History: 2013 AAC; 2019 AAC; 2025 MR 10, Eff. May 7, 2025.

R 400.8112 Children's records.

Rule 112. (1) At the time of a child's initial attendance, a center shall obtain a child information card, using a form provided by the department or a comparable substitute, that is completed, signed, and dated by the child's parent and updated as changes occur. The center shall keep current hard copies of the child information cards at the center.

(2) For children under school-age, at the time of a child's initial attendance, a center shall document 1 of the following, accessed through the Michigan care improvement registry or in a paper format if the parent or guardian chooses to provide to the center in that manner:

(a) A certificate of immunization showing a minimum of 1 dose of each immunizing agent specified by the department of health and human services.

(b) A medical contraindication form signed by a medical doctor or doctor of osteopathic medicine stating why the child cannot receive immunizations.

(c) A copy of a non-medical waiver on the official form prescribed by the department of health and human services and documented in the Michigan care

improvement registry and signed by the parent stating immunizations are not being administered due to religious, medical, or other reasons.

(d) A paper copy of a non-medical waiver on the official form prescribed by the department of health and human services signed by the parent stating immunizations are not being administered due to religious, medical, or other reasons.

(3) When a child under school-aged whose immunizations cannot be completed due to medical reasons, including, but not limited to, a dose waiting period, within 4 months after admittance, a child may remain enrolled for a reasonable length of time that is consistent with good medical practices. The center shall verify additional immunization requirements are current as specified by the department of health and human services unless there is a signed medical exemption filed certifying that the child is in the process

of complying with all immunization requirements. The medical exemption must be on file with the center until it can be replaced with proof that the vaccines for which an exemption was granted have been received or the medical exemption has expired.

(4) A center shall report to the department of health and human services, by October 1 of each year and using the method established by the department of health and human services, immunizations for all children enrolled, pursuant to section 9211(2) of the public health code, 1978 PA 368, MCL 333.9211.

(5) A record of a physical evaluation performed within the preceding 13 months after initial attendance for infants, toddlers, and preschoolers must be retained on file and made accessible in the center within 30 days after a child's initial attendance. The evaluation must note any restrictions and be signed by a physician or the physician's designee. An electronic record from a physician's office is accepted.

(6) Physical evaluations must be updated every 13 months for infants and toddlers, and every 2 years for preschoolers.

(7) For a school-age child, on enrollment and annually thereafter, a center shall obtain and keep on file at the center a signed statement from the parent confirming all of the following:

(a) The child is in good health with activity restrictions noted.

(b) The child's immunizations are up to date.

(c) The immunization record or appropriate waiver is maintained on file either in the Michigan care improvement registry or in paper format provided by the parent at the center. For a school-age child not enrolled in a public or private school, a licensed health care provider's statement indicating the child is in the process of getting immunizations must be on file at the center.

(8) A center shall ensure that, if a parent objects to a physical examination or medical treatment on religious grounds, the parent provides a signed statement annually that the child is in good health and that the parent assumes responsibility for the child's state of health while at the center.

(9) A center that enrolls a homeless child pursuant to section 722 of the McKinney-Vento homeless assistance act, 42 USC 11432, shall not be cited for noncompliance when a homeless child is unable to produce health and immunization records. The licensee shall keep on file at the center any documentation of referring a child to the local educational agency liaison for homeless children and youths.

(10) A center shall keep on file at the center an accurate record of daily attendance at the center that includes each child's first and last name and each child's arrival and departure time.

(11) A child shall only be released to individuals authorized by the child's parent or guardian.

(12) A child shall be released to either parent or the child's guardian unless a court order prohibits release to a particular parent. A copy of the order prohibiting release must be maintained on file at the center.

(13) A parent's written permission for routine transportation must be obtained annually and maintained on file at the center.

(14) A parent's written permission for the child's participation in field trips must be obtained at the time of enrollment or before each field trip and maintained on file at the center.

(15) Parents shall be notified before each field trip.

(16) For outdoor nature-based child care centers, a signed waiver by the parent that acknowledges and accepts the potential hazards and risks associated with the center must be maintained on file at the center.

History: 2019 AACCS; 2025 MR 10, Eff. May 7, 2025.

R 400.8112a Center records.

Rule 112a. (1) The center shall maintain accurate records detailing daily arrival and departure times for each staff member, volunteers, therapeutic professionals, and independent service providers.

(2) The center shall designate and keep current, in the manner prescribed by the department, the title designations of teacher, lead teacher, site administrator, program administrator, substitute teacher, unsupervised volunteer, supervised volunteer, or other staff member for each individual working at the center.

(3) The records required by the act and these rules must be retained on file at the center or at the central office, as specified in the rules, for a minimum of 2 calendar years or longer as specified in these rules and made available to the department on request. Verification of records must be conducted by reviewing the 2 previous calendar years from the current license renewal year.

(4) The following records must be retained and be made available to the department:

(a) The name, address, and telephone number for each child enrolled and each staff member and unsupervised volunteer for not less than 2 years after the individual leaves the center.

(b) Staff and unsupervised volunteer documentation of qualifications must be retained for not less than 2 years after the individual leaves the center.

(c) The licensing notebook must be maintained and retained until the license is closed.

(2) A center operating with children in attendance for 3 or more continuous hours per day shall provide daily outdoor play, unless prevented by inclement weather or other weather conditions that could result in children becoming overheated or excessively chilled.

(3) A center operating with children in attendance for 3 or more continuous hours a day shall have an outdoor play area that has not less than 1,200 square feet. More than 1,200 square feet of outdoor play area may be required when the minimum amount is not adequate for the number of children for which the center is licensed.

(4) If outdoor space is not available adjacent to the center, a center may use a park or other outdoor facility. The outdoor space must meet all of the following requirements:

(a) The area must be easily accessible by a safe walking route.

(b) The play area must be inspected before each use to ensure that no hazards are present.

(c) The location of the alternative outdoor play area must be specified in writing to the department.

(5) There must be a shaded area to protect children from excessive sun exposure, when necessary.

(6) The outdoor play area must be in a safe location.

(7) The outdoor play area must be protected from hazards, when necessary, by a fence or natural barrier that is not less than 48 inches in height.

(8) Children shall only use age-appropriate equipment.

(9) An outdoor play area and any equipment located on the center's premises must be maintained in a safe condition and inspected daily before use to ensure that no hazards are present.

(10) The playground equipment, use zones, and surfacing in the outdoor play area must be inspected by a certified playground safety inspector and an approval granted for playground equipment and areas used before issuance of an original license, on request of the department, and before using any newly added playground equipment. The center shall provide documentation of the inspection to the department on request and keep it on file at the center. All equipment present on a center playground must comply with one of the following:

(a) Centers licensed after January 1, 2014 are required to obtain documentation of compliance with the 2010 edition of the Consumer Protection Safety Commission Handbook for Public Playground Safety for all playground equipment, including

equipment for children under age 2. The 2010 edition of the Consumer Protection Safety Commission Handbook for Public Playground Safety from the United States Consumer Product Safety Commission is adopted by reference and applies only to this subdivision of this subrule. This handbook can be obtained for free from the United States Consumer Product Safety Commission's website at <https://www.cpsc.gov/safety-education/safety-guides/playgrounds/public-playground-safety-handbook>, or from the United States Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, Maryland 20814. This handbook can be inspected and obtained at no charge at the Department of Lifelong Education, Advancement, and Potential, Child Care Licensing Bureau, 105 West Allegan Street, Lansing, Michigan 48933.

(b) Centers licensed prior to January 2, 2014 were required to obtain documentation of compliance with the Consumer Product Safety Commission's 1997 edition of the Handbook for Public Playground Safety for equipment for children age 2 and older. The 1997 edition of the Consumer Protection Safety Commission Handbook for Public Playground Safety from the United States Consumer Product Safety Commission is adopted by reference and applies only to this subdivision of this subrule. This handbook can be obtained for free from the United States Consumer Product Safety Commission's website at <https://files.eric.ed.gov/fulltext/ED427507.pdf>, or from the United States Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, Maryland 20814. This handbook can be inspected and obtained at no charge at the Department of Lifelong Education, Advancement, and Potential, Child Care Licensing Bureau, 105 West Allegan Street, Lansing, Michigan 48933.

