Dear LHD Colleagues,

In FY21, CSHCS offered Vaccine Initiative Funding to LHDs to promote COVID-19 and other vaccines to children with special health care needs and their families. This grant funding was received from the Division of Immunizations in response to a Supplemental COVID-19 Funding opportunity offered by the Centers for Disease Control and Prevention (CDC).

Due to the terms of the original CDC grant, funding for this initiative must be spent by June 30, 2024. The amounts allocated to each LHD have been adjusted for the shortened grant term.

Attached is a list of LHDs and their FY24 Vaccine Grant allocations. LHD accounting representatives were notified of these adjusted funding amounts in February of 2023.

Please let me know if you have any questions or concerns.

Thank you!
Terra Depew
