complaint is received under § 300.507 or § 300.532, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the procedures in §§ 300.507, 300.508, and 300.510.
- (b) Agency responsible for conducting the due process hearing. The hearing described in paragraph (a) of this section must be conducted by the SEA or the public agency directly responsible for the education of the child, as determined under State statute, State regulation, or a written policy of the SEA.
- (c) Impartial hearing officer.
- (1) At a minimum, a hearing officer—
    - (i) Must not be—

- (2) A person who otherwise qualifies to conduct a hearing under paragraph (c) (1) of this section is not an employee of the agency solely because he or she is paid by the agency to serve as a hearing officer.
- (3) Each public agency must keep a list of the persons who serve as hearing officers. The list must include a statement of the qualifications of each of those persons.
- (d) Subject matter of due process hearings. The party requesting the due process hearing may not raise issues at the due process hearing that were not raised in the due process complaint filed under § 300.508(b), unless the other party agrees otherwise.
- (e) Timeline for requesting a hearing. A parent or agency must request an impartial hearing on their due process complaint within two years of the date the parent or agency knew or should have known about the alleged action that forms the basis of the due process complaint, or if the State has an explicit time limitation for requesting such a due process hearing under this part, in the time allowed by that State law.
- (f) Exceptions to the timeline. The timeline described in paragraph (e) of this section does not apply to a parent if the parent was prevented from filing a due process complaint due to—
  - (1) Specific misrepresentations by the LEA that it had resolved the problem forming the basis of the due process complaint; or
  - (2) The LEA’s withholding of information from the parent that was required under this part to be provided to the parent.

**§ 300.512 Hearing rights.**

    - (iii) Caused a deprivation of educational benefit.

- (b) Construction clause. Nothing in §§ 300.507 through 300.513 shall be construed to affect the right of a parent to file an appeal of the due process hearing decision with the SEA under § 300.514(b), if a State level appeal is available.
- (c) Separate request for a due process hearing. Nothing in §§ 300.500 through 300.536 shall be construed to preclude a parent from filing a separate due process complaint on an issue separate from a due process complaint already filed.
- (d) Findings and decision to advisory panel and general public. The public agency, after deleting any personally identifiable information, must—
  - (1) Transmit the findings and decisions referred to in § 300.512(a)(5) to the State advisory panel established under § 300.167; and
  - (2) Make those findings and decisions available to the public.

- (a) Finality of hearing decision. A decision made in a hearing conducted pursuant to §§ 300.507 through 300.513 or §§ 300.530 through 300.534 is final, except that any party involved in the hearing may appeal the decision under the provisions of paragraph (b) of this section and § 300.516.
- (b) Appeal of decisions; impartial review.
  - (1) If the hearing required by § 300.511 is conducted by a public agency other than the SEA, any party aggrieved by the findings and decision in the hearing may appeal to the SEA.
  - (2) If there is an appeal, the SEA must conduct an impartial review of the findings and decision appealed. The official conducting the review must—
    - (i) Examine the entire hearing record;
    - (ii) Ensure that the procedures at the hearing were consistent with the requirements of due process;
    - (iii) Seek additional evidence if necessary. If a hearing is held to receive additional evidence, the rights in § 300.512 apply;

    - (v) Make an independent decision on completion of the review; and
    - (vi) Give a copy of the written, or, at the option of the parents, electronic findings of fact and decisions to the parties.
- (c) Findings and decision to advisory panel and general public. The SEA, after deleting any personally identifiable information, must—

  - (2) Make those findings and decisions available to the public.
- (d) Finality of review decision. The decision made by the reviewing official is final unless a party brings a civil action under § 300.516.

**§ 300.515 Timelines and convenience of hearings and reviews.**

**§ 300.518 Child’s status during proceedings.**

- (a) Except as provided in § 300.533, during the pendency of any administrative or judicial proceeding regarding a due process complaint notice requesting a due process hearing under § 300.507, unless the State or local agency and the parents of the child agree otherwise, the child involved in the complaint must remain in his or her current educational placement.
- (b) If the complaint involves an application for initial admission to public school, the child, with the consent of the parents, must be placed in the public school until the completion of all the proceedings.
- (c) If the complaint involves an application for initial services under this part from a child who is transitioning from Part C of the Act to Part B and is no longer eligible for Part C services because the child has turned three, the public agency is not required to provide the Part C services that the child had been receiving. If the child is found eligible for special education and related services under Part B and the parent consents to the initial provision of special education and related services under §

300.300(b), then the public agency must provide those special education and related services that are not in dispute between the parent and the public agency.

- (d) If the hearing officer in a due process hearing conducted by the SEA or a State review official in an administrative appeal agrees with the child's parents that a change of placement is appropriate, that placement must be treated as an agreement between the State and the parents for purposes of paragraph (a) of this section.