(11) All pieces of playground equipment that have an elevated playing or climbing surface, regardless of the height of the playing or climbing surface, must be surrounded by a shock absorbing surface and meet the guidelines defined by the United States Consumer Product Safety Commission Handbook for Public Playground Safety. The

shock absorbing surface material may be either unitary or the loose-fill type. An exception to this subrule is provided for natural playgrounds.

(12) Shock-absorbing surfacing materials are not required for equipment that requires a child to be standing or sitting on the ground during play.

(13) Loose-fill surfacing material must not be installed over concrete or asphalt.

(14) The depth of the loose-fill surface material must be restored to its required depth when it has moved or becomes otherwise compromised.

(15) If children's wheeled vehicles and pull toys are used, a suitable surface must be provided for their use.

(16) Materials used on a natural playground must not be in the use zones for other playground equipment.

(17) The elevated playing surface of materials used on a natural playground must not exceed 30 inches.

(18) Materials used on a natural playground with elevated playing surfaces must not be installed over concrete or asphalt.

(19) Surfacing materials are not required under elevated playing surfaces on a natural playground.

(20) A small capacity center is exempt from subrules (3), (10), and (11) of this rule.

(21) Small capacity centers shall abide by all of the following:

(a) Provide a clean, safe, and hazard-free outdoor play area on the premises or within a reasonable walking distance of the center.

- (b) Inspect the outdoor play areas daily before use to ensure that no hazards are present.
- (c) The play area size must be not less than 600 square feet.
- (d) Provide an adequate and varied supply of outdoor play equipment, materials, and furniture that meets all of the following requirements:
 - (i) Appropriate to the developmental needs and interests of children.
 - (ii) Appropriate to the number of children.
 - (iii) Safe and in good repair.
- (e) The outdoor play area and equipment must be organized to meet all of the following requirements:
 - (i) To separate active and quiet activities.
 - (ii) For a clear and unobstructed view of the whole play area.
 - (iii) To ensure that there are safe distances between equipment.
- (f) Playground equipment including, but not limited to, swings, climbers, and slides with a designated play surface above 30 inches must meet all of the following requirements:
 - (i) Not be placed over concrete, asphalt, or a similar surface, such as hard-packed dirt or grass.
 - (ii) Be safe, in good repair, and age appropriate.
 - (iii) Be placed not less than 6 feet from the perimeter of other play structures or obstacles.
- (g) If the playground includes commercial playground equipment, the center needs a playground inspection by a certified playground safety inspector and an approval granted for playground equipment and areas used before issuance of an original license, on request of the department, and before using any newly added playground equipment.

R 400.8222 Capacity, ratio and group size.

Rule 222. (1) The actual number and ages of children in care at any time must never exceed the number and ages of children for which the center is licensed.

(2) Not less than 2 adults, 1 of whom is a child care staff member, shall be present at

(2) Not less than 2 adults, 1 of whom is a child care staff member, shall be present at all times when not less than 3 children between the ages of birth and 3 years of age are present. A second child care staff member is required when needed to comply with subrule (4) of this rule.

(3) Not less than 2 adults, 1 of whom is a child care staff member, shall be present at all times when 7 or more children over 3 years of age are present. A second child care staff member is required when needed to comply with subrule (4) of this rule.

(4) In each room or well-defined space, the maximum group size and ratio of child care staff members to children, including children related to a staff member or the licensee, must be as shown in Table 1:

TABLE 1			
	Age	Child Care Staff Member to Child Ratio	Maximum Group Size
(a)	Infants and toddlers, birth until 30 months of age	1 to 4	12
(b)	Preschoolers, 30 months of age until 3 years of age	1 to 8	24
(c)	Preschoolers, 3 years of age until 4 years of age	1 to 10	30
(d)	Preschoolers, 4 years of age until school-age	1 to 12	40
(e)	School-aged children	1 to 18	54

(5) Children who have reached 33 months of age may, when developmentally appropriate, be enrolled in a 3-year-old classroom with written parental permission. The ratio listed in subrule (4)(c) of this rule applies.

(6) Children who have reached 45 months of age may, when developmentally appropriate, be enrolled in a 4-year-old classroom with written parental permission. The ratio listed in subrule (4)(d) of this rule applies.

(7) Children who have reached 57 months of age but who are not considered a school-aged child may, when developmentally appropriate, be enrolled in a school-age classroom with written parental permission. The ratio listed in subrule (4)(e) of this rule applies.

(8) If there are children of mixed ages in the same room or well-defined space, the ratio and group size is determined by the age of the youngest child, unless each group of children is clearly separated and the appropriate child care staff member-to-child ratios and group sizes, if applicable, for each age group are maintained.

(9) When all children in a room are asleep, 1 child care staff member may provide supervision as long as all of the following are met:

(a) A child care staff member remains in the room and is not performing any duties other than supervision.

(b) All children are visible to the child care staff member in the room.

(c) Additional child care staff members are present at the center and near enough to immediately intervene if needed.

(d) When the first child wakes up, the required ratios in the room must be met immediately.

(10) An exception to the requirements of subrule (4) of this rule may be made when the center is transporting children and complies with R 400.8760(1) and (2).

(11) Two or more groups of the same age may be combined for collective activities as long as appropriate child care staff member-to-child ratios are maintained in the room or area.

(12) Group sizes for all ages may vary during outdoor play only if the center maintains the child care staff member to child ratios required by this rule.

(13) Written approval from the department must be obtained before making any changes in the terms of the license, including, but not limited to, adding use space, changing age groups served, changing program components, changing the capacity of the center, or making changes to a room or well-defined space that will result in a change in capacity of the room or well-defined space.

(14) Small capacity centers are exempt from subrules (2) to (11) of this rule.

(15) Small capacity centers shall abide by all of the following:

(a) The ratio of child care staff member to children present at any one time must be a minimum of 1 to 6.

(b) The ratio of child care staff member to children present at one time may be a minimum of 1:10 if the center meets both of the following:

(i) Operates a preschool great start readiness program.

(ii) Only serves children enrolled in the great start readiness program.

(c) For each child care staff member, not more than 4 children shall be under the age of 30 months.

(d) The maximum group size is 20.

PART 4. GENERAL HEALTH AND SAFETY

R 400.8251 Hand washing.

Rule 251. (1) All program staff and volunteers shall wash their hands at all of the following times:

(a) On arrival for the workday at the center.

(b) Before care of children.

(c) Before and after preparing and serving food and feeding children.

(d) Before and after giving medication.

(e) After each diapering.

(f) After using the toilet or helping a child use the toilet.

(g) After handling bodily fluids from sneezing, wiping, blowing noses, mouths, or sores.

(h) After handling animals and pets and cleaning cages.

(i) After cleaning or handling garbage.

(i) When soiled.

''
(2) Program staff and volunteers shall ensure that children wash their hands at all of the following times:

- (a) Before and after meals, snacks, or food preparation experiences.
- (b) After toileting or diapering.
- (c) After contact with any bodily fluids.
- (d) After handling animals and pets and cleaning cages.
- (e) When soiled.

(3) Guidelines for hand washing must be posted in food preparation areas, in toilet rooms, and by all hand washing sinks.

(4) Program staff may wash children's hands with non-toxic disposable wipes in the following situations:

- (a) When the child is too heavy to hold for hand washing.
- (b) When the child cannot stand safely at the sink.
- (c) When the child is not developmentally ready to hold their head up.
- (d) When the child has a special need, so the child is not able to wash their own hands.

(5) When soap and running water are not available during an outing, hand sanitizers containing not less than 60% alcohol, or single-use wipes may be used as a temporary measure.

History: 2025 MR 10, Eff. May 7, 2025.

R 400.8254 Diapering; toileting.

Rule 254. (1) Except as provided in subrule (2) of this rule, diapering must occur in a designated diapering area that complies with all of the following:

- (a) Is physically separated from food preparation and food service.
- (b) Is within close proximity to a sink that is used exclusively for hand washing.
- (c) Has non-absorbent, smooth, easily cleanable surfaces in good repair.
- (d) Is of sturdy construction with railings or barriers to prevent falls.
- (e) Is an elevated diapering table or similar structure.
- (f) Is cleaned and disinfected after each use.

