Objectives

After this presentation stakeholders should have a better understanding of:

- The Public Health Emergency (PHE)
- What the Michigan Department of Health and Human Services (MDHHS) is doing to unwind from the PHE
- The changes MDHHS had to make as part of the PHE
- MDHHS's communication plan including resources available
- Next steps

PHE Unwind Overview

The Secretary of the Department of Health and Human Services may, under section 319 of the Public Health Service Act, determine that:

- a) a disease or disorder presents a public health emergency; or
- b) a public health emergency, including significant outbreaks of infectious disease or bioterrorist attacks, otherwise exists.

Emergency Declarations](#)

Background

The Public Health Service Act was used to declare a Public Health Emergency in the entire United States on January 31, 2020. The PHE was renewed on [October 13, 2022](#).

- Allows for State program flexibilities
- Extending or ending the PHE is the federal government's decision
- The PHE can extend for up to 90-days at a time and has been renewed every 90 days for nearly 2 years. The federal government has indicated they will give states 60 days' notice prior to formally ending the PHE.

If the public Health Emergency Ends...	Continuous Coverage Requirement Ends	Then MOE Requirement keep Eligibility Levels and Benefits the same and Enhanced 6.2% FMAP Ends
January 13, 2023	January 31, 2023	March 31, 2023

Appendix K HCBS Waiver emergency program flexibilities are in place until June 2023 (6 months after end of PHE).

Current PHE 60-day notice to Michigan would need to occur by November 14, 2022, unless extended again past January 13, 2023.

Medicaid and Healthy Michigan Plan Enrollment During PHE

Data pulled as of April 2022

Timeline

Target Date	Material
May 2022	Awareness campaign (initial intended audience is beneficiaries).
November 2022	Begin distribution of beneficiary alert PHE unwind letter.
December 2022- November 2023	Eligibility renewal letters begin being mailed to beneficiaries, based on month of renewal.
March 2024	14-month time limit ends for renewal unwind process based on CMS guidance.

*Hypothetical timeline assumes PHE ends in January 2023. Timeline is subject to change as dates are finalized.

Current Tasks and Projects

Numerous Medicaid policies and L letters were issued as part of the MDHHS COVID-19 Response efforts. Policies were issued under multiple authorities, which expire on different dates.

Creating a PHE unwind timeline by prioritizing the expiring PHE-related policies and procedures.

Policies that will change or end a "COVID-19 Response policy":

Will be fully promulgated, which includes a 35-day public comment period and issuance of a final bulletin at least 30 days before the effective date of the policy change.

Beneficiaries will be provided with timely and adequate notice of the ending or reduction of any COVID-19 Response service.

For services that will continue either permanently or temporarily under a new authority: appropriate tribal notices and public notices will be issued according to required timelines.

Eligibility Renewal Processes

Pre-PHE and PHE unwind

To allow eligibility and services to continue uninterrupted, MDHHS paused many day-to-day Medicaid case maintenance processes, and put in operational changes, so that most individuals would not be disenrolled, lose coverage, or change Medicaid programs during the PHE. These processes, including the routine annual review of a member's eligibility, have been on hold for more than one year.

MDHHS is acting now, to help alleviate the resumption of normal operations after the PHE ends.

Pre-PHE

Prior to the PHE the renewal process required a complete renewal at least once every 12 months. Bridges would set the renewal date according to benefit periods. The pre-PHE renewal process generally followed the steps outlined below:

**The renewal process has not been conducted since early in the PHE.

PHE Eligibility Unwind Plan

2022	2023												2024

About your Medicaid healthcare renewal

Dear Beneficiary,

During the federal COVID-19 public health emergency (PHE) we stopped the Medicaid renewal process. Once the federal PHE ends, we will check if you still qualify for free or low-cost Medicaid healthcare coverage. To keep your coverage, you may need to complete a yearly renewal form. If you do, we will mail one to you.

Medicaid - COVID-19 Public Health Emergency (PHE) Ending Resources

[MDHHS](#) > [Medicaid: End of COVID PHE](#)

During the federal COVID-19 Public Health Emergency (PHE), many changes were made to the Medicaid program's eligibility, administration, and policies to ease rules for providers and prevent Medicaid beneficiaries from losing their healthcare coverage. It is anticipated that the US Department of Health and Human Services will soon announce the end of the current federal PHE. Michigan will restart Medicaid eligibility renewals and certain waived policies that were in place during the pandemic when the federal PHE ends.

The Michigan Department of Health and Human Services is preparing for the end of the federal PHE. This website will be continually updated with the latest information as the department restarts processes and releases updated policies.
