

## Emergency Response Worksheet

Utilize this worksheet to track transported vaccine or vaccines exposed to out-of-range temperature. Document temperature information, and decision on viability when call manufacturers.

<b>Excursion Discovered</b>	<b>Time at Discovery:</b>	<b>Temp at Discovery:</b>
<b>Review Details</b>	<b>Total time out-of-range:</b>	<b>Max or min temp reached:</b>
<b>If transport occurs</b>	<b>Time at start of transport:</b>	<b>Temp at start of transport:</b>
	<b>Time at start of transport:</b>	<b>Time at start of transport:</b>

**Excursion Follow-up:** Utilize this for vaccine transported or exposed to out-of-range temperatures.