(2) Children 1 year of age and older may be changed in a bathroom standing up or on a nonabsorbent, easily disinfected surface, with a changing pad between the child and the surface.

(3) Diapering supplies must be within easy reach of the designated diapering area.

(4) A plastic-lined, tightly covered container must be used exclusively for disposable diapers, training pants, and diapering supplies. The container must be emptied, cleaned, and disinfected at the end of each day.

(5) Only single-use disposable wipes or other single-use cleaning cloths must be used to clean a child during the diapering or toileting process.

(6) Diapers and training pants must be checked frequently and changed when wet or soiled.

(7) Guidelines for diapering must be posted in diapering areas.

(8) Disposable gloves, if used for diapering, must only be used once for a specific child and be removed and disposed of in a safe and sanitary manner immediately after each diaper change.

- (9) The following apply when cloth diapers or training pants are used:
- (a) Each cloth diaper must be covered with an outer waterproof covering. Outer coverings must be removed as a singular unit with wet or soiled diapers and with wet or soiled training pants, if used.
 - (b) Diapers, training pants, and outer coverings must not be reused until washed and sanitized.
 - (c) Rinsing the contents must not occur at the center.
 - (d) Soiled diapers must be placed in a plastic-lined, covered container, wet bag, or other waterproof container, and used only for that child's soiled diapers.
 - (e) Soiled diapers or training pants must be stored and handled in a manner that will not contaminate other items and must not be accessible to children.
 - (f) Soiled diapers or training pants must be removed from the center every day by the child's parent.
 - (g) A child's supply of clean diapers or training pants may only be used for that child.
- (10) Toilet learning or training must be planned cooperatively between the child's regular teachers and the child's parent so the toilet routine established is consistent between the center and the child's home.
- (11) Equipment used for toilet learning or training must be provided. All of the following equipment is acceptable for toilet learning or training:
- (a) Adult-sized toilets with safe and easily cleanable modified toilet seats and step aids.
 - (b) Child-sized toilets.
 - (c) Non-flushing toilets or potty chairs, if they are all of the following:
 - (i) Made of a material that is easily cleanable.
 - (ii) Used only in a bathroom area.
 - (iii) Used over a surface that is impervious to moisture.
 - (iv) Cleaned and disinfected after each use.

R 400.8260 Medication; administrative.

Rule 260. (1) Medication, prescription or nonprescription, must be given to a child by program staff only.

(2) Program staff shall give or apply medication, prescription or nonprescription, only with prior written permission from a parent.

(3) All medication must be in its original container, stored according to instructions, and clearly labeled for a named child, including all nonprescription topical medications described in subrule (8) of this rule.

(4) Prescription medication must have the pharmacy label indicating the physician's name, child's first and last name, instructions, name and strength of the medication, and must be given according to those instructions.

(5) Program staff shall keep all medication out of the reach of children and return it to the child's parent or destroy it if the parent determines it is no longer needed or it has expired.

(6) Program staff shall give or apply any prescription or nonprescription medication according to the directions on the original container, unless otherwise authorized by a written order from the child's licensed health care provider.

(7) Program staff shall not add medication to a child's bottle, beverage, or food unless indicated on the prescription label.

(8) Topical nonprescription medication, including, but not limited to, diapering cream, triple antibiotic, sunscreen, and insect repellent, requires written parental authorization annually.

(9) A center shall maintain a record as to the time and the amount of medication given or applied, with the exception of medications described in subrule (8) of this rule, on a form provided by the department or a comparable substitute approved by the department. One form per medication is required. The signature of the program staff administering the medication must be included.

R 400.8263 Child accidents and incidents; child and staff illness.

Rule 263. (1) A center shall develop and implement a written plan for how and when a parent is notified if program staff or volunteers observe any of the following:

Page 39

Courtesy of [Michigan Administrative Rules](#)

(a) Changes in a child's health.

(b) A child experiences an accident, injury, or incident.

(c) A child is too ill to remain in the group.

(2) A center shall ensure that a child who is too ill to remain in the group is placed in a separate area and is cared for and supervised by program staff or an unsupervised volunteer until the parent arrives. The separate area may be an unlicensed space such as the office area, reception area, or hallway but supervision must occur during this time. Food preparation areas may not be used.

(3) Items and facilities used by an ill child or adult must not be used by another individual until cleaned and disinfected.

(4) If a center becomes aware that a staff member, volunteer, or child in care has contracted a communicable disease, the center shall notify parents and provide all of the following information:

(a) The name of the communicable disease the children were exposed to.

(b) The symptoms of the disease.

(c) Prevention measures as recommended by the United States Centers for Disease Control and Prevention at the following website: <https://www.cdc.gov>.

(5) A center shall have a written policy detailing when children, staff, and volunteers will be excluded from the center due to illness.

History: 2025 MR 10, Eff. May 7, 2025.

R 400.8266 Incident, accident, injury, illness, death, fire.

Rule 266. (1) If the death of a child occurs in care, a licensee, licensee designee, or program administrator shall do both of the following:

(a) Immediately report the death, in-person or via phone, directly to the child's parent.

(b) Report the death to the department within 24 hours, via phone.

(2) A licensee, licensee designee, or program administrator shall report to the child's parent on the same day of the incident and to the department within 24 hours, directly or via phone, fax, or email, if a child is lost or left unsupervised.

(3) A licensee, licensee designee, or program administrator shall report to the child's parent and the department, directly or via phone, fax, or email, within 24 hours of the occurrence of any of the following:

(a) An incident involving an allegation of inappropriate contact.

(b) A fire on the premises of the center that requires the use of fire suppression equipment or results in loss of life or property.

(c) The center is evacuated for any reason.

(4) A licensee, licensee designee, or program administrator shall report to the department, via phone, fax, or email, within 24 hours of notification by a parent that a child received medical treatment or was hospitalized for an injury, accident, or medical condition that occurred while the child was in care.

(5) A licensee, licensee designee, or program administrator shall submit a written report to the department of the occurrences outlined in subrules (1) to (4) of this rule, in a format provided by the department, within 72 hours of the verbal report to the department.

R 400.8269 Emergency preparedness and response planning procedures.

Rule 269. (1) Written plans and procedures for emergency preparedness and response planning for the care of children and staff in each of the following emergencies must be developed and implemented:

(a) Fires.

(b) Tornadoes.

(c) Floods.

- (d) Power outages.
- (e) Extreme weather events.
- (f) Other natural or man-made disasters.
- (g) Serious injuries or accidents.
- (h) Bomb threats and other man-made emergencies.
- (i) Intruders or active shooters.
- (2) The written procedures must include all the following as applicable to the type of emergency:
 - (a) A plan for evacuation.
 - (b) A plan for safely moving children to a relocation site.
 - (c) A plan for shelter-in-place.
 - (d) A plan for lockdown.
 - (e) A plan for contacting parents and reuniting families.
 - (f) A plan for continuity of operations.
 - (g) A plan for how each child with special needs will be accommodated during an emergency.
 - (h) A plan for how infants and toddlers will be accommodated during an emergency.
 - (i) A plan for how children with chronic medical conditions will be accommodated during an emergency.
- (3) A hard copy of the plans must be posted as indicated below:
 - (a) The plans required by subrules (1)(a) to (d) of this rule must be posted in a place visible to staff, volunteers, and parents.
 - (b) The plans required by subrules (1)(e) to (h) of this rule must be maintained in a place known and easily accessible to staff, volunteers, and parents.
 - (c) The plan required by subrule (1)(i) of this rule must be maintained in a place known and easily accessible to staff and volunteers.
- (4) Training on the written procedures in subrule (1) of this rule must occur in the timeframe indicated in R 400.8216(3) and (4).

