Children's Special Health Care Services is pleased to share that eligibility for the program has been expanded to age 26. The program is in the process of operationalizing this expansion, and we understand our partners and families may have questions. The information provided in the attached document is an effort to help address some of the frequently asked questions.

If you have additional questions regarding the eligibility expansion to age 26, please contact Dawn Adkins at AdkinsD@michigan.gov.

We hope this is helpful. We will provide additional information in the near future.

Thank you!
