

HOME AND COMMUNITY-BASED SERVICES COMPARISON CHART

Individuals who need Long Term Services and Supports have choices. For individuals who are eligible, Medicaid funded home and community-based service options may include Program for All-Inclusive Care for the Elderly (PACE), MI Choice, MI Health Link, Home Help, and D-SNP. Older Americans Act programs are not Medicaid funded and there is no income eligibility to receive services. This chart compares the features of the programs that offer alternatives to nursing home care. The purpose is to allow individuals to make informed choices about the program that will best meet their needs. Not all programs are currently available in all areas of the state.