- (5) All staff present at the center and volunteers shall be trained on and participate in the drills held during their presence at the center.
- (6) A fire drill program, consisting of not less than 1 fire drill every 3 months, must be established and implemented.
- (7) A tornado drill program, consisting of not less than 2 tornado drills between the months of March to November, must be established and implemented.
- (8) Drills for other emergency plans not listed in subrules (6) and (7) of this rule must be conducted annually.
- (9) A written log indicating the date and time of each drill must be maintained on file at the center.
- (10) Staff shall be trained not less than twice a year on their duties and responsibilities for all emergency procedures referenced in subrule (1) of this rule.
- (11) If cribs are used in emergency evacuations, all doors within the means of egress must be wide enough to readily accommodate the crib evacuation.
- (12) If the fire alarm is not monitored, 9-1-1 must be contacted immediately on notice.
- (13) Centers established and operated by an intermediate school district or local school district, and located in a school building, may use the school's emergency preparedness plan or drills, or both, if they meet all of the requirements in this rule.

R 400.8269a Food.

Rule 269a. (1) A written plan for the prevention of and response to emergencies due to food and allergic reactions must be developed and implemented to include a child care plan, prevention measures, and emergency procedures.

(2) The child's care plan must include all of the following, at a minimum:

(a) The child's name with a list of their food allergies.

(b) The names, doses, and methods of medication administration the child should receive if there is a reaction.

(c) Training on the recognition of the child's allergic reaction.

(3) The child's care plan must be carried on field trips.

(4) The prevention measures must include all of the following, at a minimum:

(a) Notify parents and guardians of all known food allergens to avoid bringing in foods to the classroom or center.

(b) Post the child's name and known food allergy prominently in the classroom or other area, on parent approval.

(c) Train program staff and unsupervised volunteers on the symptoms of anaphylaxis.

(d) Prevent food sharing between children.

(5) The emergency procedures must include all of the following, at a minimum:

Page 42

Courtesy of [Michigan Administrative Rules](#)

(a) Promptly and properly administer medications in an event of an allergic reaction according to the instructions in the child's care plan.

(b) Contact emergency medical services immediately if any child has a serious allergic reaction, a new suspected serious allergic reaction occurs with any child, or whenever epinephrine is administered, even if the child appears to have recovered from the allergic reaction.

(c) Notify parents or guardians immediately of any suspected allergic reactions, the ingestion of the problem food, or contact with the problem food, even if a reaction did not occur.

PART 5. PROGRAM AND CARE

R 400.8271 Child development.

Rule 271. (1) As used in this rule:

- (a) “Confining equipment” means equipment used to assist in caring for infants, including, but not limited to, swings, stationary activity centers, infant seats, and molded seats.
- (b) “Media” means use of electronic devices with a screen, including, but not limited to, the following:
 - (i) Televisions.
 - (ii) Computers.
 - (iii) Tablets.
 - (iv) Multi-touch screens.
 - (v) Interactive white boards.
 - (vi) Mobile devices.
 - (vii) Cameras.

- (viii) Movie players.
- (ix) E-book readers.
- (x) Electronic game consoles.
- (c) “Interactive media” means media designed to facilitate active and creative use by children and to encourage social engagement with other children and adults.
- (d) “Non-interactive media” means media that is used passively by children.
- (2) A center shall implement a child development program plan that includes daily learning experiences appropriate to the developmental level of the children. Experiences must be designed to develop all of the following, which are described in Michigan’s early childhood standards of quality:
 - (a) Physical development.
 - (b) Social development.
 - (c) Emotional development.
 - (d) Cognitive development.
 - (e) Approaches to play and learning.
- (3) The program must be planned to provide a flexible balance of all of the following experiences:
 - (a) Quiet and active.
 - (b) Individual and group.
 - (c) Large and small muscle.
 - (d) Child initiated and staff initiated.
- (4) Developmentally appropriate experiences must be designed so that throughout the day each child has opportunities to do all of the following:
 - (a) Practice social interaction skills.

- (b) Use materials and take part in activities that encourage creativity.
- (c) Learn new ideas and skills.
- (d) Participate in imaginative play.
- (e) Participate in developmentally appropriate language and literacy experiences.
- (f) Participate in early math and science experiences.
- (g) Be physically active.
- (5) A school-age child care center shall supplement the areas of development not regularly provided for during the school day.
- (6) A typical daily routine must be made available to parents.
- (7) If awake, use of confining equipment for infants must be minimized, not to exceed 30 minutes at a time.
- (8) Tummy time is required daily for all infants under 12 months of age, and must meet all of the following requirements:
 - (a) Infants shall be directly supervised at all times while engaged in tummy time.
 - (b) Infants shall be healthy, awake, and alert during tummy time. If an infant falls asleep, the infant shall be immediately moved to a safe sleeping space.
 - (c) During tummy time, infants shall not be placed on or near soft surfaces, including, but not limited to, cushions, pillows, or padded mats.
 - (d) A parent may request in writing an exemption for their infant from tummy time. The request must be maintained in the child’s file.
- (9) Use of media is prohibited for children under 2 years of age.
- (10) If media are used with children 2 years of age and older, all of the following apply:
 - (a) Activities must be developmentally appropriate.
 - (b) Interactive media must be used to support learning and to expand children’s

access to content and be suitable to the age of the child in terms of content and length of use per session.

(c) Media with violent or adult content are prohibited while children are in care.

(d) Use of non-interactive media must not exceed 2 hours per week per child.

(e) If media are available for children's use, other activities must also be available to children.

(11) An exception to the requirements of subrule (10)(d) of this rule may be made under the following conditions:

(a) School-age children using computers and other electronic devices for academic and educational purposes.

(b) Children using assistive and adaptive technology.

(12) For children with special needs, care must be provided according to the child's needs as identified by parents, medical personnel, or other relevant professionals.

(13) Parents may visit the center during hours of operation for the purpose of observing their children.

(14) Outdoor nature-based child care centers shall utilize developmentally appropriate techniques to teach children about boundaries and self-regulation for outdoor play.

R 400.8274 Primary care for infants and toddlers.

Rule 274. (1) As used in this rule, "primary teacher" means the child care staff member to whom the care of a specific infant or toddler is assigned. The primary teacher is responsible for direct care, verbal and physical interactions, primary responses to the child's physical and emotional needs, and continued interaction with the child's parents regarding the child's experiences.

(2) The center shall implement a primary care system so that each infant and toddler has a primary teacher.

(3) Each infant and toddler shall have not more than 4 primary teachers in a week. These 4 primary teachers shall remain with the children for the program year to promote continuity of care for the children. For centers operating less than 24 hours a day, an exception may occur during the first hour after the center opens and the hour before closing. This rule does not preclude a primary teacher from being relieved by another teacher or child care staff member while taking a lunch period or short break. This rule does not preclude a center from advancing a child to another classroom with new primary teachers if developmentally appropriate.

(4) Primary teachers' schedules for each infant or toddler must be documented and provided to parents.

(5) Information regarding a child's food, health, and temperament must be shared daily between primary teachers if more than 1 primary teacher is assigned to any infant or toddler.

(6) An exception to this rule may be made if the center is transporting children and

is in compliance with R 400.8760(1) and (2).

R 400.8277 Nighttime care.

Rule 277. (1) If a child is in nighttime care, a separate area, away from sleeping children, where the child can engage in quiet activities must be available.

(2) A child shall be allowed to go back to sleep if dropped off during any nighttime care hours.

(3) If a child is in nighttime care for more than 1 hour, a crib, portable crib, mat, or cot appropriate to the age of the child must be available.

History: 2025 MR 10, Eff. May 7, 2025.

R 400.8280 Discipline.

Rule 280. (1) Positive methods of discipline that encourage self-control, self-direction, self-esteem, and cooperation must be used.

(2) All of the following means of punishment are prohibited:

(a) Hitting, spanking, shaking, biting, pinching, or inflicting other forms of corporal punishment.

(b) Placing any substances in a child's mouth, including, but not limited to, soap, hot sauce, or vinegar.

(c) Restricting a child's movement by binding or tying the child.

(d) Inflicting mental or emotional punishment, such as humiliating, shaming, or threatening a child.

(e) Depriving a child of meals, snacks, rest, or necessary toilet use.

(f) Excluding a child from outdoor play or other gross motor activities.

(g) Excluding a child from daily learning experiences.

(h) Isolating a child in an adjacent room, closet, locked room, box, hallway, darkened area, play area, or another area where the child cannot be seen or supervised.