- (2) If the residency of a student with a disability changes from one intermediate school district to another, then the intermediate school district of previous residence shall transfer the records maintained under this rule to the new intermediate school district upon written request of the intermediate school district of residence and the parent of the student with a disability for whom the record was maintained.
- (3) Public agencies shall comply with 34 C.F.R. 300.610 to 300.626.

#### § 300.530 Authority of school personnel.

- (a) Case-by-case determination. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a child with a disability who violates a code of student conduct.
- (b) General.
  - (1) School personnel under this section may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement under § 300.536).
  - (2) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under paragraph (d) of this section.
- (c) Additional authority. For disciplinary changes in placement that would exceed 10 consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to paragraph (e) of this section, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in paragraph (d) of this section.
- (d) Services.
  - (1) A child with a disability who is removed from the child's current placement pursuant to paragraphs (c), or (g) of this section must—

- (i) Continue to receive educational services, as provided in § 300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP; and
  - (ii) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
- (2) The services required by paragraph (d)(1), (d)(3), (d)(4), and (d)(5) of this section may be provided in an interim alternative educational setting.
  - (3) A public agency is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if it provides services to a child without disabilities who is similarly removed.
  - (4) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, if the current removal is for not more than 10 consecutive school days and is not a change of placement under § 300.536, school personnel, in consultation with at least one of the child’s teachers, determine the extent to which services are needed, as provided in § 300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP.
  - (5) If the removal is a change of placement under § 300.536, the child’s IEP Team determines appropriate services under paragraph (d)(1) of this section.
- (e) Manifestation determination.
- (1) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and relevant members of the child’s IEP Team (as determined by the parent and the LEA) must review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to determine—
    - (i) If the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or
    - (ii) If the conduct in question was the direct result of the LEA’s failure to implement the IEP.
  - (2) The conduct must be determined to be a manifestation of the child’s disability if the LEA, the parent, and relevant members of the child’s IEP Team determine that a condition in either paragraph (e)(1)(i) or (1)(ii) of this section was met.

- (3) If the LEA, the parent, and relevant members of the child’s IEP Team determine the condition described in paragraph (e)(1)(ii) of this section was met, the LEA must take immediate steps to remedy those deficiencies.
- (f) Determination that behavior was a manifestation. If the LEA, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child’s disability, the IEP Team must—
- (1) Either—
- (i) Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
- (ii) If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- (2) Except as provided in paragraph (g) of this section, return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan.
- (g) Special circumstances. School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child’s disability, if the child—
- (1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of an SEA or an LEA;
- (2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA; or
- (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA.
- (h) Notification. On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision, and provide the parents the procedural safeguards notice described in § 300.504.
- (i) Definitions. For purposes of this section, the following definitions apply:
- (1) Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).

- (2) Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.
- (3) Serious bodily injury has the meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.
- (4) Weapon has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code.

### **Act 451 of 1976**

380.1310d Suspension or expulsion of pupil; factors; exercise of discretion; rebuttable presumption; section inapplicable for possession of firearm in weapon free school zone; consideration of factors mandatory; definitions.

#### Sec. 1310d.

- (1) Before suspending or expelling a pupil under section 1310, 1311(1), 1311(2), or 1311a, the board of a school district or intermediate school district or board of directors of a public school academy, or a superintendent, school principal, or other designee under section 1311(1), shall consider each of the following factors:
  - (a) The pupil’s age.
  - (b) The pupil’s disciplinary history.
  - (c) Whether the pupil is a student with a disability.
  - (d) The seriousness of the violation or behavior committed by the pupil.
  - (e) Whether the violation or behavior committed by the pupil threatened the safety of any pupil or staff member.
  - (f) Whether restorative practices will be used to address the violation or behavior committed by the pupil.
  - (g) Whether a lesser intervention would properly address the violation or behavior committed by the pupil.
- (2) Except as provided in subsection (3), this section applies to give the board of a school district or intermediate school district or board of directors of a public school academy, or its designee, discretion over whether or not to suspend or expel a pupil under section 1310, 1311(1), 1311(2), or 1311a. In exercising this discretion with

regard to a suspension of more than 10 days or an expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the board or board of directors, or its designee, can demonstrate that it considered each of the factors listed under subsection (1). For a suspension of 10 or fewer days, there is no rebuttable presumption, but the board or board of directors, or its designee, shall consider each of the factors listed under subsection (1).

- (3) This section does not apply to a pupil being expelled under section 1311(2) for possessing a firearm in a weapon free school zone.
- (4) Except as provided in subsection (3), consideration of the factors listed in subsection (1) is mandatory before suspending or expelling a student under section 1310, 1311(1), 1311(2), or 1311a. The method used for consideration of the factors is at the sole discretion of the board of a school district or intermediate school district or board of directors of a public school academy, or its designee.
- (5) As used in this section:
  - (a) “Expel” means to exclude a pupil from school for disciplinary reasons for a period of 60 or more school days.
  - (b) “Firearm” means that term as defined in section 1311.
  - (c) “Suspend” means to exclude a pupil from school for disciplinary reasons for a period of fewer than 60 school days.
  - (d) “Weapon free school zone” means that term as defined in section 1311.