(3) Time out must only be used in combination with instructional approaches that teach children what to do in place of the behavior problem.

(a) Time out must not be used for children under 3 years of age.

(b) The program staff or volunteer shall remain calm when placing the child in time out.

(4) A non-severe and developmentally appropriate restraint for an enrolled child with special behavioral or mental health issues may be used if reasonably necessary, based on a child's development, to prevent a child from harming themselves or to prevent a child from harming other individuals or property, excluding those forms of punishment prohibited by subrule (2) of this rule. The plan for when the restraint should be initiated; the actual use of the restraint, such as holding the child as gently as possible, and timed use of the restraint must be developed in collaboration with the parent or guardian with

the parent or guardian giving final approval of the plan.

(5) A written discipline policy must be developed and implemented regarding the age appropriate, non-severe discipline of children. The policy must be provided to program staff, volunteers, and parents.

R 400.8335 Food services and nutrition; provided by center.

Rule 335. (1) Food and beverages provided by a center must be of sufficient quantity and nutritional quality to provide for the dietary needs of each child according to the minimum meal requirements of the child and adult care food program (CACFP), as administered by the department of education.

(2) The following standards are incorporated by reference in these rules: "Child and Adult Care Food Program," 7 CFR part 226. Copies of these regulations may be obtained from the Department of Lifelong Education, Advancement, and Potential, Child Care Licensing Bureau, 105 West Allegan Street, Lansing, Michigan 48933 and from the United States Department of Agriculture (USDA), Food and Nutrition Service, CACFP at 1400 Independence Avenue, S.W., Washington DC 20250. Regulations and guidance are available at the USDA's website at <https://www.fns.usda.gov/cacfp/program-operator>.

(3) Infants shall only be served formula to drink unless written authorization is provided by the child's licensed health care provider.

(4) Children 12 months of age until 2 years of age shall be served whole homogenized Vitamin D-fortified cow's milk, except as provided in R 400.8330(4).

(5) Formula must be commercially prepared and ready-to-feed.

(6) All fluid milk and fluid milk products must be pasteurized and meet the grade "A" quality standards.

(7) Milk must be served from 1 of the following:

(a) A commercially filled container stored in a mechanically refrigerated bulk milk dispenser.

(b) A commercially filled container not to exceed 1 gallon.

(c) A sanitized container only if poured directly from the original container.

(8) All of the following apply to milk:

(a) Containers must be labeled with the date opened.

(b) Milk must be served within 7 days after opening.

(c) Milk must not be served if the contents appear unsanitary or have been unrefrigerated for a period exceeding 1 hour

(d) Milk must not be combined with the contents of other partially filled containers.

(9) Contents remaining in single-service containers of milk must be discarded at the end of the snack or mealtime.

(10) All containers of ready-to-feed formula, once opened, must be labeled with the date and time of opening, refrigerated, and used within 48 hours or be discarded.

(11) Prepared bottles and beverage containers of milk and formula must be refrigerated and labeled with the child's first and last name, date, and time of preparation.

(12) Contents of unused bottles of formula must be discarded, along with any bottle liners, after 48 hours.

(13) All liners, nipples, formula, milk, and other materials used in bottle preparation must be prepared, handled, and stored in a sanitary manner.

(14) Reusable nipples and bottles must be cleaned and sanitized before reuse.

(15) Bottle liners and disposable nipples must be for single use only, by an individual child, and discarded with any remaining formula or milk after use.

(16) Commercially packaged baby food must be served from a dish, not directly from a factory-sealed container, unless the entire container is served to only 1 child and is discarded at the end of the feeding period.

(17) Uneaten food that remains on a dish from which a child was fed must be discarded.

(18) Food that was served and handled by the consumer of the food may not be served again, unless it is in the original, unopened wrapper.

(19) Home canned products are prohibited.

(20) Food containing contaminants, such as lead, recalled through the Food and Drug Administration or the department of agriculture and rural development, must be properly disposed of and not served again.

(12) A school-age program director who was qualified on the director's date of hire remains qualified as a program administrator as of the effective date of this rule as long as they remain continuously employed as a program administrator at the center or at another licensed center without a break in service of more than 180 days. Any variances approved as of the effective date of this rule remain effective and timeframes required in the variance must be met. Any variance requirements not completed by 4 years after the effective date of this rule are voided.

(13) A substitute director who was qualified on the substitute's director's date of hire remains qualified as a substitute program administrator as of the effective date of this rule as long as they remain continuously employed as a substitute program administrator at the center or at another licensed center without a break in service of more than 180 days. Any variances approved as of the effective date of this rule remain effective and timeframes required in the variance must be met. Any variance requirements not completed by 4 years after the effective date of this rule are voided.

(14) Verification of the qualifications of the program administrator and substitute program administrator must be maintained on file at the center or at the central office until 2 years after effective date of this rule, after which qualifications must be reflected as verified in MiRegistry.

R 400.8419 School-age child care center site administrator; qualifications; responsibilities.

Rule 419. (1) A site administrator shall be present at the center during all hours of operation when the program administrator overseeing multiple sites is not on the premises.

(2) Site administrators are responsible for the daily operation and implementation of the site program, supervision of the site staff, and overall care and supervision of children.

(3) Site administrators shall assist the program administrator in all of the following:

(a) Developing, implementing, and evaluating program and center policies.

(b) Administering day-to-day operations, including being available to address parent, child, and staff issues.

(c) Monitoring and overseeing staff.

(4) Site administrators shall meet both of the following qualifications:

(a) Be not less than 18 years of age.

(b) Have a high school diploma or GED.

(5) Site administrators shall meet 1 of the following to be qualified:

(a) All of the following:

(i) A minimum of 6 months of experience.

(ii) 6 semester hours, 9 CEUs, or a combination to equal 90 clock hours of coursework in child care administration, early childhood education, child development, youth development, or a child-related field. Up to 30 hours of training from MiRegistry may be used to meet these requirements.

(iii) Work for a center that participates in great start to quality.

- (b) All of the following:
 - (i) A minimum of 3 months of experience.
 - (ii) A valid child development associate credential, Montessori credential, Michigan youth development or credential, or associate degree in a child-related field.
 - (iii) Work for a center that participates in great start to quality.
- (c) Both of the following:
 - (i) An associate degree or higher in any field of study.
 - (ii) 15 clock hours of school-age training.
- (6) A site supervisor who was qualified on the site supervisor's date of hire remains qualified as a site administrator as of the effective date of this rule as long as they remain continuously employed as a site supervisor at the center or at another licensed center without a break in service of more than 180 days.
- (7) Verification of the qualifications must be maintained on file at the center or at the central office until 2 years after the effective date of this rule, after which qualifications must be reflected as verified in MiRegistry.

R 400.8505 Definitions.

Rule 505. As used in this part:

(a) “Basement” means a story of a building or structure having ½ or more of its clear height below average grade for not less than 50% of the perimeter.

(b) “Child care room” means a space or area bounded by any obstruction to egress of any height that, at any time, encloses more than 80% of perimeter of the space or area and is occupied by children.

(c) “Closet” means a room with dimensions of not greater than 24 square feet, not deeper than 3 feet, and is not used to store hazardous equipment or flammable products.

(d) “Combustible” means materials that ignite and burn when subjected to a fire or excessive heat.

(e) “Conversion” means to alter the use of an existing building or room to a center

- (e) "Conversion" means to alter the use of an existing building or room to a center.
- (f) "Existing building" means a structure or part of a structure not currently used as a center.
- (g) "Existing licensed center" means a center that was licensed on or before December 7, 2006 and whose license continues uninterrupted.
- (h) "Exit" means a way of departure from the interior of a building or structure to the open air outside at ground level.
- (i) "Fire alarm" means a device used to alert the occupants of the building of fire or smoke conditions. The device must be audible in all parts of the building used as a center.
- (j) "Fire alarm system" means an approved electrical closed circuit, self-supervised local system for sounding an alarm. The system is comprised of a central panel, manual pull stations near all outside exits, audible electric signal devices, and, where warranted, a remote trouble annunciator. All system components must be listed by a nationally recognized testing laboratory and installed in accordance with NFPA-72.
- (k) "Fire door assembly" means a side-hinged, labeled fire door and labeled frame constructed and installed in compliance with NFPA-80.
- (l) "Fire-resistance rating" means the time for an element in a building to maintain its particular fire resistance properties in accordance with NFPA-251.
- (m) "Fire-resistive construction" means a building having walls, ceilings, floors, partitions, and roof of non-combustible materials having a minimum fire-resistance rating of 1 hour. This subdivision does not prohibit finished wood floors, doors, and windows with assorted frames and trim.
- (n) "Flammable" means materials capable of being readily ignitable from common sources of heat or at a temperature of 600 degrees Fahrenheit, 316 degrees Celsius, or less.
- (o) "Fuel-fired appliance" means a device that burns solid, liquid, or gaseous fuel or a combination thereof.
- (p) "Hazard area" means those parts of a center building housing a commercial kitchen, heating plant, fuel-fired water heater, incinerator, or an area posing a higher degree of hazard than the general occupancy of the building.
- (q) "Heating plant room" means a room or area housing fuel-fired equipment.
- (r) "Interior finish" means the exposed interior surface materials of walls, fixed or movable partitions, and ceilings. This includes drywall, masonry, or wood substructure and surfacing materials such as paneling, tile, or other interior finish material and any surfacing materials, such as paint or wallpaper, applied thereto. Interior finish includes materials affixed to the building structure as distinguished from decorations or furnishings.
- (s) "Means of egress" means a minimum of 36 inch wide continuous and unobstructed path of exit travel from any point in a building to the outside at grade.
- (t) "New construction" means a created structure, addition, replacement, or alteration of structural components, such as walls.
- (u) "Noncombustible" means materials that do not ignite and burn when subjected to fire.

- (v) "Protected ordinary construction" means all of the following types of construction:
- (i) Roofs and floors and their supports having a minimum of 1-hour fire-resistance rating.
- (ii) Exterior bearing walls or bearing portions of exterior walls are of

(v) Exterior bearing walls or bearing portions of exterior walls are of noncombustible or limited combustible materials and have a minimum of 1-hour fire-resistance rating and stability under fire conditions.

(iii) Nonbearing exterior walls are of noncombustible or limited combustible materials.

(iv) Roofs, floors, and interior framing are wholly or partly made of wood of smaller dimension than required for heavy timber construction.

(w) "Standard partition construction" means a substantial smoke-tight assembly consisting of walls, in conjunction with ceilings at which they terminate, that are covered on both sides with minimum standard lath and plaster or ½-inch drywall over 2 by 4 foot studs. Doorways in these walls are protected with minimum 1¾-inch flush solid core wood doors or 20-minute labeled fire-rated doors and equipped with approved self-closing devices and positive latching hardware. One or more glass panes are allowed in these walls and doors if each individual glass panel is fixed pane and not larger than 1,296 square inches of ¼-inch wired glass with no linear dimension longer than 54 inches, or fire-rated safety glass of any size, listed with a minimum fire rating of 45 minutes and installed as listed. In some cases, drywall or plaster is also necessary to protect the underside of stairs.

(x) "Textile material" means having a napped, tufted, looped, woven, non-woven, or similar surface.

(y) "Wired glass" means glass not less than ¼-inch thick, reinforced with wire mesh, number 24 gauge or heavier, with spacing not greater than 1 square inch.

(z) "Wood frame construction" means that type of construction in which exterior walls, bearing walls and partitions, and floor and roof constructions and their supports are made of wood or other combustible material.

History: 2013 AACCS; 2019 AACCS; 2025 MR 10, Eff. May 7, 2025.

R 400.8510 Plans and specifications; submission; approval; inspections.

Rule 510. (1) A complete set of plans and specifications of any proposed center or proposed addition, alteration, or remodeling to an existing center must be submitted to the department for review and approval. If the total cost of the project is \$25,000.00 or more, including labor and materials, the plans must bear the seal of a registered architect or engineer.

(2) Written approval must be obtained from the department before initiating any construction.

(3) A fire safety inspection must be conducted by the bureau of fire services or a department-approved qualified fire inspector, and an approval granted, before issuance of the original license and every 4 years thereafter, at the time of renewal.

(4) If a boiler is located in the building or child use area where children are located, it must be inspected, and a certificate provided, as required by the boiler division of the department of licensing and regulatory affairs.

(5) Fuel-fired furnaces must be inspected by a licensed mechanical contractor before issuance of an original license and every 2 years at renewal.

(6) Fuel-fired water heaters must be inspected by a licensed mechanical contractor or a licensed plumbing contractor before issuance of an original license and every 2 years at renewal.

(7) New furnace and water heater installations must be inspected and approved by the local mechanical inspecting authority at the time of installation.

R 400.8515 Construction.

Rule 515. (1) If child occupancy is limited to the first or main floor, the building may be of wood frame construction.

(2) If child occupancy is on the second floor, all of the following are required:

(a) The building must be of protected ordinary construction.

(b) All required stairways and vertical openings must be enclosed by walls, in conjunction with openings therein, and ceilings at which they terminate that meet the requirements of standard partition construction to provide a protected means of egress to the outside with proper termination to grade.

(c) All door openings contained in subdivision (b) of this subrule must meet all of the following requirements:

(i) Be protected with 1¾-inch flush solid core wood doors or 20-minute labeled fire-rated doors.

(ii) Be installed in fully stopped smoke-tight, substantial frames.

(iii) Be equipped with approved self-closing devices and non-locking-against-egress positive latching hardware.

(3) If child occupancy is above the second floor, then both of the following are required:

(a) The building must be of 1-hour fire-resistive construction.

(b) All required stairways and other vertical openings must be enclosed by a minimum 1-hour fire-resistive construction to provide a protected means of egress to the outside with proper termination to grade.

(4) If any portion of a basement is used for more than 30 children, then 1 of the following provisions is required:

(a) Two enclosed stairways of 1-hour fire-resistant construction must discharge directly to the outside with proper termination to grade, and all openings in the stairways must be protected by a minimum of 45-minute rated fire door assemblies. "B" labeled fire doors are acceptable.

(b) One approved exit from the occupied room or use area must discharge directly to the outside with proper termination to grade. Travel distance from any point in this room or area to this exit must be less than 50 feet.

(c) Two exits comprised of any combination of subdivisions (a) and (b) of this subrule.

(5) If basement occupancy is limited to not more than 30 children, then all of the following apply:

(a) One of the exits required by subrule (4) of this rule must discharge directly to the outside with proper termination to grade, or through a 1-hour fire-resistive enclosure.

(b) The second exit may terminate at the first-floor level with an approved floor separation meeting the requirements of standard partition construction between the basement and the first floor.

(c) For new construction and conversions, the separation must be located at the first floor with travel distance from the door to an approved exit not to exceed 100 feet.

(6) All vertical openings and stairways that are not required must be constructed and arranged with effective fire and smoke separation under the requirements of standard

partition construction. All door openings must be as follows:

- (a) Protected with 1¾-inch flush solid core wood doors or 20-minute labeled fire-rated doors.
- (b) Installed in fully stopped smoke-tight substantial frames.
- (c) Equipped with approved self-closing devices and non-locking-against-egress positive latching hardware.

History: 2013 AACSB; 2019 AACSB; 2025 MR 10, Eff. May 7, 2025.

R 400.8520 Interior finishes.

Rule 520. (1) The classifications of interior finishes for flame spread and smoke development, as displayed in table 5, must be used as follows:

TABLE 5		
FLAME SPREAD AND SMOKE DEVELOPMENT FOR INTERIOR FINISHES		
Class	Flame Spread	Smoke Developed
A or I	0-25	0-450
B or II	26-75	0-450
C or III	76-200	0-450

(2) Basic materials in a means of egress and basement use occupancies must be class A or I or B or II.

(3) Basic materials in all other areas must be class C or III.

(4) Interior finish material more hazardous than class C or III is prohibited in child use areas.

(5) If an approved automatic sprinkler system is installed and maintained in accordance with NFPA-13 and NFPA-25, class C or III interior wall and ceiling finish materials are allowed in any location where class B or II is required and class B or II interior wall and ceiling finish materials are allowed in any location where class A or I is required.