### **§ 300.531 Determination of setting.**

---

The child’s IEP Team determines the interim alternative educational setting for services under § 300.530(c), (d)(5), and (g).

---

### **§ 300.532 Appeal.**

---

- (a) General. The parent of a child with a disability who disagrees with any decision regarding placement under §§ 300.530 and 300.531, or the manifestation determination under § 300.530(e), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to §§ 300.507 and 300.508(a) and (b).

(b) Authority of hearing officer.

- (1) A hearing officer under § 300.511 hears, and makes a determination regarding an appeal under paragraph (a) of this section.
- (2) In making the determination under paragraph (b)(1) of this section, the hearing officer may—
  - (i) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of § 300.530 or that the child’s behavior was a manifestation of the child’s disability; or
  - (ii) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.
- (3) The procedures under paragraphs (a) and (b)(1) and (2) of this section may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

(c) Expedited due process hearing.

- (1) Whenever a hearing is requested under paragraph (a) of this section, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of §§ 300.507 and 300.508(a) through (c) and §§ 300.510 through 300.514, except as provided in paragraph (c)(2) through (4) of this section.
- (2) The SEA or LEA is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The hearing officer must make a determination within 10 school days after the hearing.
- (3) Unless the parents and LEA agree in writing to waive the resolution meeting described in paragraph (c)(3)(i) of this section, or agree to use the mediation process described in § 300.506—
  - (i) A resolution meeting must occur within seven days of receiving notice of the due process complaint; and
  - (ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process complaint.
- (4) A State may establish different State-imposed procedural rules for expedited due process hearings conducted under this section than it has established for other due process hearings, but, except for the timelines as modified in paragraph

(c)(3) of this section, the State must ensure that the requirements in §§ 300.510 through 300.514 are met.

- (5) The decisions on expedited due process hearings are appealable consistent with § 300.514.

---

### **§ 300.533 Placement during appeals.**

---

When an appeal under § 300.532 has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period specified in § 300.530(c) or (g), whichever occurs first, unless the parent and the SEA or LEA agree otherwise.

---

### **§ 300.534 Protections for children not determined eligible for special education and related services.**

---

- (a) General. A child who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if the public agency had knowledge (as determined in accordance with paragraph (b) of this section) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.
- (b) Basis of knowledge. A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred—
- (1) The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;
  - (2) The parent of the child requested an evaluation of the child pursuant to §§ 300.300 through 300.311; or
  - (3) The teacher of the child, or other personnel of the LEA, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.
- (c) Exception. A public agency would not be deemed to have knowledge under paragraph (b) of this section if—
- (1) The parent of the child—

- (i) Has not allowed an evaluation of the child pursuant to §§ 300.300 through 300.311; or
- (ii) Has refused services under this part; or
- (2) The child has been evaluated in accordance with §§ 300.300 through 300.311 and determined to not be a child with a disability under this part.
- (d) Conditions that apply if no basis of knowledge.
  - (1) If a public agency does not have knowledge that a child is a child with a disability (in accordance with paragraphs (b) and (c) of this section) prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with paragraph (d)(2) of this section.
  - (2)
    - (i) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under § 300.530, the evaluation must be conducted in an expedited manner.
    - (ii) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.
    - (iii) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency must provide special education and related services in accordance with this part, including the requirements of §§ 300.530 through 300.536 and section 612(a)(1)(A) of the Act.

---

**§ 300.535 Referral to and action by law enforcement and judicial authorities.**

---

- (a) Rule of construction. Nothing in this part prohibits an agency from reporting a crime committed by a child with a disability to appropriate authorities or prevents State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.
- (b) Transmittal of records.
  - (1) An agency reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime.

- (2) An agency reporting a crime under this section may transmit copies of the child’s special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

---

**§ 300.536 Change of placement because of disciplinary removals.**

---

- (a) For purposes of removals of a child with a disability from the child’s current educational placement under §§ 300.530 through 300.535, a change of placement occurs if—
- (1) The removal is for more than 10 consecutive school days; or
  - (2) The child has been subjected to a series of removals that constitute a pattern—
    - (i) Because the series of removals total more than 10 school days in a school year;
    - (ii) Because the child’s behavior is substantially similar to the child’s behavior in previous incidents that resulted in the series of removals; and
    - (iii) Because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.
- (b)
- (1) The public agency determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.
  - (2) This determination is subject to review through due process and judicial proceedings.

---

**§ 300.537 State enforcement mechanisms.**

---

Notwithstanding §§ 300.506(b)(7) and 300.510(d)(2), which provide for judicial enforcement of a written agreement reached as a result of mediation or a resolution meeting, there is nothing in this part that would prevent the SEA from using other mechanisms to seek enforcement of that agreement, provided that use of those mechanisms is not mandatory and does not delay or deny a party the right to seek enforcement of the written agreement in a State court of competent jurisdiction or in a district court of the United States.