(6) In an existing licensed center or conversion, existing interior finishes that do not comply with the classifications in subrule (1) of this rule may have their surfaces protected with an approved fire-retardant coating to meet the classifications for interior finishes. The coatings must be applied to interior finishes that are attached to or furred out not more than 1 inch from a noncombustible backing and applied according to

manufacturer's recommendations. Documentation must be provided as required by the department.

(7) Interior finish materials of classes B or II and C or III that are less than 1/4 inch in thickness must be applied directly against a noncombustible backing or be furred out not more than 1 inch unless the tests under which such material has been classed were made without a backer.

(8) Centers licensed before December 7, 2006 may retain previously approved fire retardant coated interior finishes.

(9) Textile materials having a class A or I rating and used as an interior finish are allowed as follows:

- (a) On walls or ceilings of rooms or areas protected by an automatic sprinkler

system approved by the department.

(b) On room partitions that are less than $\frac{3}{4}$ of the floor-to-ceiling height not to exceed 8 feet in height.

(c) To extend up to 4 feet above the finished floor on ceiling-height walls and ceiling-height partitions.

(d) Textile materials are allowed on walls and partitions if tested in accordance with and meeting the standards of NFPA-265. If compliance is achieved by application of a flame-proofing product in accordance with NFPA-701, documentation must be provided as required by the department.

(10) Drapery material may be used for stage curtains, room dividers, and similar uses if the material was tested and approved in accordance with NFPA-701.

(11) Drapery material applied to surfaces of a facility as an interior finish must meet the requirements of subrule (9) of this rule.

(12) All vinyl and wooden wall dividers must meet the interior finish requirements of subrules (1), (2), and (3) of this rule, as applicable.

(13) Bulletin boards must meet the interior finish requirements of subrules (2) and (3) of this rule.

(14) Combustible materials and decorations may be displayed on walls, not to exceed 20% of each wall in each room. Combustible materials and decorations suspended from or near the ceiling are prohibited.

History: 2013 AACCS; 2019 AACCS; 2025 MR 10, Eff. May 7, 2025.

R 400.8525 Exits.

Rule 525. (1) Except as referenced in R 400.8515(5)(b), each occupied floor must have not less than 2 approved exits directly to the outside with proper termination to grade, remote from each other by 50% of the longest dimension of the floor or area served, and occupied rooms within the center must be located between means of egress, unless a first floor, self-contained, occupied room has an approved exit direct to the outside with proper termination to grade with a maximum travel distance of 50 feet from the most remote point in the room to the exit.

(2) Travel distance to an exit must be as follows:

(a) For infants and toddlers, travel must be 50 feet or less from the door of the occupied room to the exit.

(b) For preschoolers and school-aged, travel must be 100 feet or less from the door of the occupied room to the exit.

(c) Buildings with a complete fire suppression system may increase their travel distances by 50 feet if the fire suppression system plan is submitted and approved by the bureau of fire safety.

(d) Those areas approved before July 1, 2000 are exempt from the requirements of this rule.

(3) For all centers initially licensed after December 6, 2006, programs with infants and toddlers must have exits with proper termination and within 30 inches of grade or exits properly ramped to grade.

(4) Exit doors and all doors in the means of egress must be side-hinged and equipped with knob, lever-type, non-locking-against-egress, or panic-type hardware.

(5) Exit doors and doors in rooms occupied by 21 or more children must swing in

the direction of egress.

(6) Means of egress must be maintained in an accessible, free, and unobstructed manner while a center is in operation.

(7) In new construction, additions, remodeling, and conversions, there must be a floor or landing on each side of an exit door. The floor or landing must be at the same elevation on each side of the door, except for variations in elevation due to differences in finish materials, which must not exceed ½ inch.

(8) In conversions, landings must have a width not less than the width of the stairway or the width of the door, whichever is greater. Landings must have a length not less than the width of the door.

(9) In new construction, additions, and remodeling, landings must comply with the latch-side clearance requirements of sections 404.2.3 to 404.2.3.5 of the International Code Council standard A117.1,-2017 Standard for Accessible and Usable Buildings and Facilities, American National Standard, which is adopted by reference and only applies to this subrule. The A117.1,-2017 Standard for Accessible and Usable Buildings and Facilities, American National Standard, can be purchased from the International Code Council for \$36.60 at <https://shop.iccsafe.org/icc-a117-1-2017-standard-for-accessible-and-usable-buildings-and-facilities-1.html>, or from the International Code Council, 200 Massachusetts Ave, NW, Suite 250, Washington DC 20001, or by calling (888) 422 7233. They are also available for inspection and distribution at no charge at the Department of Lifelong Education, Advancement, and Potential, Child Care Licensing Bureau, 105 West Allegan Street, Lansing, Michigan 48933.

(10) For new construction, additions, and remodeling, an exit door must be not less than 36 inches wide. Doors to multiple-use bathrooms must not be less than 32 inches wide.

(11) For the conversion of an existing building, exterior exit doors must be not less than 36 inches wide. Existing interior doors must be not less than 28 inches wide. Single-use toilet room doors must not be less than 24 inches wide. Any remodeled door openings, other than the door swing, must comply with subrule (10) of this rule.

(12) Centers licensed before December 7, 2006 may retain previously approved door widths.

(13) Exterior exits must be marked or denoted by an approved exit sign. All exit signs must be distinctive in color and provide contrast with decorations, interior finish, or

other signs. Each exit sign must have the word “EXIT” in plain, legible letters not less than 6 inches high, on a background of contrasting color, with strokes not less than ¾-inch wide. The word “EXIT” must have letters that are not less than 2 inches wide, except the letter “I”.

(14) Exit signs must be internally or externally illuminated at all times. To ensure continued illumination for a duration of not less than 90 minutes, in case of primary power loss, the sign illumination means must be connected to an emergency power system provided from storage batteries, unit equipment, or an on-site generator.

(15) When nighttime care is provided, the center must have exits with proper termination and within 30 inches of grade or exits properly ramped to grade.

(16) When nighttime care is provided, all exit signs must be illuminated, and emergency lighting provided at the interior and exterior of the exits.

R 400.8530 Hazard Areas.

Rule 530. (1) Hazard areas must be separated from the parts of the building used as a center in the following manner:

(a) In centers licensed before June 4, 1980, areas used for the storage of combustibles and other hazard areas are approved if they are enclosed with a minimum ¾-hour fire resistive construction and doorways to the areas are protected with a minimum 1¾-inch flush solid core wood or 20-minute labeled fire-rated doors equipped with approved self-closing devices and positive latching hardware.

(b) In centers licensed between June 4, 1980 and July 1, 2000, areas used for the storage of combustibles and other hazards are approved if they are enclosed by 1 of the following:

(i) If the area used for the storage of combustibles exceeds 100 square feet, by construction having a minimum 1-hour fire resistance rating, openings in the separation must be protected with a minimum of 45-minute rated fire door assembly, including an approved self-closing device and positive latching hardware. "B" labeled doors are acceptable.

(ii) If the area used for the storage of combustibles does not exceed 100 square feet, by construction having a minimum ¾-hour fire resistance rating, all door openings must be protected by minimum 1¾-inch flush solid core wood doors or 20-minute labeled fire-rated doors hung in substantial frames and equipped with approved self-closing devices and positive latching hardware.

(c) In centers licensed after July 1, 2000, areas used for the storage of combustibles and other hazards are approved if they are enclosed by 1 of the following:

(i) If the area used for the storage of combustibles exceeds 100 square feet, by construction having a minimum 1-hour fire resistance rating, openings in the separation must be protected with a minimum of 45 minute-rated fire door assembly, including an approved self-closing device and positive latching hardware. "B" labeled doors are acceptable.

(ii) If the area used for the storage of combustibles does not exceed 100 square feet, by construction having a minimum 1-hour fire resistance rating. All door openings must be protected by minimum 1¾ inch flush solid core wood doors or 20-minute labeled

fire-rated doors in substantial frames and equipped with approved self-closing devices and positive latching hardware.

(iii) If the area is used for the storage of combustibles, including basements and areas adjacent to the licensed area, a room must be protected according to subrule (1)(c)(i) or (ii) of this rule.

(2) If a kitchen with fuel-fired appliance cooking equipment exposes a required means of egress or child use area, it must be separated from the remainder of the building with minimum 1-hour fire resistive construction, including a minimum of 45-minute rated fire door assemblies in all common openings. Kitchens having fuel-fired appliance cooking equipment protected by an approved automatic kitchen hood suppression system are exempt from this requirement. "B" labeled doors are acceptable.

(3) The use of an incinerator is prohibited.

(4) Heating must be by a central heating plant or an approved permanently installed electrical heating system. If heating is provided by a central heating plant and located on the same floor that is used for child occupancy or adjacent to the licensed area such as the basement or attic, it must be installed in an enclosure providing not less than a 1-hour fire-resistive separation, including a minimum of 45-minute rated fire door assembly

equipped with an approved self-closing device and positive latching hardware in any interior door opening.

(5) In centers licensed before December 7, 2006, a properly installed heating plant located in a basement that is not used for child occupancy does not require additional protection if there is a qualified fire separation and with not less than a 1¾-inch flush solid core wood doors or 20-minute labeled fire-rated doors hung in a substantial frame and equipped with an approved self-closing device and positive latching hardware in all stairway openings.

(6) Any fuel-fired appliance must be located according to subrule (4) or (5) of this rule, as applicable.

(7) If electric heating is used, it must be Underwriters' Laboratories, Inc. (UL) listed, permanent, fixed-type electrical heating such as recognized panel or baseboard fixed-type. Electric heating that complies with this requirement may be installed in any location.

(8) Auxiliary heating units, such as portable combustion or electrical types, are prohibited.

(9) The center shall not store flammable materials, including fuels, pressurized cans, cleaning fluids and supplies, polishes, and matches, in heat plant enclosures. These items may be stored outside of child use areas in metal cabinets or storage facilities accessible only to authorized staff.

(10) The center shall not store combustible materials within the central heating plant or fuel-fired water heater rooms or in basements containing fuel-fired heating equipment, without a proper fire separation.

(11) The center shall not allow flammable gases, gasoline, or gasoline-powered equipment in the part of a building that is used as a center or in other parts of the building from which there is a door, window, or other opening into the center, unless that part of the building is separated from the remainder of the building by minimum 2-hour fire resistive construction.

(12) If a fuel-fired laundry equipment is installed, the equipment must be enclosed to provide a 1-hour resistance to fire, including a minimum of 45-minute rated fire door assembly in an interior door opening that would expose the center. "B" labeled doors are acceptable.

(13) Dryer vents must be metal or Underwriters' Laboratories, Inc (UL) listed flexible transition duct and vented completely to the exterior.

(14) The department does not require fire dampers in ¾-hour and 1-hour fire-resistive enclosures.

(15) All appliances and equipment in the center must be installed and maintained in accordance with their manufacturer's specifications.

(16) Centers shall be maintained free of all conditions that constitute fire safety hazards.

(17) When oxygen is needed for a child in care, all of the following must apply:

(a) The center shall not store more than a day's worth of oxygen on the premises and only when the child is in attendance.

(b) Tanks that are not in use must be secured from tipping over and labeled as full or empty.

(c) Signs stating "Oxygen in Use" must be posted at every entrance of the building.

R 400.8535 Fire alarm.

Rule 535. (1) In centers with 4 child-occupied rooms or less, excluding bathrooms, and 60 or less children, a fire evacuation method, either electrical or manual, must be installed, with a separate and distinct notice sounding throughout the center.

(2) In centers of more than 4 child-occupied rooms, excluding bathrooms, or in centers licensed for more than 60 children, an approved fire alarm system must be installed and maintained in compliance with NFPA-72.

(3) In new construction, conversions, remodeling, or newly licensed centers, the trouble signal for required fire alarm systems must be located in an area normally occupied by child care staff members.

History: 2013 AACCS; 2019 AACCS; 2025 MR 10, Eff. May 7, 2025.

R 400.8540 Smoke alarms; carbon monoxide detectors.

Rule 540. (1) All child care centers shall, at a minimum, be equipped with approved single station smoke alarms covering all use areas and their means of egress. These smoke alarms must be located and spaced according to NFPA-72.

(2) Centers in buildings equipped with a fire alarm system shall have system smoke alarms installed in accordance with subrule (1) of this rule that are connected to and monitored by the fire alarm system.

(3) Centers in buildings with any fuel-fired heating systems shall have a carbon monoxide detector, listed by a nationally recognized testing laboratory, on all levels approved for child care and in each use area covered by a different furnace zone.

PART 9. TRANSPORTATION

R 400.8701. Definitions.

Rule 701. As used in this part:

(a) "Manufacturer's rated seating capacity" means the number of places or spaces

(a) "Manufacturer's rated seating capacity" means the number of places or spaces provided by the manufacturer of a vehicle for the driver and passengers to sit while the vehicle is in motion.

(b) "Motor vehicle" means a self-propelled device in which individuals are or may be transported on a highway, built on an automobile or truck chassis specifically designed by the manufacturer to transport passengers, or specially modified to transport handicapped passengers, and that meets the safety equipment requirements of sections 683 to 711 of the Michigan vehicle code, 1949 PA 300, MCL 257.683 to 257.711.

(c) "Multifunction school activity bus" means that term as described in section 7 of the pupil transportation act, 1990 PA 187, MCL 257.1807.

(d) "Safety belt" means an automobile lap belt or lap-shoulder belt combination designed to restrain and protect a passenger or driver of a vehicle from injury.

(e) "School bus" means that term as defined in section 7 of the pupil transportation act, 1990 PA 187, MCL 257.1807.

(f) "School transportation" means transportation provided by a public, non-public, or private school.

(g) "Transportation" means the conveyance of children by means of a motor vehicle to or from a center and to and from all activities planned for children by or through the center.

(h) "Transportation component" means when a center uses center owned vehicles, vehicles of staff or volunteers, or other private or contracted transportation to transport children for any reason. Transportation component does not include either of the following:

Page 73

(i) Transportation is not a component of the child care program if a child care center uses public transportation or public or private school transportation; however, certain transportation rules still apply.

(ii) Transportation is not a component of the child care program if a child care center contracts with, or is established and operated by an intermediate school district, the board of a local school district, or by the board or governing body of a state-approved nonpublic school. If transportation is not a component of the child care program, the school is responsible for the health and safety of children during transportation. If this paragraph applies, a child care center is not required to complete a comprehensive background check on the transportation staff through the Child Care Background Check System.

(i) "Volunteer motor vehicle" means a motor vehicle not owned by, leased by, or registered to the center or principle or employee of the center.

History: 2013 AACCS; 2019 AACCS; 2025 MR 10, Eff. May 7, 2025.

R 400.8710 Transportation.

Rule 710. (1) If transportation other than public transportation or school transportation is provided, contracted, or sponsored by the center, all rules in this part apply.

(2) If public transportation or school transportation is used, only R 400.8760, 400.8770, and 400.8780 apply.

(3) If a parent makes a private arrangement for the transportation of their child, not including arrangements made with the center, the rules in this part do not apply.

R 400.8720 All motor vehicles.

Rule 720. (1) All motor vehicles must be in safe operating condition.

(2) All motor vehicles, except multifunction school activity buses and school buses inspected by the department of state police as indicated in subrule (3) of this rule, must be inspected annually by a licensed mechanic. A copy of the inspection must be kept on file at the center. Volunteer vehicles are not required to be inspected.

(3) Centers that use multifunction school activity buses and school buses must do all of the following:

(a) Contact the department of state police to determine if an annual inspection by the department of state police is required under section 39 of the pupil transportation act, 1990 PA 187, MCL 257.1839.

(b) If directed by the department of state police, obtain an annual inspection by the department of state police. A copy of the inspection must be kept on file at the center.

(4) A statement verifying that all motor vehicles, including volunteer vehicles, are in compliance with Michigan vehicle code safety equipment requirements, as defined in sections 683 to 711 of the Michigan vehicle code, 1949 PA 300, MCL 257.683 to 257.711, must be kept on file at the center.
